Journal of the Senate
FIRST REGULAR SESSION

FIFTY-THIRD DAY--TUESDAY, APRIL 15, 2003

Reverend Carl Gauck offered the following prayer:

"Therefore my beloved, be steadfast, immovable, always excelling in the work of the Lord..." (I Corinthians 15:58)

Almighty God, we do not always understand why so many things in our lives are difficult and so hard to get through, but we trust Your calling us to keep on the path You have lain out and want us to know You will be with us throughout our struggles. Help us, therefore, to be steadfast and seek to excel at what we have to do here and thus be faithful to our calling. In Your Holy Name we pray. Amen.

A quorum being established, the Senate proceeded with its business.

238.210. 1. Within thirty days after the petition is filed, the circuit court clerk shall serve a copy of the petition on the respondents who shall have thirty days after receipt of service to file an answer stating agreement with or opposition to the creation of the district. If any respondent files its answer opposing the creation of the district, it shall recite legal reasons why the petition is defective, why the proposed district is illegal or unconstitutional, or why the proposed method for funding the district is illegal or unconstitutional. In either case, if no objections to the petition are timely filed, the court may make such certifications based upon the pleadings before it without any hearing.

3. Any party having filed an answer or petition may appeal the circuit court's order or declaratory judgment in the same manner provided for other appeals.

238.215. 1. If the circuit court certifies the petition for voter approval, it shall call an election pursuant to section 238.216.

(2) If the petition was filed pursuant to subsection 5 of section 238.207 and the district desires to impose a funding mechanism other than a sales tax, at such election for voter approval of the qualified voters, the question shall be submitted in substantially the form set forth in subsection 2 of this section and the proposed funding mechanism shall require separate voter approval at a subsequent election.

Such transportation development district sales tax may be imposed for any transportation development purpose designated by the transportation development district in its ballot of submission to its qualified voters, except that no resolution enacted pursuant to the authority granted by this section shall be effective unless:

- (a) The board of directors of the transportation development district submits to the qualified voters of the transportation development district a proposal to authorize the board of directors of the transportation development district to impose [a] **or increase the levy of an existing** tax pursuant to the provisions of this section; **or**

If you are in favor of the question, place an "X" in the box opposite "YES". If you are opposed to the question, place an "X" in the box opposite "NO".

If a majority of the votes cast on the proposal by the qualified voters voting thereon are in favor of the proposal, then the resolution and any amendments thereto shall be in effect. If a majority of the votes cast by the qualified voters voting are opposed to the proposal, then the board of directors of the transportation development district shall have no power to impose the sales tax authorized by this section unless and until the board of directors of the transportation development district shall again have submitted another proposal to authorize it to impose the sales tax pursuant to the provisions of this section and such proposal is approved by a majority of the qualified voters voting thereon.

- (3) The sales tax authorized by this section shall become effective on the first day of the month following adoption of the tax by the qualified voters.
- (4) In each transportation development district in which a sales tax has been imposed in the manner provided by this section, every retailer shall add the tax imposed by the transportation development district pursuant to this section to the retailer's sale price, and when so added such tax shall constitute a part of the price, shall be a debt of the purchaser

to the retailer until paid, and shall be recoverable at law in the same manner as the purchase price.

(5) In order to permit sellers required to collect and report the sales tax authorized by this section to collect the amount required to be reported and remitted, but not to change the requirements of reporting or remitting tax or to serve as a levy of the tax, and in order to avoid fractions of pennies, the transportation development district may establish appropriate brackets which shall be used in the district imposing a tax pursuant to this section in lieu of those brackets provided in section 144.285, RSMo.

(6) All revenue received by a transportation development district from the tax authorized by this section which has been designated for a certain transportation development purpose shall be deposited in a special trust fund and shall be used solely for such designated purpose. Upon the expiration of the period of years approved by the qualified voters pursuant to subdivision (2) of this subsection or if the tax authorized by this section is repealed pursuant to subsection 6 of this section, all funds remaining in the special trust fund shall continue to be used solely for such designated transportation development purpose. Any funds in such special trust fund which are not needed for current expenditures may be invested by the board of directors in accordance with applicable laws relating to the investment of other transportation development district funds.

(7) The sales tax may be imposed in increments of one-eighth of one percent, up to a maximum of one percent on the receipts from the sale at retail of all tangible personal property or taxable services at retail within the transportation development district adopting such tax, if such property and services are subject to taxation by the state of Missouri pursuant to the provisions of sections 144.010 to 144.525, RSMo, except such transportation development district sales tax shall not apply to the sale or use of motor vehicles, trailers, boats or outboard motors nor to public utilities. Any transportation development district sales tax imposed pursuant to this section shall be imposed at a rate that shall be uniform throughout the district.

2. The resolution imposing the sales tax pursuant to this section shall impose upon all sellers a tax for the privilege of engaging in the business of selling tangible personal property or rendering taxable services at retail to the extent and in the manner provided in sections 144.010 to 144.525, RSMo, and the rules and regulations of the director of revenue issued pursuant thereto; except that the rate of the tax shall be the rate imposed by the resolution as the sales tax and the tax shall be reported and returned to and collected by the transportation development district.

3. On and after the effective date of any tax imposed pursuant to this section, the transportation development district shall perform all functions incident to the administration, collection, enforcement, and operation of the tax. The tax imposed pursuant to this section shall be collected and reported upon such forms and under such administrative rules and regulations as may be prescribed by the transportation development district.

4. (2) All exemptions granted to agencies of government, organizations, persons and to the sale of certain articles and items of tangible personal property and taxable services pursuant to the provisions of sections 144.010 to 144.525, RSMo, are hereby made applicable to the imposition and collection of the tax imposed by this section.

(3) The same sales tax permit, exemption certificate and retail certificate required by sections 144.010 to 144.525, RSMo, for the administration and collection of the state sales tax shall satisfy the requirements of this section, and no additional permit or exemption certificate or retail certificate shall be required; except that the transportation development district may prescribe a form of exemption certificate for an exemption from the tax imposed by this section.

(4) All discounts allowed the retailer pursuant to the provisions of the state sales tax laws for the collection of and for payment of taxes pursuant to such laws are hereby allowed and made applicable to any taxes collected pursuant to the provisions of this section.

(5) The penalties provided in section 32.057, RSMo, and sections 144.010 to 144.525, RSMo, for violation of those

sections are hereby made applicable to violations of this section.

(6) For the purpose of a sales tax imposed by a resolution pursuant to this section, all retail sales except retail sales of motor vehicles shall be deemed to be consummated at the place of business of the retailer unless the tangible personal property sold is delivered by the retailer or the retailer's agent to an out-of-state destination or to a common carrier for delivery to an out-of-state destination. In the event a retailer has more than one place of business in this state which participates in the sale, the sale shall be deemed to be consummated at the place of business of the retailer where the initial order for the tangible personal property is taken, even though the order must be forwarded elsewhere for acceptance, approval of credit, shipment or billing. A sale by a retailer's employee shall be deemed to be consummated at the place of business from which the employee works.

5. All sales taxes collected by the transportation development district shall be deposited by the transportation development district in a special fund to be expended for the purposes authorized in this section. The transportation development district shall keep accurate records of the amount of money which was collected pursuant to this section, and the records shall be open to the inspection of officers of each transportation development district and the general public.

6. (1) No transportation development district imposing a sales tax pursuant to this section may repeal or amend such sales tax unless such repeal or amendment will not impair the district's ability to repay any liabilities which it has incurred, money which it has borrowed or revenue bonds, notes or other obligations which it has issued or which have been issued by the commission or any local transportation authority to finance any project or projects.

(2) Whenever the board of directors of any transportation development district in which a transportation development sales tax has been imposed in the manner provided by this section receives a petition, signed by ten percent of the qualified voters calling for an election to repeal such transportation development sales tax, the board of directors shall, if such repeal will not impair the district's ability to repay any liabilities which it has incurred, money which it has borrowed or revenue bonds, notes or other obligations which it has issued or which have been issued by the commission or any local transportation authority to finance any project or projects, submit to the qualified voters of such transportation development district a proposal to repeal the transportation development sales tax imposed pursuant to the provisions of this section. If a majority of the votes cast on the proposal by the qualified voters voting thereon are in favor of the proposal to repeal the transportation development sales tax, then the resolution imposing the transportation development sales tax, along with any amendments thereto, is repealed. If a majority of the votes cast by the qualified voters voting thereon are opposed to the proposal to repeal the transportation development sales tax, then the ordinance or resolution imposing the transportation development sales tax, along with any amendments thereto, shall remain in effect.

238.236. 1. This section shall not apply to any tax levied pursuant to section 238.235, and no tax shall be imposed pursuant to the provisions of this section if a tax has been imposed by a transportation development district pursuant to section 238.235.

2. In lieu of the taxes allowed pursuant to section 238.235, any transportation development district which consists of all of one or more entire counties, all of one or more entire cities, or all of one or more entire counties and one or more entire cities which are totally outside the boundaries of those counties may by resolution impose a transportation development district sales tax on all retail sales made in such transportation development district which are subject to taxation pursuant to the provisions of sections 144.010 to 144.525, RSMo, for any transportation development purpose designated by the transportation development district in its ballot of submission to its qualified voters. No resolution enacted pursuant to the authority granted by this section shall be effective unless:

(2) **The voters approved the question certified by the petition filed pursuant to subsection 5 of section 238.207.**

3. If the transportation development district submits to the qualified voters of the transportation development district a proposal to authorize the board of directors of the transportation development district to impose or increase the levy of an existing tax pursuant to the provisions of subdivision (1) of subsection 2 of this section, the ballot of submission shall contain, but need not be limited to, the following language:

Shall the transportation development district of(transportation development district's name) impose a transportation development district-wide sales tax at the rate of (insert amount) for a period of (insert number) years from the date on which such tax is first imposed for the purpose of (insert transportation development purpose)?

YES NO

If you are in favor of the question, place an "X" in the box opposite "YES". If you are opposed to the question, place an "X" in the box opposite "NO".

If a majority of the votes cast on the proposal by the qualified voters voting thereon are in favor of the proposal, then the resolution and any amendments thereto shall be in effect. If a majority of the votes cast by the qualified voters voting are opposed to the proposal, then the board of directors of the transportation development district shall have no power to impose the sales tax authorized by this section unless and until the board of directors of the transportation development district shall again have submitted another proposal to authorize it to impose the sales tax pursuant to the provisions of this section and such proposal is approved by a majority of the qualified voters voting thereon.

4. Within ten days after the adoption of any resolution in favor of the adoption of a transportation development district sales tax **which has been approved** by the qualified voters of such transportation development district, the transportation development district shall forward to the director of revenue, by United States registered mail or certified mail, a certified copy of the resolution of its board of directors. The resolution shall reflect the effective date thereof. The sales tax authorized by this section shall become effective on the first day of the second calendar quarter after the director of revenue receives notice of adoption of such tax.

5. All revenue received by a transportation development district from the tax authorized by this section which has been designated for a certain transportation development purpose shall be deposited in a special trust fund and shall be used solely for such designated purpose. Upon the expiration of the period of years approved by the qualified voters pursuant to subsection 3 of this section or if the tax authorized by this section is repealed pursuant to subsection 12 of this section, all funds remaining in the special trust fund shall continue to be used solely for such designated transportation development purpose. Any funds in such special trust fund which are not needed for current expenditures may be invested by the board of directors in accordance with applicable laws relating to the investment of other transportation development district funds.

6. The sales tax may be imposed at a rate of one-eighth of one percent, one-fourth of one percent, three-eighths of one percent, one-half of one percent or one percent on the receipts from the sale at retail of all tangible personal property or taxable services at retail within the transportation development district adopting such tax, if such property and services are subject to taxation by the state of Missouri pursuant to the provisions of sections 144.010 to 144.525, RSMo. Any transportation development district sales tax imposed pursuant to this section shall be imposed at a rate that shall be uniform throughout the district.

7. The resolution imposing the sales tax pursuant to this section shall impose upon all sellers a tax for the privilege of engaging in the business of selling tangible personal property or rendering taxable services at retail to the extent and in the manner provided in sections 144.010 to 144.525, RSMo, and the rules and regulations of the director of revenue issued pursuant thereto; except that the rate of the tax shall be the rate imposed by the resolution as the sales tax. The amount reported and returned to the director of revenue by the seller shall be computed on the basis of the combined rate of the tax imposed by sections 144.010 to 144.525, RSMo, and the tax imposed by the [resolutions] **resolution** as authorized by this section, plus any amounts imposed pursuant to other provisions of law.

8. On and after the effective date of any tax imposed pursuant to this section, the director of revenue shall perform all functions incident to the administration, collection, enforcement, and operation of the tax, and the director of revenue

shall collect, in addition to all other sales taxes imposed by law, the additional tax authorized pursuant to this section. The tax imposed pursuant to this section and the taxes imposed pursuant to all other laws of the state of Missouri shall be collected together and reported upon such forms and pursuant to such administrative rules and regulations as may be prescribed by the director of revenue.

9. All applicable provisions contained in sections 144.010 to 144.525, RSMo, governing the state sales tax, sections 32.085 and 32.087, RSMo, governing local sales taxes, and section 32.057, RSMo, the uniform confidentiality provision, shall apply to the collection of the tax imposed by this section, except as modified in this section.

10. All sales taxes collected by the director of revenue pursuant to this section on behalf of any transportation development district, less one percent for the cost of collection, which shall be deposited in the state's general revenue fund after payment of premiums for surety bonds as provided in section 32.087, RSMo, shall be deposited in the state treasury to the credit of the "Transportation Development District Sales Tax Fund", which is hereby created. Moneys in the transportation development district sales tax fund shall not be deemed to be state funds and shall not be commingled with any funds of the state. All interest earned upon the balance in the transportation development district sales tax fund shall be deposited to the credit of the same fund. Any balance in the fund at the end of an appropriation period shall not be transferred to the general revenue fund and the provisions of section 33.080, RSMo, shall not apply to the fund. The director of revenue shall keep accurate records of the amount of money which was collected in each transportation development district imposing a sales tax pursuant to this section, and the records shall be open to the inspection of officers of each transportation development district and the general public. Not later than the tenth day of each month, the director of revenue shall distribute all moneys deposited in such fund during the preceding month to the proper transportation development district.

11. The director of revenue may authorize the state treasurer to make refunds from the amounts credited to any transportation development district for erroneous payments and overpayments made, and may redeem dishonored checks and drafts deposited to the credit of such districts. If any transportation development district repeals the tax authorized by this section, the transportation development district shall notify the director of revenue of the action at least ninety days prior to the effective date of the repeal and the director of revenue may order retention, for a period of one year, of two percent of the amount collected after receipt of such notice to cover possible refunds or overpayment of such tax and to redeem dishonored checks and drafts deposited to the credit of such accounts. After one year has elapsed after the effective date of repeal of the tax authorized by this section in such transportation development district, the director of revenue shall remit the balance in the account to the transportation development district and close the account of that transportation development district. The director of revenue shall notify each transportation development district of each instance of any amount refunded or any check redeemed from receipts due the transportation development district.

12. (1) No transportation development district imposing a sales tax pursuant to this section may repeal or amend such sales tax unless such repeal or amendment will not impair the district's ability to repay any liabilities which it has incurred, money which it has borrowed or revenue bonds, notes or other obligations which it has issued or which have been issued by the commission or any local transportation authority to finance any project or projects.

(2) Whenever the board of directors of any transportation development district in which a transportation development sales tax has been imposed in the manner provided by this section receives a petition, signed by ten percent of the qualified voters of such transportation development district calling for an election to repeal such transportation development sales tax, the board of directors shall, if such repeal will not impair the district's ability to repay any liabilities which it has incurred, money which it has borrowed or revenue bonds, notes or other obligations which it has issued or which have been issued by the commission or any local transportation authority to finance any project or projects, submit to the voters of such transportation development district a proposal to repeal the transportation development sales tax imposed pursuant to the provisions of this section. If a majority of the votes cast on the proposal by the qualified voters voting thereon are in favor of the proposal to repeal the transportation development sales tax, then the resolution imposing the transportation development sales tax, along with any amendments thereto, is repealed. If a majority of the votes cast by the qualified voters voting thereon are opposed to the proposal to repeal the transportation development sales tax, then the [ordinance or] resolution imposing the transportation development sales tax, along with any amendments thereto, shall remain in effect."; and

This subsection shall not apply to vehicles approaching each other from opposite directions when the driver of one of such vehicles is attempting to or is making a left turn.

3. The driver of a vehicle within an intersection intending to turn to the left shall yield the right-of-way to any vehicle approaching from the opposite direction which is within the intersection or so close thereto as to constitute an immediate hazard.

6. The driver of a vehicle intending to make a left turn into an alley, private road or driveway shall yield the right-of-way to any vehicle approaching from the opposite direction when the making of such left turn would create a traffic hazard.

7. The state highways and transportation commission or local authorities with respect to roads under their respective jurisdictions, on any section where construction or major maintenance operations are being effected, may fix a speed limit in such areas by posting of appropriate signs, and the operation of a motor vehicle in excess of such speed limit in the area so posted shall be deemed prima facie evidence of careless and imprudent driving and a violation of section 304.010.

8. Notwithstanding the provisions of section 304.361, violation of this section shall be deemed a class C misdemeanor.

The taxes authorized pursuant to this subdivision shall not exceed fifty cents and shall be equal to one another.

2. The taxes collected pursuant to this section shall be utilized to pay for the operation of emergency telephone service and the operational costs associated with the answering and dispatching of emergency calls as deemed appropriate by the governing body and for no other purpose, except as provided in subsection 3 of this section. Collection of such taxes shall not begin prior to twelve months before the operation upgraded to facilities which implement phase I enhanced 911 services as described in Federal Communications Docket 94-102, or in counties which do not have a functioning emergency telephone service and dispatch center the collection of such taxes shall not begin prior to twenty-seven months before operation of such emergency telephone service and dispatch center.

4. Every billed service user or wireless service user is liable for the taxes until it has been paid to the service supplier.

5. The duty to collect the tax from a service user or wireless service user shall commence at such time as specified by the governing body in accordance with the provisions of sections 190.300 to 190.320. The tax required to be collected by the service supplier or wireless service supplier shall be added to and shall be stated separately in the billings to the service user or wireless service user.

6. Nothing in this section imposes any obligation upon a service supplier or wireless service supplier to take any legal action to enforce the collection of the tax imposed by this section unless the charges for wireless service are unpaid. The service supplier or wireless service supplier shall provide the governing body with a list of amounts uncollected along with the names and addresses of the service users or wireless service users refusing to pay the tax imposed by this section, if any.

7. The tax imposed by this section shall be collected insofar as practicable at the same time as, and along with, the charges for the wireline or wireless service in accordance with the regular billing practice of the service supplier.

8. The state auditor shall have the authority to perform audits of receipts and expenditures of taxes collected pursuant to this section to determine whether such taxes are being properly administered for the operational costs of administering emergency telephone services.

190.305. 1. In addition to its other powers for the protection of the public health, a governing body may provide for the operation of an emergency telephone service and may pay for it by levying an emergency telephone tax for such service in those portions of the governing body's jurisdiction for which emergency telephone service has been contracted. The governing body may do such other acts as are expedient for the protection and preservation of the public health and are necessary for the operation of the emergency telephone system. The governing body is hereby authorized to levy the tax in an amount not to exceed fifteen percent of the tariff local service rate, as defined in section 190.300, or seventy-five cents per access line per month, whichever is greater, except as provided in sections 190.325 to 190.329, in those portions of the governing body's jurisdiction for which emergency telephone service has been contracted. In any county of the third classification with a population of at least thirty-two thousand but not

greater than forty thousand that borders a county of the first classification, a governing body of a third or fourth class city may, with the consent of the county commission, contract for service with a public agency to provide services within the public agency's jurisdiction when such city is located wholly within the jurisdiction of the public agency. Consent shall be demonstrated by the county commission authorizing an election within the public agency's jurisdiction pursuant to section 190.320. Any contract between governing bodies and public agencies in existence on August 28, 1996, that meets such criteria prior to August 28, 1996, shall be recognized if the county commission authorized the election for emergency telephone service and a vote was held as provided in section 190.320. The governing body shall provide for a board pursuant to sections 190.327 and 190.328.

2. The tax shall be utilized to pay for the operation of emergency telephone service and the operational costs associated with the answering and dispatching of emergency calls as deemed appropriate by the governing body **and for no other purpose**, and may be levied at any time subsequent to execution of a contract with the provider of such service at the discretion of the governing body, but collection of such tax shall not begin prior to twenty-seven months before operation of the emergency telephone service and dispatch center.

3. Such tax shall be levied only upon the tariff rate. No tax shall be imposed upon more than one hundred exchange access facilities or their equivalent per person per location.

4. Every billed service user is liable for the tax until it has been paid to the service supplier.

5. The duty to collect the tax from a service user shall commence at such time as specified by the governing body in accordance with the provisions of sections 190.300 to 190.320. The tax required to be collected by the service supplier shall be added to and may be stated separately in the billings to the service user.

6. Nothing in this section imposes any obligation upon a service supplier to take any legal action to enforce the collection of the tax imposed by this section. The service supplier shall provide the governing body with a list of amounts uncollected along with the names and addresses of the service users refusing to pay the tax imposed by this section, if any.

7. The tax imposed by this section shall be collected insofar as practicable at the same time as, and along with, the charges for the tariff rate in accordance with the regular billing practice of the service supplier. The tariff rates determined by or stated on the billing of the service supplier are presumed to be correct if such charges were made in accordance with the service supplier's business practices. The presumption may be rebutted by evidence which establishes that an incorrect tariff rate was charged.

8. The state auditor shall have the authority to perform audits of receipts and expenditures of taxes collected pursuant to this section to determine whether such taxes are being properly administered for the operational costs of administering emergency telephone services.

190.310. 1. The [tax] **taxes** imposed by sections 190.300 to 190.320 and the amounts required to be collected are due [quarterly] **monthly**. The amount of [tax] **taxes** collected in one [calendar quarter] **month** by the service supplier **or wireless service supplier** shall be remitted to the governing body no later than [sixty] **thirty** days after the close of a [calendar quarter] **month**. On or before the [sixtieth] **thirtieth** day of each [calendar quarter] **month** following, a return for the preceding [quarter] **month** shall be filed with the governing body in such form as the governing body and service supplier **or wireless service supplier** shall agree. The service supplier **or wireless service supplier** will include the list of any service user **or wireless service user** refusing to pay the [tax] **taxes** imposed by sections 190.300 to 190.320 with each return filing. The service supplier **or wireless service supplier** required to file the return shall deliver the return, together with a remittance of the amount of the [tax] **taxes** collected under the provisions of sections 190.300 to 190.320. The records shall be maintained for a period of one year from the time the [tax] **taxes** is collected.

2. From every remittance to the governing body made on or before the date when the same becomes due, the service supplier **or wireless service supplier** required to remit the same shall be entitled to deduct and retain, as a collection fee, an amount equal to two percent thereof.

3. Every remittance to the governing body which is not paid within thirty days of the due date thereof by the service supplier or wireless service provider shall accrue interest at the rate of one percent per month for which such payment is overdue.

4. Nothing in this section shall prevent the governing body and the service supplier or wireless service supplier from entering into an agreement for an alternate remittance schedule which in no event shall require payments less frequently than quarterly.

5. For any county collecting the tax authorized pursuant to section 190.305, at least once each calendar year, the governing body shall establish a tax rate, not to exceed the amount authorized, that together with any surplus revenues carried forward will produce sufficient revenues to fund the expenditures authorized by sections 190.300 to 190.320. Amounts collected in excess of that necessary within a given year shall be carried forward to subsequent years. The governing body shall make its determination of such tax rate each year no later than September first and shall fix the new rate which shall be collected as provided in sections 190.300 to 190.320. Immediately upon making its determination and fixing the rate, the governing body shall publish in its minutes the new rate, and it shall notify by mail every service supplier registered with it of the new rate. The governing body may require an audit of the service supplier's books and records concerning the collection and remittance of the tax authorized by sections 190.300 to 190.320.

6. Twenty percent of the taxes collected pursuant to any tax levied for wireless services pursuant to section 190.304, subject to the provisions of subsection 7 of this section, shall be collected by the governing body of the county or city not within a county levying the tax and forwarded each quarter to the department of revenue to be deposited in the 911 emergency services fund, which is created pursuant to section 190.312.

7. When at least sixty percent of the counties comprising at least seventy-five percent of the population in this state have enacted a tax pursuant to this section, the percentage of such taxes being deposited in the 911 emergency services fund shall be reduced from twenty percent to ten percent, and two calendar years after the office of administration verifies passage of the tax authorized pursuant to section 190.304 in ninety percent of the counties in the state, the percentage deposited in the 911 emergency services fund shall be eliminated.

190.312. 1. There is hereby created in the state treasury the "911 Emergency Services Fund", which shall consist of moneys collected pursuant to subsection 6 of section 190.310. The fund shall be administered by the office of administration in consultation with the department of public safety.

2. Cost for administering such program created pursuant to this section shall be paid from the 911 emergency services fund.

6. No county or city not within a county shall receive grants in excess of five percent of the total funds available in any fiscal year or receive grants for longer than three consecutive years.

7. Grants may be made on a collective basis to counties which enter into an inter-county agreement to provide services.

Amend Senate Committee Substitute for Senate Bill No. 620, Page 1, Section A, Line 4, by inserting after all of said line the following:

"99.845. 1. A municipality, either at the time a redevelopment project is approved or, in the event a municipality has undertaken acts establishing a redevelopment plan and redevelopment project and has designated a redevelopment area after the passage and approval of sections 99.800 to 99.865 but prior to August 13, 1982, which acts are in conformance with the procedures of sections 99.800 to 99.865, may adopt tax increment allocation financing by passing an ordinance providing that after the total equalized assessed valuation of the taxable real property in a redevelopment project exceeds the certified total initial equalized assessed valuation of the taxable real property in the redevelopment project, the ad valorem taxes, and payments in lieu of taxes, if any, arising from the levies upon taxable real property in such redevelopment project by taxing districts and tax rates determined in the manner provided in subsection 2 of section 99.855 each year after the effective date of the ordinance until redevelopment costs have been paid shall be divided as follows:

(1) That portion of taxes, penalties and interest levied upon each taxable lot, block, tract, or parcel of real property which is attributable to the initial equalized assessed value of each such taxable lot, block, tract, or parcel of real property in the area selected for the redevelopment project shall be allocated to and, when collected, shall be paid by the county collector to the respective affected taxing districts in the manner required by law in the absence of the adoption of tax increment allocation financing;

(2) Payments in lieu of taxes attributable to the increase in the current equalized assessed valuation of each taxable lot, block, tract, or parcel of real property in the area selected for the redevelopment project and any applicable penalty and interest over and above the initial equalized assessed value of each such unit of property in the area selected for the redevelopment project shall be allocated to and, when collected, shall be paid to the municipal treasurer who shall deposit such payment in lieu of taxes into a special fund called the "Special Allocation Fund" of the municipality for the purpose of paying redevelopment costs and obligations incurred in the payment thereof. Payments in lieu of taxes which are due and owing shall constitute a lien against the real estate of the redevelopment project from which they are derived and shall be collected in the same manner as the real property tax, including the assessment of penalties and interest where applicable. The municipality may, in the ordinance, pledge the funds in the special allocation fund for the payment of such costs and obligations and provide for the collection of payments in lieu of taxes, the lien of which may be foreclosed in the same manner as a special assessment lien as provided in section 88.861, RSMo. No part of the current equalized assessed valuation of each lot, block, tract, or parcel of property in the area selected for the redevelopment project attributable to any increase above the total initial equalized assessed value of such properties shall be used in calculating the general state school aid formula provided for in section 163.031, RSMo, until such time as all redevelopment costs have been paid as provided for in this section and section 99.850;

(3) For purposes of this section, "levies upon taxable real property in such redevelopment project by taxing districts" shall not include the blind pension fund tax levied under the authority of article III, section 38(b) of the Missouri Constitution, or the merchants' and manufacturers' inventory replacement tax levied under the authority of subsection 2 of section 6 of article X, of the Missouri Constitution, except in redevelopment project areas in which tax increment financing has been adopted by ordinance pursuant to a plan approved by vote of the governing body of the municipality taken after August 13, 1982, and before January 1, 1998.

2. In addition to the payments in lieu of taxes described in subdivision (2) of subsection 1 of this section, for redevelopment plans and projects adopted or redevelopment projects approved by ordinance after July 12, 1990, and prior to August 31, 1991, fifty percent of the total additional revenue from taxes, penalties and interest imposed by the municipality, or other taxing districts, which are generated by economic activities within the area of the redevelopment project over the amount of such taxes generated by economic activities within the area of the redevelopment project in

the calendar year prior to the adoption of the redevelopment project by ordinance, while tax increment financing remains in effect, but excluding taxes imposed on sales or charges for sleeping rooms paid by transient guests of hotels and motels, taxes levied pursuant to section 70.500, RSMo, licenses, fees or special assessments other than payments in lieu of taxes and any penalty and interest thereon, or, effective January 1, 1998, taxes levied pursuant to section 94.660, RSMo, for the purpose of public transportation, shall be allocated to, and paid by the local political subdivision collecting officer to the treasurer or other designated financial officer of the municipality, who shall deposit such funds in a separate segregated account within the special allocation fund. Any provision of an agreement, contract or covenant entered into prior to July 12, 1990, between a municipality and any other political subdivision which provides for an appropriation of other municipal revenues to the special allocation fund shall be and remain enforceable.

3. In addition to the payments in lieu of taxes described in subdivision (2) of subsection 1 of this section, for redevelopment plans and projects adopted or redevelopment projects approved by ordinance after August 31, 1991, fifty percent of the total additional revenue from taxes, penalties and interest which are imposed by the municipality or other taxing districts, and which are generated by economic activities within the area of the redevelopment project over the amount of such taxes generated by economic activities within the area of the redevelopment project in the calendar year prior to the adoption of the redevelopment project by ordinance, while tax increment financing remains in effect, but excluding personal property taxes, taxes imposed on sales or charges for sleeping rooms paid by transient guests of hotels and motels, taxes levied pursuant to section 70.500, RSMo, or effective January 1, 1998, taxes levied for the purpose of public transportation pursuant to section 94.660, RSMo, licenses, fees or special assessments other than payments in lieu of taxes and penalties and interest thereon, shall be allocated to, and paid by the local political subdivision collecting officer to the treasurer or other designated financial officer of the municipality, who shall deposit such funds in a separate segregated account within the special allocation fund.

4. Beginning January 1, 1998, for redevelopment plans and projects adopted or redevelopment projects approved by ordinance and which have complied with subsections 4 to 12 of this section, in addition to the payments in lieu of taxes and economic activity taxes described in subsections 1, 2 and 3 of this section, up to fifty percent of the new state revenues, as defined in subsection 8 of this section, estimated for the businesses within the project area and identified by the municipality in the application required by subsection 10 of this section, over and above the amount of such taxes reported by businesses within the project area as identified by the municipality in their application prior to the approval of the redevelopment project by ordinance, while tax increment financing remains in effect, may be available for appropriation by the general assembly as provided in subsection 10 of this section to the department of economic development supplemental tax increment financing fund, from the general revenue fund, for distribution to the treasurer or other designated financial officer of the municipality with approved plans or projects.

5. The treasurer or other designated financial officer of the municipality with approved plans or projects shall deposit such funds in a separate segregated account within the special allocation fund established pursuant to section 99.805.

6. No transfer from the general revenue fund to the Missouri supplemental tax increment financing fund shall be made unless an appropriation is made from the general revenue fund for that purpose. No municipality shall commit any state revenues prior to an appropriation being made for that project. For all redevelopment plans or projects adopted or approved after December 23, 1997, appropriations from the new state revenues shall not be distributed from the Missouri supplemental tax increment financing fund into the special allocation fund unless the municipality's redevelopment plan ensures that one hundred percent of payments in lieu of taxes and fifty percent of economic activity taxes generated by the project shall be used for eligible redevelopment project costs while tax increment financing remains in effect. This account shall be separate from the account into which payments in lieu of taxes are deposited, and separate from the account into which economic activity taxes are deposited.

7. In order for the redevelopment plan or project to be eligible to receive the revenue described in subsection 4 of this section, the municipality shall comply with the requirements of subsection 10 of this section prior to the time the project or plan is adopted or approved by ordinance. The director of the department of economic development and the commissioner of the office of administration may waive the requirement that the municipality's application be submitted prior to the redevelopment plan's or project's adoption or the redevelopment plan's or project's approval by ordinance.

8. For purposes of this section, "new state revenues" means:

(1) The incremental increase in the general revenue portion of state sales tax revenues received pursuant to section 144.020, RSMo, excluding sales taxes that are constitutionally dedicated, taxes deposited to the school district trust fund in accordance with section 144.701, RSMo, sales and use taxes on motor vehicles, trailers, boats and outboard motors and future sales taxes earmarked by law. The incremental increase in the general revenue portion of state sales tax revenues for an existing or relocated facility shall be the amount that current state sales tax revenue exceeds the state sales tax revenue in the base year as stated in the redevelopment plan as provided in subsection 10 of this section; or

(2) The state income tax withheld on behalf of new employees by the employer pursuant to section 143.221, RSMo, at the business located within the project as identified by the municipality. The state income tax withholding allowed by this section shall be the municipality's estimate of the amount of state income tax withheld by the employer within the redevelopment area for new employees who fill new jobs directly created by the tax increment financing project.

9. Subsection 4 of this section shall apply only to blighted areas located in enterprise zones, pursuant to sections 135.200 to 135.256, RSMo, blighted areas located in federal empowerment zones, or to blighted areas located in central business districts or urban core areas of cities which districts or urban core areas at the time of approval of the project by ordinance, provided that the enterprise zones, federal empowerment zones or blighted areas contained one or more buildings at least fifty years old; and

(1) Suffered from generally declining population or property taxes over the twenty-year period immediately preceding the area's designation as a project area by ordinance; or

(2) Was a historic hotel located in a county of the first classification without a charter form of government with a population according to the most recent federal decennial census in excess of one hundred fifty thousand and containing a portion of a city with a population according to the most recent federal decennial census in excess of three hundred fifty thousand.

10. The initial appropriation of up to fifty percent of the new state revenues authorized pursuant to subsections 4 and 5 of this section shall not be made to or distributed by the department of economic development to a municipality until all of the following conditions have been satisfied:

(1) The director of the department of economic development or his or her designee and the commissioner of the office of administration or his or her designee have approved a tax increment financing application made by the municipality for the appropriation of the new state revenues. The municipality shall include in the application the following items in addition to the items in section 99.810:

(a) The tax increment financing district or redevelopment area, including the businesses identified within the redevelopment area;

(b) The base year of state sales tax revenues or the base year of state income tax withheld on behalf of existing employees, reported by existing businesses within the project area prior to approval of the redevelopment project;

(c) The estimate of the incremental increase in the general revenue portion of state sales tax revenue or the estimate for the state income tax withheld by the employer on behalf of new employees expected to fill new jobs created within the redevelopment area after redevelopment;

(d) The official statement of any bond issue pursuant to this subsection after December 23, 1997;

(e) An affidavit that is signed by the developer or developers attesting that the provisions of subdivision (1) of section 99.810 have been met and specifying that the redevelopment area would not be reasonably anticipated to be developed without the appropriation of the new state revenues;

(f) The cost-benefit analysis required by section 99.810 includes a study of the fiscal impact on the state of Missouri;

and

(g) The statement of election between the use of the incremental increase of the general revenue portion of the state sales tax revenues or the state income tax withheld by employers on behalf of new employees who fill new jobs created in the redevelopment area;

(2) The methodologies used in the application for determining the base year and determining the estimate of the incremental increase in the general revenue portion of the state sales tax revenues or the state income tax withheld by employers on behalf of new employees who fill new jobs created in the redevelopment area shall be approved by the director of the department of economic development or his or her designee and the commissioner of the office of administration or his or her designee. Upon approval of the application, the director of the department of economic development or his or her designee and the commissioner of the office of administration or his or her designee shall issue a certificate of approval. The department of economic development may request the appropriation following application approval;

(3) The appropriation shall be either a portion of the estimate of the incremental increase in the general revenue portion of state sales tax revenues in the redevelopment area or a portion of the estimate of the state income tax withheld by the employer on behalf of new employees who fill new jobs created in the redevelopment area as indicated in the municipality's application, approved by the director of the department of economic development or his or her designee and the commissioner of the office of administration or his or her designee. At no time shall the aggregate annual appropriation of the new state revenues for redevelopment areas exceed fifteen million dollars;

(4) Redevelopment plans and projects receiving new state revenues shall have a duration of up to fifteen years, unless prior approval for a longer term is given by the director of the department of economic development or his or her designee and the commissioner of the office of administration or his or her designee; except that, in no case shall the duration exceed twenty-three years.

11. In addition to the areas authorized in subsection 9 of this section, the funding authorized pursuant to subsection 4 of this section shall also be available in a federally approved levee district, where construction of a levee begins after December 23, 1997, and which is contained within a county of the first classification without a charter form of government with a population between fifty thousand and one hundred thousand inhabitants which contains all or part of a city with a population in excess of four hundred thousand or more inhabitants.

12. There is hereby established within the state treasury a special fund to be known as the "Missouri Supplemental Tax Increment Financing Fund", to be administered by the department of economic development. The department shall annually distribute from the Missouri supplemental tax increment financing fund the amount of the new state revenues as appropriated as provided in the provisions of subsections 4 and 5 of this section if and only if the conditions of subsection 10 of this section are met. The fund shall also consist of any gifts, contributions, grants or bequests received from federal, private or other sources. Moneys in the Missouri supplemental tax increment financing fund shall be disbursed per project pursuant to state appropriations.

13. All personnel and other costs incurred by the department of economic development for the administration and operation of subsections 4 to 12 of this section shall be paid from the state general revenue fund. On an annual basis, the general revenue fund shall be reimbursed for the full amount of such costs by the developer or developers of the project or projects for which municipalities have made tax increment financing applications for the appropriation of new state revenues, as provided for in subdivision (1) of subsection 10 of this section. The amount of costs charged to each developer shall be based upon the percentage arrived at by dividing the monetary amount of the application made by each municipality for a particular project by the total monetary amount of all applications received by the department of economic development.

14. Notwithstanding anything contained in this section or in sections 99.800 to 99.865 to the contrary, for redevelopment plans or projects approved by ordinance that result in new jobs from the relocation of a national headquarters from another state to the area of the redevelopment project, the economic activity taxes and new state tax revenues calculated shall be based upon the amount of total taxes generated from the new jobs brought in by the national headquarters from another state rather than an increase in taxes based upon a base

year and prior calendar year calculation for such redevelopment project."; and

Further amend the title and enacting clause accordingly.

For redevelopment plans or projects approved by ordinance that result in net new jobs from the relocation of a national headquarters from another state to the area of the redevelopment project, the economic activity taxes and new state tax revenues shall not be based on a calculation of the incremental increase in taxes as compared to the base year or prior calendar year for such redevelopment project, rather the incremental increase shall be the amount of total taxes generated from the net new jobs brought in by the national headquarters from another state. When a person changes such person's name an application for a duplicate license shall be made to the director of revenue. When a person changes such person's mailing address or residence the applicant shall notify the director of revenue of said change, however, no application for a duplicate license is required. To all applicants for a commercial license or renewal who are between eighteen and twenty-one years of age and seventy years of age and older, the application shall be accompanied by a fee of twenty dollars. A commercial license issued pursuant to an applicant less than twenty-one years of age and seventy years of age and older shall expire on the applicant's birthday in the third year after issuance.

3. Within thirty days after moving to this state, the holder of a commercial driver's license shall apply for a commercial driver's license in this state. 4. Any person who falsifies any information in an application or test for a commercial driver's license shall not be licensed to operate a commercial motor vehicle, or the person's commercial driver's license shall be canceled, for a period of one year after the director discovers such falsification."; and

SENATE CONCURRENT RESOLUTION NO. 19

WHEREAS, hepatitis C is a disease of the liver caused by the hepatitis C virus which damages liver cells and causes the liver to become swollen and tender, however, hepatitis has many other causes, including some medications, long-term alcohol abuse, and exposure to industrial chemicals; and

WHEREAS, although there is no vaccine to prevent infection with the hepatitis C virus (HCV), research is underway to develop one, but it is difficult to create an effective vaccine because new strains of the original virus can develop that are not affected by a vaccine against the original strain; and

WHEREAS, since all donated blood is screened for hepatitis C, many people are unaware they have hepatitis C until they try to donate blood and are notified by a blood donation center; and

WHEREAS, chronic hepatitis may be treated with medications that fight viral infections, however, the standard treatment of interferon and ribavirin is not an option for every person and only 30%-40% of those who receive antivirals are cured of the infection; and

WHEREAS, the impact of the disease on certain populations, such as intravenous drug users, incarcerated individuals, alcoholics, racial minority groups, gay and lesbian individuals, and HIV/AIDS infected individuals, is still unknown in Missouri;

NOW, THEREFORE, BE IT RESOLVED that the members of the Senate of the Ninety-second General Assembly, First Regular Session, the House of Representatives concurring therein, hereby, hereby establish a Hepatitis C Task Force to examine the impact of the hepatitis C virus (HCV) on intravenous drug users, incarcerated individuals, alcoholics, racial minority groups, gay and lesbian individuals, and HIV/AIDS infected individuals in Missouri; and

"104.370. 1. Any member of the general assembly who has served at least three full biennial assemblies as a member

of the general assembly and who meets the conditions for retirement at or after the member's normal retirement age shall be entitled to a normal annuity in a monthly amount equal to one hundred fifty dollars multiplied by the number of biennial assemblies in which such member has served. For the purpose of calculating benefits due under this subsection:

(1) Service in any portion of a biennial assembly after service in at least three biennial assemblies shall be credited as service in a full biennial assembly; and

(2) Any person who is elected as a member of the general assembly at a special election and who serves the remainder of that term to which he was elected at such special election shall receive credit for a full biennial assembly for such service.

2. If a member of either retirement system established by this chapter, who has served at least three full biennial assemblies as a member of the general assembly, is elected to a state office, appointed to a state office, or employed by the state before, after, or before and after his service as a member of the general assembly, the member may, at the end of such employment, receive upon retirement, at or after the member's normal retirement age, the amount which shall be due the member for creditable service as a member of the general assembly. If he has not fully vested as a result of his employment as other than a member of the general assembly, he shall be credited with additional service as a legislator just as though all of the service combined had in fact been rendered as a member of the general assembly and receive a normal annuity. If the member retires before normal retirement age, the member shall receive the actuarial reduction approved by the board. Nothing in this section shall allow any member to simultaneously accumulate service in more than one state retirement system as a member of the general assembly and an employee or state officer; **provided that, any member who otherwise would accrue simultaneous creditable service as a member of the general assembly and as an employee or state officer, may elect prior to retirement to receive such member's service as an employee or state officer in lieu of receiving such creditable service as a member of the general assembly pursuant to subdivision (1) of subsection 1 of this section. Any member who makes such election shall receive creditable service for the member's remaining legislative service equal the pro rata portion of the biennial assembly actually served by such member. The provisions of this subsection providing an election with regard to simultaneous creditable service shall apply to any member of the general assembly who is employed on or after August 28, 2003, or any former member of the general assembly who is employed as an employee or state officer on or after August 28, 2003. The term "state officer" as used in this subsection includes a statewide elected official as described pursuant to section 104.371, an administrative law judge or legal advisor as defined in section 287.812, RSMo, or a judge as defined in section 476.515, RSMo.**

3. A member who has fully vested as a state officer or employee and has service as a member of the general assembly of less than three full biennial assemblies, upon retirement, at or after the member's normal retirement age, shall be credited with additional service as a state officer or employee for the time he served as a member of the general assembly. If the member retires before normal retirement age, he shall receive the actuarial reduction approved by the board.

4. Any member of the general assembly who has served at least three full biennial assemblies and whose service as such terminates on or after October 1, 1984, and who served as an employee, as that term is defined in section 104.010, prior to the respective dates on which the retirement systems to which such sections apply originally became effective, but was not such an employee on such dates, shall be entitled to the creditable prior service that such employee would have been entitled to in either or both systems had such employee become a member on the date of inception of either or both systems. The maximum number of years of creditable prior service to which a member may become entitled pursuant to this section is less than ten years. The benefits attributable to such service shall be calculated as if all service was rendered as a member of the general assembly.

5. Any former member of the general assembly who is receiving benefits under the provisions of this section shall, upon written request to the board, be made, constituted, appointed and employed by the board as a special consultant on the problems of retirement and other related matters and shall upon request of the board give opinions in writing or orally in response to such requests. As compensation for such services, the retired member shall have his retirement benefits recalculated the first of the month next following his application under this subsection to reflect that any

portion of a year of creditable service shall be counted as one full biennial session.

6. Any retired member who is receiving benefits from the system and is elected to the general assembly but does not serve at least three biennial sessions shall receive creditable service for the time he served in the general assembly and upon leaving the general assembly shall have an additional benefit calculated using such service.

7. Benefits paid for service credited to legislative service shall be funded as provided in section 104.436.

8. Any former member of the general assembly not retired on August 28, 1994, who is fifty-five years of age or more and who has creditable service in the general assembly of at least three full biennial assemblies and has not used such services as creditable services in any other retirement system shall be made and employed by the board as a special consultant on the problems related to retirement and shall, when requested by the board, give opinions either written or orally on such problems. As compensation for such duties the former member of the general assembly shall be entitled to retire with a normal annuity effective the first of the month following receipt by the board of a written application.

9. Notwithstanding any other law to the contrary, any active member of the Missouri state employees' retirement system who is vested, on August 28, 1994, under the provisions of subsection 1 of this section, and who has served as an elected county official and who, by virtue of such service was a member of a retirement system other than the Missouri state employees' retirement system but was not vested in such other retirement system, or was not a member of any retirement system, shall receive creditable prior service in the Missouri state employees' retirement system for such previous service as an elected county official."; and

Journal of the Senate

The Senate met pursuant to adjournment.

President Maxwell in the Chair.

Reverend Carl Gauck offered the following prayer:

"Keep awake therefore; for you do not know neither the day nor the hour." (Matthew 25:13)

Most Gracious God, give us discerning hearts that we may see the need before us, even if it is our family who at times feels neglected while we are working so hard here. Save us from distractions and move us to faithful, loving behavior to those who love us. And help us beware of the New Life that this weekend offers each of us. In Your Holy Name we pray. Amen.

The Senate met pursuant to adjournment.

Our trust is in You, relying on Your directing to complete the work that is ahead of us. We, also, pray for Senator Dougherty's wife asking that wisdom and guidance may be given to the doctors who treat her and Your healing touch to bring her health and make her whole, once again. In Your Holy Name, we pray. Amen.

Journal of the Senate

FIRST REGULAR SESSION

FIFTY-EIGHTH DAY--WEDNESDAY, APRIL 23, 2003

The Senate met pursuant to adjournment.

Senator Shields in the Chair.

Reverend Carl Gauck offered the following prayer:

"No discipline seems pleasant at the time but painful." (Hebrews 12:11)

Merciful Father, may we always remember that You discipline us out of love for Your people. We know Lord that through the difficulties we are faced with, and the anxieties people throughout the state are experiencing, there is a discipline to be learned here. Help us be among those open to this teaching that we might acquire a new peace and righteousness so we might live more effective lives. In Your Holy Name we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

A quorum being established, the Senate proceeded with its business.

The Journal of the previous day was read and approved.

SENATE CONCURRENT RESOLUTION NO. 20

WHEREAS, the national motto of the United States is "In God We Trust"; and

WHEREAS, the national motto was adopted in 1956 and is codified in the laws of the United States at Section 302 of Title 36, United States Code; and

WHEREAS, the national motto is a reference to the nation's "religious heritage" (*Lynch v. Donnelly*, 465 U.S. 668, 676 (1984)); and

WHEREAS, the national motto recognizes the religious beliefs and practices of the American people as an aspect of our national history and culture; and

WHEREAS, nearly every criminal law on the books can be traced to some religious principle or inspiration; and

WHEREAS, the national motto is deeply interwoven into the fabric of our civil polity; and

WHEREAS, the national motto recognizes the historical fact that our nation was believed to have been founded "under God"; and

WHEREAS, the content of the national motto is as old as the Republic itself and has always been as integral a part of the First Amendment as the very words of that charter of religious liberty; and

WHEREAS, the display and teaching of the national motto to public school children has a valid secular purpose, such secular purpose being to foster patriotism, symbolize the historical role of religion in our society, express confidence in the future, inculcate hope, and instruct in humility; and

WHEREAS, there is a long tradition of government acknowledgment of religion in mottos, oaths, and anthems; and

WHEREAS, the national motto serves "the legitimate secular purposes of solemnizing public occasions, expressing confidence in the future, and encouraging the recognition of what is worthy of appreciation in society" (*Lynch v. Donnelly*, 465 U.S. at 693 (O'Connor, J., concurring)); and

WHEREAS, the national motto reflects the sentiment that "[w]e are a religious people whose institutions presuppose a Supreme Being" (*Zorach v. Clauson*, 343 U.S. 306, 313 (1952)); and

WHEREAS, President George Washington, in his Farewell Address, stated, "[o]f all the dispositions and habits which lead to political prosperity, religion and morality are indispensable supports," and "[w]hatever may be conceded to the influence of refined education on minds of peculiar structure, reason and experience both forbid us to expect that national morality can prevail in exclusion of religious principle," and "let us with caution indulge the supposition that morality can prevail in exclusion of religious principle"; and

WHEREAS, President John Adams wrote that "it is religion and morality alone which can establish the principles upon which freedom can securely stand"; and

WHEREAS, the role of religion in public life is an important one which deserves the public's attention; and

WHEREAS, the signers of the Declaration of Independence appealed to the Supreme Judge of the World for the rectitude of their intentions, and avowed a firm reliance of the protection of Divine Providence; and

WHEREAS, President George Washington, in his First Inaugural Address, said that "it would be peculiarly improper to omit in this first official act my fervent supplications to that Almighty Being who rules over the universe, who presides in the councils of nations, and whose providential aids can supply every human defect, that His benediction may consecrate to the liberties and happiness of the people of the United States a Government instituted by themselves for these essential purposes"; and

WHEREAS, The First Congress urged President George Washington to proclaim "a day of public thanksgiving and prayer, to be observed by acknowledging with grateful hearts the many single favors of Almighty God"; and

WHEREAS, the First Congress reenacted the Northwest Ordinance, which stated that "[r]eligion, morality, and knowledge, being necessary to good government and the happiness of mankind, schools and the means of education shall forever be encouraged"; and

WHEREAS, the Declaration of Independence demonstrates this Nation was founded on transcendent values which flow from a belief in a Supreme Being; and

WHEREAS, the Founding Fathers believed devotedly that there was a God and that the unalienable rights of man were rooted in Him, is clearly evidenced in their writings, from the Mayflower Compact to the Constitution itself; and

WHEREAS, religion has been closely identified with the history and Government of the United States; and

WHEREAS, our national life reflects a religious people who earnestly pray that the Supreme Lawgiver guide them in every measure which may be worthy of His blessing; and

WHEREAS, the national motto is prominently engraved in the wall above the Speaker's dais in the Chamber of the House of Representatives,

appears over the entrance to the Chamber of the Senate, and is depicted on all United States coins and currency:

NOW THEREFORE BE IT RESOLVED that the members of the Missouri Senate, Ninety-Second General Assembly, First Regular Session, the House of Representatives concurring therein, hereby affirm the support of the Missouri Legislature for the United State's national motto "In God We Trust", and encourages the display of the national motto of the United States in public buildings throughout the state; and

Abortion services include performing, assisting with, or directly referring for abortions, or encouraging or counseling patients to have abortions. Family planning services are preconception services that limit or enhance fertility, including contraception methods, the management of infertility, preconception counseling, education, and general reproductive health care. Follow-up services are services that supplement initial consultations for family planning services and pregnancy testing but do not include pregnancy or childbirth care. Nondirective counseling is defined as providing patients with a list of health care and social service providers that provide pregnancy, prenatal, delivery, infant care, foster care, adoption, alternative to abortion and abortion services and nondirective, non-marketing information in regard to such providers. Such list may categorize the providers by the service or services they provide. An organization that receives these funds may not directly refer patients who seek abortion services to any organization that provides abortion services, including its own independent affiliate. Nondirective counseling relating to pregnancy may be provided. None of these funds may be paid or granted to an organization or an affiliate of an organization that provides abortion services. An independent audit shall be conducted at least once every three years to ensure compliance with this section. If the organization is an affiliate of an organization which provides abortion services, the independent audit shall be conducted at least annually. The audit shall be conducted by either an independent auditing firm retained by the department of health or by an independent auditing firm approved by the department and retained by an organization receiving these funds. The Senate met pursuant to adjournment.

Senator Bartle in the Chair.

Gracious God, we stand before You and seek Your presence that we might come to understand the deepest meaning of Your Word for our lives and align our lives to Your directing and thus make it possible to bring Your plan to completion for us and the people we serve. In Your Holy Name, we pray. Amen.

SENATE AMENDMENT NO. 2

Amend Senate Substitute for Senate Substitute for House Substitute for House Committee Substitute for House Bill No. 321, Page 13, Section 287.067, Line 5 of said page, by inserting after all of said line the following:

"287.140. 1. In addition to all other compensation, the employee shall receive and the employer shall provide such medical, surgical, chiropractic, and hospital treatment, including nursing, custodial, ambulance and medicines, as may reasonably be required after the injury or disability, to cure and relieve from the effects of the injury. If the employee desires, he shall have the right to select his own physician, surgeon, or other such requirement at [his own] **the expense of the employer or, if insured, of the insurer.** Where the requirements are furnished by a public hospital or other institution, payment therefor shall be made to the proper authorities. Regardless of whether the health care provider is selected by the employer or is selected by the employee [at the employee's expense], the health care provider shall have the affirmative duty to communicate fully with the employee regarding the nature of the employee's injury and recommended treatment exclusive of any evaluation for a permanent disability rating. Failure to perform such duty to communicate shall constitute a disciplinary violation by the provider subject to the provisions of chapter 620, RSMo. When an employee [is required to submit] **submits** to medical examinations or necessary medical treatment [at a place outside of the local or metropolitan area from the place of injury or the place of his residence,] the employer or its insurer shall advance or reimburse the employee for all necessary and reasonable expenses; except that an injured employee who resides outside the state of Missouri and who is employed by an employer located in Missouri shall have the option of selecting the location of services provided in this section either at a location within one hundred miles of the injured employee's residence, place of injury or place of hire by the employer. [The choice of provider within the location selected shall continue to be made by the employer.] In case of a medical examination if a dispute arises as to what expenses shall be paid by the employer, the matter shall be presented to the legal advisor, the administrative law judge or the commission, who shall set the sum to be paid and same shall be paid by the employer

prior to the medical examination. [In no event, however, shall the employer or its insurer be required to pay transportation costs for a greater distance than two hundred fifty miles each way from place of treatment.] In addition to all other payments authorized or mandated under this subsection, when an employee who has returned to full-time employment is required to submit to a medical examination for the purpose of evaluating permanent disability, or to undergo physical rehabilitation, the employer or its insurer shall pay a proportionate weekly compensation benefit based on the provisions of section 287.180 for such wages that are lost due to time spent undergoing such medical examinations or physical rehabilitation, except that where the employee is undergoing physical rehabilitation, such proportionate weekly compensation benefit payment shall be limited to a time period of no more than twenty weeks. For purposes of this subsection only, "physical rehabilitation" shall mean the restoration of the seriously injured person as soon as possible and as nearly as possible to a condition of self-support and maintenance as an able-bodied worker. Determination as to what care and restoration constitutes physical rehabilitation shall be the sole province of the treating physician. Should the employer or its insurer contest the determination of the treating physician, then the director shall review the case at question and issue his determination. Such determination by the director shall be appealable like any other finding of the director or the division. Serious injury includes, but is not limited to, quadriplegia, paraplegia, amputations of hand, arm, foot or leg, atrophy due to nerve injury or nonuse, and back injuries not amenable alone to recognized medical and surgical procedures.

2. If it be shown to the division or the commission that the requirements are being furnished in such manner that there is reasonable ground for believing that the life, health, or recovery of the employee is endangered thereby, the division or the commission may order a change in the physician, surgeon, hospital or other requirement.

3. All fees and charges under this chapter shall be fair and reasonable, shall be subject to regulation by the division or the commission, or the board of rehabilitation in rehabilitation cases. A health care provider shall not charge a fee for treatment and care which is governed by the provisions of this chapter greater than the usual and customary fee the provider receives for the same treatment or service when the payor for such treatment or service is a private individual or a private health insurance carrier. The division or the commission, or the board of rehabilitation in rehabilitation cases, shall also have jurisdiction to hear and determine all disputes as to such charges. A health care provider is bound by the determination upon the reasonableness of health care bills.

4. The division shall, by regulation, establish methods to resolve disputes concerning the reasonableness of medical charges, services, or aids. This regulation shall govern resolution of disputes between employers and medical providers over fees charged, whether or not paid, and shall be in lieu of any other administrative procedure under this chapter. The employee shall not be a party to a dispute over medical charges, nor shall the employee's recovery in any way be jeopardized because of such dispute.

5. No compensation shall be payable for the death or disability of an employee, if and insofar as the death or disability may be caused, continued or aggravated by any unreasonable refusal to submit to any medical or surgical treatment or operation, the risk of which is, in the opinion of the division or the commission, inconsiderable in view of the seriousness of the injury. If the employee dies as a result of an operation made necessary by the injury, the death shall be deemed to be caused by the injury.

6. The testimony of any physician or chiropractic physician who treated the employee shall be admissible in evidence in any proceedings for compensation under this chapter, subject to all of the provisions of section 287.210.

7. Every hospital or other person furnishing the employee with medical aid shall permit its record to be copied by and shall furnish full information to the division or the commission, the employer, the employee or his dependents and any other party to any proceedings for compensation under this chapter, and certified copies of the records shall be admissible in evidence in any such proceedings.

8. The employer may be required by the division or the commission to furnish an injured employee with artificial legs, arms, hands, surgical orthopedic joints, or eyes, or braces, as needed, for life whenever the division or the commission shall find that the injured employee may be partially or wholly relieved of the effects of a permanent injury by the use thereof. The director of the division shall establish a procedure whereby a claim for compensation may be reactivated after settlement of such claim is completed. The claim shall be reactivated only after the claimant can show good cause

for the reactivation of this claim and the claim shall be made only for the payment of medical procedures involving life-threatening surgical procedures or if the claimant requires the use of a new, or the modification, alteration or exchange of an existing, prosthetic device. For the purpose of this subsection, "life threatening" shall mean a situation or condition which, if not treated immediately, will likely result in the death of the injured worker.

9. Nothing in this chapter shall prevent an employee being provided treatment for his injuries by prayer or spiritual means if the employer does not object to the treatment.

10. The employer shall have the right to select the licensed treating physician, surgeon, chiropractic physician, or other health care provider **providing a list of authorized providers from which the employee may choose consisting of at least twenty-five physicians, surgeons, or other health care providers authorized to provide treatment**; provided, however, that such physicians, surgeons or other health care providers shall offer only those services authorized within the scope of their licenses. For the purpose of this subsection, subsection 2 of section 287.030 shall not apply.

11. Any physician or other health care provider who orders, directs or refers a patient for treatment, testing, therapy or rehabilitation at any institution or facility shall, at or prior to the time of the referral, disclose in writing if such health care provider, any of his partners or his employer has a financial interest in the institution or facility to which the patient is being referred, to the following:

- (1) The patient;
- (2) The employer of the patient with workers' compensation liability for the injury or disease being treated;
- (3) The workers' compensation insurer of such employer; and
- (4) The workers' compensation adjusting company for such insurer.

12. Violation of subsection 11 of this section is a class A misdemeanor.

13. (1) No hospital, physician or other health care provider, other than a hospital, physician or health care provider selected by the employee at his own expense pursuant to subsection 1 of this section, shall bill or attempt to collect any fee or any portion of a fee for services rendered to an employee due to a work-related injury or report to any credit reporting agency any failure of the employee to make such payment, when an injury covered by this chapter has occurred and such hospital, physician or health care provider has received actual notice given in writing by the employee, the employer or the employer's insurer. Actual notice shall be deemed received by the hospital, physician or health care provider five days after mailing by certified mail by the employer or insurer to the hospital, physician or health care provider.

(2) The notice shall include:

- (a) The name of the employer;
- (b) The name of the insurer, if known;
- (c) The name of the employee receiving the services;
- (d) The general nature of the injury, if known; and
- (e) Where a claim has been filed, the claim number, if known.

(3) When an injury is found to be noncompensable under this chapter, the hospital, physician or other health care provider shall be entitled to pursue the employee for any unpaid portion of the fee or other charges for authorized services provided to the employee. Any applicable statute of limitations for an action for such fees or other charges shall be tolled from the time notice is given to the division by a hospital, physician or other health care provider pursuant to subdivision (6) of this subsection, until a determination of noncompensability in regard to the injury which

is the basis of such services is made, or in the event there is an appeal to the labor and industrial relations commission, until a decision is rendered by that commission.

(4) If a hospital, physician or other health care provider or a debt collector on behalf of such hospital, physician or other health care provider pursues any action to collect from an employee after such notice is properly given, the employee shall have a cause of action against the hospital, physician or other health care provider for actual damages sustained plus up to one thousand dollars in additional damages, costs and reasonable attorney's fees.

(5) If an employer or insurer fails to make payment for authorized services provided to the employee by a hospital, physician or other health care provider pursuant to this chapter, the hospital, physician or other health care provider may proceed pursuant to subsection 4 of this section with a dispute against the employer or insurer for any fees or other charges for services provided.

(6) A hospital, physician or other health care provider whose services have been authorized in advance by the employer or insurer may give notice to the division of any claim for fees or other charges for services provided for a work-related injury that is covered by this chapter, with copies of the notice to the employee, employer and the employer's insurer. Where such notice has been filed, the administrative law judge may order direct payment from the proceeds of any settlement or award to the hospital, physician or other health care provider for such fees as are determined by the division. The notice shall be on a form prescribed by the division."; and

Further amend the title and enacting clause accordingly.

Senator Wheeler moved that the above amendment be adopted.

A quorum was established by the following vote:

2. A fee for each new tire sold at retail shall be imposed on any person engaging in the business of making retail sales of new tires within this state. The fee shall be charged by the retailer to the person who purchases a tire for use and not for resale. Such fee shall be imposed at the rate of fifty cents for each new tire sold. Such fee shall be added to the total cost to the purchaser at retail after all applicable sales taxes on the tires have been computed. The fee imposed, less six percent of fees collected, which shall be retained by the tire retailer as collection costs, shall be paid to the department of revenue in the form and manner required by the department of revenue and shall include the total number of new tires sold during the preceding month. The department of revenue shall promulgate rules and regulations necessary to administer the fee collection and enforcement. The terms "sold at retail" and "retail sales" do not include the sale of new tires to a person solely for the purpose of resale, if the subsequent retail sale in this state is to the ultimate consumer and is subject to the fee.

3. The department of revenue shall administer, collect and enforce the fee authorized pursuant to this section pursuant to the same procedures used in the administration, collection and enforcement of the general state sales and use tax imposed pursuant to chapter 144, RSMo, except as provided in this section. The proceeds of the new tire fee, less four percent of the proceeds, which shall be retained by the department of revenue as collection costs, shall be transferred by the department of revenue into an appropriate subaccount of the solid waste management fund, created pursuant to section 260.330.

4. Up to five percent of the revenue available may be allocated, upon appropriation, to the department of natural resources to be used cooperatively with the department of elementary and secondary education for the purposes of developing educational programs and curriculum pursuant to section 260.342.

5. Up to twenty-five percent of the moneys received pursuant to this section may, upon appropriation, be used to administer the programs imposed by this section. Up to five percent of the moneys received under this section may, upon appropriation, be used for the grants authorized in subdivision (2) of subsection 6 of this section and authorized in section 260.274. All remaining moneys shall be allocated, upon appropriation, for the projects authorized in section 260.276.

6. The department shall promulgate, by rule, a statewide plan for the use of moneys received pursuant to this section to accomplish the following:

(1) Removal of waste tires from illegal tire dumps;

(2) Providing grants to persons that will use products derived from waste tires, or used waste tires as a fuel or fuel supplement; and

(3) Resource recovery activities conducted by the department pursuant to section 260.276.

Journal of the Senate

The Senate met pursuant to adjournment.

Senator Childers in the Chair.

"We are called to explore the depths in ourselves, in other people and in the whole of our society, and in discovering them we need to see that these are not separate depths." (Mother Superior Mary Clare)

Gracious Lord, as we take these moments with You we become aware of all with whom we are connected and depend upon. Help us never to forget those of our office staff who do so much for us and often are overlooked when praise is handed out. 7. The commissioner of administration, in consultation with the environmental improvement and energy resources authority of the department of natural resources, shall prepare and provide by January first of each year an annual report summarizing past activities and accomplishments of the program and proposed goals of the program including projections for each affected agency. The report shall also include a list of products utilizing recovered materials that could substitute for products currently purchased and a schedule of amounts purchased of products utilizing recovered materials compared to purchases of similar products utilizing virgin materials for the period covered by the annual report.

8. The office of administration, department of natural resources and department of economic development shall cooperate jointly and share to the greatest extent possible, information and other resources to promote:

- (1) Producers or potential producers of secondary material goods to expand or develop their product lines;
- (2) Increased demand for secondary materials recovered in Missouri; and
- (3) Increased demand by state government for products which contain secondary materials recovered in Missouri.

9. 34.032. 1. The provisions of section 34.040 to the contrary notwithstanding, each department and agency of the state government, including the general assembly, shall purchase, in the manner provided by law, and use recycled paper when recycled paper can be obtained that is comparable to the quality presently used by the department or agency and if the price is competitive. 5. [By January 1, 1990,] Each department and state agency shall develop, in cooperation with the office of administration, and implement a policy for recycling and waste reduction. Each department and agency shall collect and recycle waste paper and empty aluminum beverage containers generated by employee activity. The office of the governor and the general assembly shall implement a policy for recycling and waste reduction and shall collect and recycle waste paper and aluminum beverage containers generated within its facilities. SENATE AMENDMENT NO. 10

Amend Senate Substitute for Senate Substitute for Senate Committee Substitute for House Committee Substitute for House Bill No. 600, Page 15, Section 136.325, Line 21 of said page, by inserting after all of said line the following:

"142.028. 1. As used in this section, the following terms mean:

(1) "Fuel ethanol", one hundred ninety-eight proof ethanol denatured in conformity with the United States Bureau of Alcohol, Tobacco and Firearms' regulations and fermented and distilled in a facility whose principal (over fifty percent) feed stock is cereal grain or cereal grain by-products;

(2) "Fuel ethanol blends", a mixture of ninety percent gasoline and ten percent fuel ethanol in which the gasoline portion of the blend or the finished blend meets the American Society for Testing and Materials - specification number D-439;

(3) "Missouri qualified fuel ethanol producer", any producer of fuel ethanol whose principal place of business and facility for the fermentation and distillation of fuel ethanol is located within the state of Missouri and is at least fifty-one percent owned by agricultural producers actively engaged in agricultural production for commercial purposes, and which has made formal application, posted a bond, and conformed to the requirements of this section.

2. The "Missouri Qualified Fuel Ethanol Producer Incentive Fund" is hereby created and subject to appropriations shall be used to provide economic subsidies to Missouri qualified fuel ethanol producers pursuant to this section. The director of the department of agriculture shall administer the fund pursuant to this section.

3. On or before December 31, 2011, the department shall assess a surcharge of eighteen dollars on all petroleum products within this state which are enumerated by section 414.032, RSMo. Except as specified by this section, such surcharge shall be administered pursuant to the provisions of subsections 1 to 3 of section 414.102, RSMo, and subsections 1 and 2 of section 414.152, RSMo. Such surcharge shall be imposed upon such petroleum products within this state and shall be assessed on each transport load, or the equivalent of an average transport load if moved by other means. Fifty-five percent of the revenue generated by the assessment of such surcharges shall be deposited to the credit of the Missouri qualified fuel ethanol producer incentive fund. The remaining forty-five percent shall be deposited to the credit of the Missouri qualified biodiesel incentive fund

created pursuant to section 142.031. Railroad corporations as defined in section 388.010, RSMo, and airline companies as defined in section 155.010, RSMo, shall not be subject to the load fee described in this chapter. The department shall have rule making authority to collect and distribute the surcharges imposed in this section. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2003, shall be invalid and void.

4. A Missouri qualified fuel ethanol producer shall be eligible for a monthly grant from the fund, except that a Missouri qualified fuel ethanol producer shall only be eligible for the grant for a total of sixty months unless such producer during those sixty months failed, due to a lack of appropriations, to receive the full amount from the fund for which they were eligible, in which case such producers shall continue to be eligible for up to twenty-four additional months or until they have received the maximum amount of funding for which they were eligible during the original sixty-month time period. The amount of the grant is determined by calculating the estimated gallons of qualified fuel ethanol production to be produced from Missouri agricultural products for the succeeding calendar month, as certified by the department of agriculture, and applying such figure to the per-gallon incentive credit established in this subsection. Each Missouri qualified fuel ethanol producer shall be eligible for a total grant in any fiscal year equal to twenty cents per gallon for the first twelve and one-half million gallons of qualified fuel ethanol produced from Missouri agricultural products in the fiscal year plus five cents per gallon for the next twelve and one-half million gallons of qualified fuel ethanol produced from Missouri agricultural products in the fiscal year. All such qualified fuel ethanol produced by a Missouri qualified fuel ethanol producer in excess of twenty-five million gallons shall not be applied to the computation of a grant pursuant to this subsection. The department of agriculture shall pay all grants for a particular month by the fifteenth day after receipt and approval of the application described in subsection [4] 5 of this section. If actual production of qualified fuel ethanol during a particular month either exceeds or is less than that estimated by a Missouri qualified fuel ethanol producer, the department of agriculture shall adjust the subsequent monthly grant by paying additional amount or subtracting the amount in deficiency by using the calculation described in this subsection.

[4.] 5. In order for a Missouri qualified fuel ethanol producer to obtain a grant from the fund for a particular month, an application for such funds shall be received no later than fifteen days prior to the first day of the month for which the grant is sought. The application shall include:

- (1) The location of the Missouri qualified fuel ethanol producer;
- (2) The average number of citizens of Missouri employed by the Missouri qualified fuel ethanol producer in the preceding quarter, if applicable;
- (3) The number of bushels of Missouri agricultural commodities used by the Missouri qualified fuel ethanol producer in the production of fuel ethanol in the preceding quarter;
- (4) The number of gallons of qualified fuel ethanol the producer expects to manufacture during the month for which the grant is applied;
- (5) A copy of the qualified fuel ethanol producer license required pursuant to subsection [5] 6 of this section, name and address of surety company, and amount of bond to be posted pursuant to subsection [5] 6 of this section; and
- (6) Any other information deemed necessary by the department of agriculture to adequately ensure that such grants shall be made only to Missouri qualified fuel ethanol producers.

[5.] 6. The director of the department of agriculture, in consultation with the department of revenue, shall promulgate rules and regulations necessary for the administration of the provisions of this section. The director shall also establish procedures for bonding Missouri qualified fuel ethanol producers. Each Missouri qualified fuel ethanol producer who

attempts to obtain moneys pursuant to this section shall be bonded in an amount not to exceed the estimated maximum monthly grant to be issued to such Missouri qualified fuel ethanol producer.

[6.] 7. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2002, shall be invalid and void.

142.031. 1. As used in this section the following terms shall mean:

(1) "Biodiesel", fuel as defined in ASTM Standard D-6751 or its subsequent standard specifications for biodiesel fuel (B100) blend stock for distillate fuels;

(2) "Qualified biodiesel producer", a facility that produces biodiesel, is registered with the United States Environmental Protection Agency according to the requirements of 40 CFR 79, and at least fifty-one percent is owned by agricultural producers actively engaged in agricultural production for commercial purposes.

2. The "Missouri Qualified Biodiesel Producer Incentive Fund" is hereby created and subject to appropriations with funds, other than general revenue funds, **including funds assessed pursuant to subsection 2 of section 142.028**, shall be used to provide economic subsidies to Missouri qualified biodiesel producers pursuant to this section. The director of the department of agriculture shall administer the fund pursuant to this section.

3. A Missouri qualified biodiesel producer shall be eligible for a monthly grant from the fund, except that a Missouri qualified biodiesel producer shall only be eligible for the grant for a total of sixty months. The amount of the grant is determined by calculating the estimated gallons of qualified biodiesel produced during the preceding month from Missouri agricultural products, as certified by the department of agriculture, and applying such figure to the per-gallon incentive credit established in this subsection. Each Missouri qualified biodiesel producer shall be eligible for a total grant in any fiscal year equal to thirty cents per gallon for the first fifteen million gallons of qualified biodiesel produced from Missouri agricultural products in the fiscal year. All such qualified biodiesel produced by a Missouri qualified biodiesel producer in excess of fifteen gallons shall not be applied to the computation of a grant pursuant to this subsection. The department of agriculture shall pay all grants for a particular month by the fifteenth day after receipt and approval of the application described in subsection 4 of this section.

4. In order for a Missouri qualified biodiesel producer to obtain a grant from the fund, an application for such funds shall be received no later than fifteen days following the last day of the month for which the grant is sought. The application shall include:

(1) The location of the Missouri qualified biodiesel producer;

(2) The average number of citizens of Missouri employed by the Missouri qualified biodiesel producer in the preceding month, if applicable;

(3) The number of bushel equivalents of Missouri agricultural commodities used by the Missouri qualified biodiesel producer in the production of biodiesel in the preceding month;

(4) The number of gallons of qualified biodiesel the producer manufactures during the month for which the grant is applied;

(5) A copy of the qualified biodiesel producer license required pursuant to subsection 5 of this section, name and address of surety company, and amount of bond to be posted pursuant to subsection 5 of this section; and

(6) Any other information deemed necessary by the department of agriculture to adequately ensure that such grants shall be made only to Missouri qualified biodiesel producers.

5. The director of the department of agriculture, in consultation with the department of revenue, shall promulgate rules and regulations necessary for the administration of the provisions of this section.

6. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2002, shall be invalid and void."; and

Senator Dolan offered SA 11:

SENATE AMENDMENT NO. 11

Amend Senate Substitute for Senate Substitute for Senate Committee Substitute for House Committee Substitute for House Bill No. 600, Page 63, Section 338.550, Line 17, by inserting immediately after said line the following:

"479.051. 1. Any city, county or township may provide by ordinance an administrative adjudication system for adjudicating parking and other non-moving municipal code violations to the extent permitted by court rules. The adoption by a city, county, or township of an administrative adjudication system does not preclude the city, county, or township from using other methods to enforce ordinances. This statute shall not affect the validity of other administrative adjudication systems authorized by state law and created prior to the effective date of this statute.

2. An ordinance establishing an administrative adjudication system shall provide for an administrative adjudication unit or alternative, which could include the municipal division of a circuit court, define the jurisdiction and role of that unit and describe the means by which the municipality shall provide suitable facilities and operating resources for operating the administrative adjudication system. The ordinance shall designate the types of municipal code violations deemed appropriate for administrative adjudication consistent with applicable state law. The administrative adjudication unit shall operate under the supervision of the circuit court.

3. The administrative adjudication unit, as provided in this section, shall establish and maintain a system for adjudicating parking violations and any other municipal code violations designated for administrative adjudication by ordinance. The administrative adjudication system shall include operating policies and procedures, including but not limited to, appeal criteria, documentation requirements, notification deadlines, and forms, subject to the approval of the circuit court. The administrative adjudication system shall afford parties due process of law.

4. The adjudication process may involve a one-step administrative hearing or a two-step administrative review and administrative hearing. If the city, county, or township adopts a one-step process, individuals must apply for an administrative hearing to contest a municipal code violation. If the city, county, or township adopts a two-step process, individuals must first apply for an administrative review to contest a municipal code violation and then, if dissatisfied with the results of the administrative review, may apply for an administrative hearing. Any failure to request an administrative review or hearing in accordance with the rules established by the administrative adjudication unit, as provided in this section, shall be considered an admission of liability.

5. The administrative reviews and hearings authorized pursuant to this section shall be designed to ensure a fair and impartial consideration of the contested code violation. The formal and technical rules of evidence shall not

apply in any administrative review or hearing authorized pursuant to this section. Evidence, including hearsay, may be admitted only if it is the type of evidence commonly relied upon by reasonably prudent persons in the conduct of their affairs. The officer or person who issued the notice of municipal code violation shall not be required to participate in an administrative review or hearing. The agency that issued the municipal code violation need not produce any evidence other than the notice of municipal code violation or copy thereof and information received from an appropriate state or local agency identifying the property owner of record. Such documentation in proper form shall be prima facie evidence of the municipal code violation.

6. An administrative review shall entail an informal review process through which the individual may contest a municipal code violation by mail, in person or other means approved by the administrative adjudication unit, as provided in subsection 2 of this section. The individual's right to an administrative review shall expire if the city does not receive a documented challenge to the municipal code violation within seven calendar days of issuing the original violation or the time period prescribed by local ordinance, whichever is later. In a city, county, or township adopting the two-step administrative adjudication process, individuals who fail to exercise their right to an administrative review in accordance with the prescribed rules shall also lose their right to an administrative hearing. The administrative adjudication unit, as provided in subsection 2 of this section, shall appoint or contract with qualified individuals to conduct administrative reviews.

7. An administrative hearing shall entail a formal hearing through which the individual may contest a municipal code violation or, for a city, county, or township with a two-step appeal process, an administrative review finding in person before an administrative hearing officer. Administrative hearings shall be scheduled with reasonable promptness and any notice of an administrative hearing shall include the code violation type and nature, the administrative hearing date and location, the legal authority and jurisdiction of the administrative adjudication unit, as provided in this section, and the penalties for failing to appear at the hearing. The individual's right to an administrative hearing shall expire if the city does not receive a written challenge to the administrative review results within seven calendar days of notifying the individual of the results of the administrative review or, if the municipality has a one-step appeal process, fourteen calendar days of issuing the original violation.

8. The administrative adjudication unit, as provided in this section, shall appoint or contract with qualified administrative hearing officers to preside over administrative hearings. As impartial and independent fact finders, administrative hearing officers may:

- (1) Hear testimony and review relevant evidence;
- (2) Issue subpoenas directing witnesses to appear and give relevant testimony;
- (3) Preserve and authenticate hearing records and evidence;
- (4) Issue written findings of fact and conclusions of law, including the fine, penalty, or action with which the parties must comply; and
- (5) Impose penalties and assess costs consistent with applicable law.

An administrative hearing officer shall be an attorney licensed to practice law in the state of Missouri for at least three years and possess sufficient competence to adjudicate municipal code violations, including, but not limited to, experience in administrative law, familiarity with the rules of procedure for administrative hearings, and a working knowledge of each subject area of the municipal code violations that they will adjudicate. An administrative hearing officer's employment and compensation shall not, directly or indirectly, be linked to the amount of fines. The municipality may establish additional policies and procedures for ensuring that administrative hearing officers demonstrate the objectivity and qualifications necessary to conduct fair, impartial, and expeditious hearings.

9. An administrative adjudication unit may not impose a penalty of incarceration or a fine in excess of the amount allowed by state or local law. Any fine, other sanction, or costs imposed, or part of any fine, other

sanction, or costs imposed, remaining unpaid after the exhaustion of or the failure to exhaust judicial review procedures pursuant to chapter 536, RSMo, are a debt due and owing the municipality and may be collected in accordance with applicable law. Any fine, sanction, costs, or other charges assessed by the administrative adjudication unit shall be deposited into the municipal treasury in accordance with applicable state and local laws and rules for that particular municipality.

10. Any final decision by an administrative adjudication unit, as provided in this section, that a code violation does or does not exist shall constitute a final determination for purposes of judicial review and shall be subject to review pursuant to chapter 536, RSMo.

11. After expiration of the period in which judicial review pursuant to chapter 536, RSMo, may be sought for a final determination of a municipal code violation, unless stayed by a court of competent jurisdiction, the findings of fact and conclusions of law of the administrative hearing officer may be enforced in the same manner as a judgment entered by a court of competent jurisdiction. If a defendant fails to comply with an order of the administrative hearing officer, any expenses incurred by the municipality to enforce the order, including, but not limited to, attorney, court, administrative, vehicle storage, and property demolition or foreclosure costs, after they are fixed by an administrative hearing officer or a court of competent jurisdiction, shall be a debt due the municipality and may be collected in accordance with applicable law. Upon being recorded in the manner required by state law or the uniform commercial code, a lien may be imposed on the real or personal property, or both, of the defendant in the amount of any debt due the municipality pursuant to this section. The lien may be enforced in the same manner as a judgment lien pursuant to a judgment of a court of competent jurisdiction."; and

Further amend the title and enacting clause accordingly.

Senator Dolan moved that the above amendment be adopted, which motion prevailed.

Journal of the Senate

FIRST REGULAR SESSION

SIXTY-THIRD DAY--WEDNESDAY, APRIL 30, 2003

The Senate met pursuant to adjournment.

President Maxwell in the Chair.

Reverend Carl Gauck offered the following prayer:

"It was you who created my inmost self, and put me together in my mother's womb; for all these mysteries I thank you: for the wonder of myself, for the wonder of your works."
(Psalm 139:13, 14)

Gracious God, during these days help us to find time to care for our bodies, to eat right and exercise and make time for quieting our minds and silence for our souls. We will need energy and endurance for the days ahead and we ask that You help us achieve that and be still with You, our God. In Your Holy Name we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

A quorum being established, the Senate proceeded with its business.

The Journal of the previous day was read and approved.

Photographers from KRCG-TV, KOMU-TV, the Associated Press, and KMIZ-TV were given permission to take pictures in the Senate Chamber today.

SENATE AMENDMENT NO. 13

Amend Senate Substitute for Senate Substitute for Senate Committee Substitute for House Committee Substitute for House Bill No. 600, Page 15, Section 136.325, Line 21, by inserting after all of said line the following:

"143.121. 1. The Missouri adjusted gross income of a resident individual shall be his federal adjusted gross income subject to the modifications in this section.

2. There shall be added to his federal adjusted gross income:

(a) The amount of any federal income tax refund received for a prior year which resulted in a Missouri income tax benefit;

(b) Interest on certain governmental obligations excluded from federal gross income by Section 103 of the Internal Revenue Code. The previous sentence shall not apply to interest on obligations of the state of Missouri or any of its political subdivisions or authorities and shall not apply to the interest described in subdivision (a) of subsection 3 of this section. The amount added under this paragraph shall be reduced by the amounts applicable to such interest that would have been deductible in computing the taxable income of the taxpayer except only for the application of Section 265 of the Internal Revenue Code. The reduction shall only be made if it is at least five hundred dollars;

(c) The amount of any deduction that is included in the computation of federal taxable income under Section 168 of the Internal Revenue Code as amended by the Job Creation and Worker Assistance Act of 2002 to the extent the amount deducted relates to property purchased on or after July 1, 2002, but before July 1, [2003] **2004**, and to the extent the amount deducted exceeds the amount that would have been deductible under Section 168 of the Internal Revenue Code of 1986 as in effect on January 1, 2002; and

(d) The amount of any deduction that is included in the computation of federal taxable income for net operating loss allowed by Section 172 of the Internal Revenue Code of 1986, as amended, except for any deduction for net operating loss the taxpayer claims in the tax year in which the net operating loss occurred or carries forward for a period not to exceed twenty years and carries backward for not more than two years.

3. There shall be subtracted from his federal adjusted gross income the following amounts to the extent included in federal adjusted gross income:

(a) Interest or dividends on obligations of the United States and its territories and possessions or of any authority, commission or instrumentality of the United States to the extent exempt from Missouri income taxes under the laws of the United States. The amount subtracted under this paragraph shall be reduced by any interest on indebtedness incurred to carry the described obligations or securities and by any expenses incurred in the production of interest or dividend income described in this paragraph. The reduction in the previous sentence shall only apply to the extent that such expenses including amortizable bond premiums are deducted in determining his federal adjusted gross income or included in his Missouri itemized deduction. The reduction shall only be made if the expenses total at least five hundred dollars;

(b) The portion of any gain, from the sale or other disposition of property having a higher adjusted basis to the taxpayer for Missouri income tax purposes than for federal income tax purposes on December 31, 1972, that does not exceed such difference in basis. If a gain is considered a long-term capital gain for federal income tax purposes, the modification shall be limited to one-half of such portion of the gain;

(c) The amount necessary to prevent the taxation under sections 143.011 to 143.996 of any annuity or other amount of income or gain which was properly included in income or gain and was taxed under the laws of Missouri for a taxable year prior to January 1, 1973, to the taxpayer, or to a decedent by reason of whose death the taxpayer acquired the right to receive the income or gain, or to a trust or estate from which the taxpayer received the income or gain;

(d) Accumulation distributions received by a taxpayer as a beneficiary of a trust to the extent that the same are included in federal adjusted gross income;

(e) The amount of any state income tax refund for a prior year which was included in the federal adjusted gross income;

(f) The portion of capital gain specified in subsection 3 of section 144.747, RSMo, that would otherwise be included in federal adjusted gross income; and

(g) The amount that would have been deducted in the computation of federal taxable income under Section 168 of the Internal Revenue Code as in effect on January 1, 2002, to the extent that amount relates to property purchased on or after July 1, 2002, but before July 1, [2003] **2004**, and to the

extent that amount exceeds the amount actually deducted under Section 168 of the Internal Revenue Code as amended by the Job Creation and Worker Assistance Act of 2002.

4. There shall be added to or subtracted from his federal adjusted gross income the taxpayer's share of the Missouri fiduciary adjustment provided in section 143.351.

5. There shall be added to or subtracted from his federal adjusted gross income the modifications provided in section 143.411."; and

Further amend the title and enacting clause accordingly.

Senator Mathewson moved that the above amendment be adopted, which motion prevailed.

Senator Jacob offered **SA 14**:

SENATE AMENDMENT NO. 14

Amend Senate Substitute for Senate Substitute for Senate Committee Substitute for House Committee Substitute for House Bill No. 600, Page 24, Section 143.225, Line 28 of said page, by inserting after all of said line the following:

"143.431. 1. The Missouri taxable income of a corporation taxable under sections 143.011 to 143.996 shall be so much of its federal taxable income for the taxable year, with the modifications specified in subsections 2 and 3 of this section, as [is derived from sources within] **apportioned to** Missouri as provided in section 143.451. The tax of a corporation shall be computed on its Missouri taxable income at the rates provided in section 143.071.

2. There shall be added to or subtracted from federal taxable income, the modifications to adjusted gross income provided in section 143.121 and the applicable modifications to itemized deductions provided in section 143.141. There shall be subtracted the federal income tax deduction provided in section 143.171. There shall be subtracted, to the extent included in [federal] **Missouri** taxable income, corporate dividends [from sources within Missouri].

3. (1) If an affiliated group of corporations files a consolidated income tax return for the taxable year for federal income tax purposes [and fifty percent or more of its income is derived from sources within this state as determined in accordance with section 143.451], then it may elect to file a Missouri consolidated income tax return. The federal consolidated taxable income of the electing affiliated group for the taxable year shall be its federal taxable income.

(2) So long as a federal consolidated income tax return is filed, an election made by an affiliated group of corporations to file a Missouri consolidated income tax return may be withdrawn or revoked only upon substantial change in the law or regulations adversely changing tax liability under this chapter; or, with permission of the director of revenue upon the showing of good cause for such action. After such a withdrawal or revocation with respect to an affiliated group, it may not file a Missouri consolidated income tax return for five years thereafter, except with the approval of the director of revenue, and subject to such terms and conditions as he may prescribe.

(3) No corporation which is part of an affiliated group of corporations filing a Missouri consolidated income tax return shall be required to file a separate Missouri corporate income tax return for the taxable year.

(4) For each taxable year an affiliated group of corporations filing a federal consolidated income tax return does not file a Missouri consolidated income tax return, for purposes of computing the Missouri income tax, the federal taxable income of each member of the affiliated group shall be determined as if a separate federal income tax return had been filed by each such member.

(5) The director of revenue may prescribe such regulations not inconsistent with the provisions of this chapter as he may deem necessary in order that the tax liability of any affiliated group of corporations making a Missouri consolidated income tax return, and of each corporation in the group, before, during, and after the period of affiliation, may be returned, determined, computed, assessed, collected, and adjusted, in such manner as clearly to reflect the Missouri taxable income [derived from sources within this state] and in order to prevent avoidance of such tax liability.

143.435. 1. As used in this section, the following terms mean:

(1) "**Affiliated group**", as defined in section 1504 of the Internal Revenue Code;

(2) "**Intangible expenses and costs**", includes:

(a) Expenses, losses, and costs for, related to, or in connection directly or indirectly with the direct or indirect acquisition, use, maintenance, or management, ownership, sale, exchange, or any other disposition of intangible property to the extent such amounts are allowed as deductions or costs in determining taxable income before operating loss deduction and special deductions for the taxable year under the Internal Revenue Code;

(b) Losses related to or incurred in connection directly or indirectly with factoring transactions or discounting transactions;

(c) Royalty, patent, technical, and copyright fees;

(d) Licensing fees; and

(e) Other similar expenses and costs;

(3) "Intangible property", patents, patent applications, trade names, trademarks, service marks, copyrights, and similar types of intangible assets;

(4) "Interest expenses and costs", amounts directly or indirectly allowed as deductions under section 163 of the Internal Revenue Code of 1986, as amended, for purposes of determining taxable income under the Internal Revenue Code of 1986, as amended, to the extent such expenses and costs are directly or indirectly for, related to, or in connection with the direct or indirect acquisition, maintenance, management, ownership, sale, exchange, or disposition of intangible property;

(5) "Related entity" means:

(a) A stockholder who is an individual, or a member of the stockholder's family enumerated in section 318 of the Internal Revenue Code of 1986, as amended, if the stockholder and the members of the stockholder's family own, directly, indirectly, beneficially, or constructively, in the aggregate, at least fifty percent of the value of the taxpayer's outstanding stock;

(b) A stockholder, or a stockholder's partnership, limited liability company, estate, trust, or corporation, if the stockholder and the stockholder's partnerships, limited liability companies, estates, trusts, and corporations own directly, indirectly, beneficially, or constructively, in the aggregate, at least fifty percent of the value of the taxpayer's outstanding stock; or

(c) A corporation, or a party related to the corporation in a manner that would require an attribution of stock from the corporation to the party or from the party to the corporation under the attribution rules of section 318 of the Internal Revenue Code of 1986, as amended, if the taxpayer owns directly, indirectly, beneficially, or constructively, at least fifty percent of the value of the corporation's outstanding stock. The attribution rules of section 318 of the Internal Revenue Code of 1986, as amended, shall apply for purposes of determining whether the ownership requirements of this subdivision have been met;

(6) "Related member", a person that, with respect to the taxpayer during all or any portion of the taxable year, is a related entity, a component member as defined in section 1563(b) of the Internal Revenue Code of 1986, as amended, or is a person to or from whom there is attribution of stock ownership in accordance with section 1563(3) of the Internal Revenue Code of 1986, as amended.

2. For purposes of computing its Missouri taxable income under section 143.431, a corporation shall add to its federal taxable income any amount deducted in the calculation of its federal taxable income for interest expenses and costs and intangible expenses and costs directly or indirectly paid, accrued, or incurred to, or in connection directly or indirectly with one or more direct or indirect transactions with one or more related members for the taxable year.

3. The adjustments required in subsection 2 of this section shall not apply to such portion of interest expenses and costs and intangible expenses and costs that the corporation can establish by the preponderance of the evidence meets both of the following:

(1) The related member during the same income year directly or indirectly paid, accrued, or incurred such portion to a person who is not a related member; and

(2) The transaction giving rise to the interest expenses and costs or the intangible expenses and costs between the corporation and the related member did not have as a principal purpose the avoidance of any portion of the tax due under this chapter.

4. The director of the department of revenue shall promulgate rules and regulations necessary to administer the provisions of this section. No rule or portion of a rule promulgated pursuant to the authority of this section shall become effective unless it has been promulgated pursuant to chapter 536, RSMo.

143.451. 1. Missouri taxable income of a corporation shall include all income [derived from sources within this state] as apportioned pursuant to this section.

2. A corporation described in subdivision (1) of subsection 1 of section 143.441 shall include in its Missouri taxable income all income [from sources within this state], including that from the transaction of business in this state and that from the transaction of business partly done in this state and partly done in another state or states. However:

(1) Where income results from a transaction partially in this state and partially in another state or states, and income and deductions of the portion in the state cannot be segregated, then such portions of income and deductions shall be allocated in this state and the other state or states as will distribute to this state a portion based upon the portion of the transaction in this state and the portion in such other state or states.

(2) The taxpayer may elect to [compute the portion of] **apportion** income [from all sources in this state] **to Missouri** in the following manner:

(a) [The] **All federal taxable** income [from all sources] **for the taxable year with the modifications specified in subsections 2 and 3 of section 143.431** shall be determined as provided, excluding therefrom the figures for the operation of any bridge connecting this state with another state.

(b) The amount of sales which are transactions wholly in this state shall be added to one-half of the amount of sales which are transactions partly within this state and partly without this state, and the amount thus obtained shall be divided by the total sales or in cases where sales do not express the volume of business, the amount of business transacted wholly in this state shall be added to one-half of the amount of business transacted partly in this state and partly outside this state and the amount thus obtained shall be divided by the total amount of business transacted, and [the net] **all federal taxable** income **for the taxable year with the modifications specified in subsections 2 and 3 of section 143.431** shall be multiplied by the

fraction thus obtained, to determine the proportion of income to be used to arrive at the amount of Missouri taxable income. [The investment or reinvestment of its own funds, or sale of any such investment or reinvestment, shall not be considered as sales or other business transacted for the determination of said fraction.]

(3) For the purposes of this section, a transaction involving the sale of tangible property is:

(a) "Wholly in this state" if both the seller's shipping point and the purchaser's destination point are in this state;

(b) "Partly within this state and partly without this state" if the seller's shipping point is in this state and the purchaser's destination point is outside this state, or the seller's shipping point is outside this state and the purchaser's destination point is in this state;

(c) Not "wholly in this state" or not "partly within this state and partly without this state" only if both the seller's shipping point and the purchaser's destination point are outside this state;

(d) For purposes of this subdivision the purchaser's destination point shall be determined without regard to the FOB point or other conditions of the sale, and the seller's shipping point is determined without regard to the location of the seller's principal office or place of business.

(4) For purposes of this subsection, the following words shall, unless the context otherwise requires, have the following meaning:

(a) "Administration services" include, but are not limited to, clerical, fund or shareholder accounting, participant record keeping, transfer agency, bookkeeping, data processing, custodial, internal auditing, legal and tax services performed for an investment company;

(b) "Affiliate", the meaning as set forth in 15 U.S.C. Section 80a-2(a)(3)(C), as may be amended from time to time;

(c) "Distribution services" include, but are not limited to, the services of advertising, servicing, marketing, underwriting or selling shares of an investment company, but, in the case of advertising, servicing or marketing shares, only where such service is performed by a person who is, or in the case of a closed end company, was, either engaged in the services of underwriting or selling investment company shares or affiliated with a person that is engaged in the service of underwriting or selling investment company shares. In the case of an open end company, such service of underwriting or selling shares must be performed pursuant to a contract entered into pursuant to 15 U.S.C. Section 80a-15(b), as from time to time amended;

(d) "Investment company", any person registered under the federal Investment Company Act of 1940, as amended from time to time, (the act) or a company which would be required to register as an investment company under the act except that such person is exempt to such registration pursuant to Section 80a-3(c)(1) of the act;

(e) "Investment funds service corporation" includes any corporation or S corporation doing business in the state which derives more than fifty percent of its gross income in the ordinary course of business from the provision directly or indirectly of management, distribution or administration services to or on behalf of an investment company or from trustees, sponsors and participants of employee benefit plans which have accounts in an investment company. An investment funds service corporation shall include any corporation or S corporation providing management services as an investment advisory firm registered under Section 203 of the Investment Advisors Act of 1940, as amended from time to time, regardless of the percentage of gross revenues consisting of fees from management services provided to or on behalf of an investment company;

(f) "Management services" include but are not limited to, the rendering of investment advice directly or indirectly to an investment company making determinations as to when sales and purchases of securities are to be made on behalf of the investment company, or the selling or purchasing of securities constituting assets of an investment company, and related activities, but only where such activity or activities are performed:

(g) "Qualifying sales", gross income derived from the provision directly or indirectly of management, distribution or administration services to or on behalf of an investment company or from trustees, sponsors and participants of employee benefit plans which have accounts in an investment company. For purposes of this section, gross income is defined as that amount of income earned from qualifying sources without deduction of expenses related to the generation of such income;

(h) "Residence", presumptively the fund shareholder's mailing address on the records of the investment company. If, however, the investment company or the investment funds service corporation has actual knowledge that the fund shareholder's primary residence or principal place of business is different than the fund shareholder's mailing address such presumption shall not control. To the extent an investment funds service corporation does not have access to the records of the investment company, the investment funds service corporation may employ reasonable methods to determine the investment company fund shareholder's residence.

(5) Notwithstanding other provisions of law to the contrary, qualifying sales of an investment funds service corporation, or S corporation, shall be considered wholly in this state only to the extent that the fund shareholders of the investment companies, to which the investment funds service corporation, or S corporation, provide services, are resided in this state. Wholly in this state qualifying sales of an investment funds service corporation, or S corporation, shall be determined as follows:

(a) By multiplying the investment funds service corporation's total dollar amount of qualifying sales from services provided to each investment

company by a fraction, the numerator of which shall be the average of the number of shares owned by the investment company's fund shareholders resided in this state at the beginning of and at the end of the investment company's taxable year that ends with or within the investment funds service corporation's taxable year, and the denominator of which shall be the average of the number of shares owned by the investment company's fund shareholders everywhere at the beginning of and at the end of the investment company's taxable year that ends with or within the investment funds service corporation's taxable year;

(b) A separate computation shall be made to determine the wholly in this state qualifying sales from each investment company. The qualifying sales for each investment company shall be multiplied by the respective percentage of each fund, as calculated pursuant to paragraph (a) of this subdivision. The product of this equation shall result in the wholly in this state qualifying sales. The qualifying sales for each investment company which are not wholly in this state will be considered wholly without this state;

(c) To the extent an investment funds service corporation has sales which are not qualifying sales, those nonqualified sales shall be apportioned to this state based on the methodology utilized by the investment funds service corporation without regard to this subdivision.

3. Any corporation described in subdivision (1) of subsection 1 of section 143.441 organized in this state or granted a permit to operate in this state for the transportation or care of passengers shall report its gross earnings within the state on intrastate business and shall also report its gross earnings on all interstate business done in this state which report shall be subject to inquiry for the purpose of determining the amount of income to be included in Missouri taxable income. The previous sentence shall not apply to a railroad.

4. A corporation described in subdivision (2) of subsection 1 of section 143.441 shall include in its Missouri taxable income all **federal taxable** income [arising from all sources in this state and all income from each transportation service wholly within this state, from each service where the only lines of such corporation used are those in this state, and such proportion of revenue from each service where the facilities of such corporation in this state and in another state or states are used] **for the taxable year with the modifications specified in subsections 2 and 3 of section 143.431**, as the mileage used over the lines of such corporation in the state shall bear to the total mileage used over the lines of such corporation. The taxpayer may elect to [compute the portion of] **apportion** income [from all sources within this state] in the following manner:

(1) The income [from all sources] **apportioned to Missouri** shall be determined as provided;

(2) The amount of investment of such corporation on December thirty-first of each year in this state in fixed transportation facilities, real estate and improvements, plus the value on December thirty-first of each year of any fixed transportation facilities, real estate and improvements in this state leased from any other railroad shall be divided by the sum of the total amount of investment of such corporation on December thirty-first of each year in fixed transportation facilities, real estate and improvements, plus the value on December thirty-first of each year, of any fixed transportation facilities, real estate and improvements leased from any other railroad. Where any fixed transportation facilities, real estate or improvements are leased by more than one railroad, such portion of the value shall be used by each railroad as the rental paid by each shall bear to the rental paid by all lessees. The income shall be multiplied by the fraction thus obtained to determine the proportion to be used to arrive at the amount of Missouri taxable income.

5. A corporation described in subdivision (3) of subsection 1 of section 143.441 shall include in its Missouri taxable income one-half of the net income from the operation of a bridge between this and another state. If any such bridge is owned or operated by a railroad corporation or corporations, or by a corporation owning a railroad corporation using such bridge, then the figures for operation of such bridge may be included in the return of such railroad or railroads; or if such bridge is owned or operated by any other corporation which may now or hereafter be required to file an income tax return, one-half of the income or loss to such corporation from such bridge may be included in such return by adding or subtracting same to or from another net income or loss shown by the return.

6. A corporation described in subdivision (4) of subsection 1 of section 143.441 shall include in its Missouri taxable income all **federal taxable** income [arising from all sources within this state. Income shall include revenue from each telephonic or telegraphic service rendered wholly within this state; from each service rendered for which the only facilities of such corporation used are those in this state; and from each service rendered over the facilities of such corporation in this state and in other state or states, such proportion of such revenue] as the mileage involved in this state shall bear to the total mileage involved over the lines of said company in all states. The taxpayer may elect to [compute the portion of] **apportion** income [from all sources within this state] in the following manner:

(1) The income [from all sources] **apportioned to Missouri** shall be determined as provided;

(2) The amount of investment of such corporation on December thirty-first of each year in this state in telephonic or telegraphic facilities, real estate and improvements thereon, shall be divided by the amount of the total investment of such corporation on December thirty-first of each year in telephonic or telegraphic facilities, real estate and improvements. The income of the taxpayer shall be multiplied by fraction thus obtained to determine the proportion to be used to arrive at the amount of Missouri taxable income.

7. [From the income determined in subsections 2, 3, 4, 5 and 6 of this section to be from all sources within this state shall be deducted such of the deductions for expenses in determining Missouri taxable income as were incurred in this state to produce such income and all losses actually sustained in this state in the business of the corporation.

8. If a corporation derives only part of its income from sources within] **If a corporation apportions to Missouri less than one hundred percent of its federal taxable income for the taxable year with modifications specified in subsections 2 and 3 of section 143.431**, its Missouri taxable income shall only reflect the effect of the following listed deductions to the extent applicable to Missouri. The deductions are: (a) its deduction for federal income taxes pursuant to section 143.171, and (b) the effect on Missouri taxable income of the deduction for net operating loss allowed by Section 172 of the Internal Revenue Code. The extent applicable to Missouri shall be determined by multiplying the amount that would otherwise affect Missouri taxable income by the ratio for the year of the Missouri taxable income of the corporation for the year divided by the Missouri

taxable income for the year as though the corporation had [derived all of its income from sources within] **one hundred percent of its income apportioned to Missouri**. For the purpose of the preceding sentence, Missouri taxable income shall not reflect the listed deductions.

[9.] **8.** Any investment funds service corporation organized as a corporation or S corporation which has any shareholders resided in this state shall be subject to Missouri income tax as provided in this chapter."; and

(1) "Controlled substance", any drug or substance, whether real or counterfeit, as defined in section 149.011 which is held, possessed, transported, transferred, sold or offered to be sold in violation of state law, except that the term shall not include marijuana;

(2) "Dealer", any person who illegally manufactures, produces, ships, transports or imports into the state or in any manner acquires or possesses more than twenty-eight grams of marijuana, or more than one gram of any controlled substance, or ten or more dosage units of any controlled substance which is not sold by weight;

(3) "Director", the director of the department of revenue;

(4) "Domestic marijuana plant", any cannabis plant at any level of growth which is harvested or tended, manicured, irrigated, fertilized or where there is other evidence that it has been treated in any other way in an effort to enhance growth;

(5) "Marijuana", any marijuana, whether real or counterfeit, as defined in section 149.011 which is held, possessed, transported, transferred, sold or offered to be sold.

144.533. 1. There is hereby imposed a tax upon marijuana, domestic marijuana plants and controlled substances at the following rates:

(1) On each gram of marijuana, or each portion of a gram, three dollars and fifty cents;

(2) On each gram of a wet domestic marijuana plant, forty cents;

(3) On each gram of a dry domestic marijuana plant, ninety cents;

(4) On each gram of controlled substance, or portion of a gram, two hundred dollars; and

(5) On each fifty dosage units of a controlled substance that is not sold by weight, or portion thereof, two thousand dollars.

2. For the purpose of calculating such tax, an ounce of marijuana or other controlled substance is measured by the weight of the substance in the dealer's possession. The weight of the marijuana or controlled substance includes all material, mixture or preparation that is added to the marijuana or controlled substance.

144.536. 1. The director shall administer the collection of the tax imposed pursuant to section 144.533. All tax payments shall be made to the director, and shall be accompanied by a form devised and furnished by the director.

2. The director shall adopt a uniform system of providing, affixing and displaying official stamps, labels or other indicia for marijuana and controlled substances upon which a tax is imposed.

3. The director may promulgate rules and regulations necessary to administer and enforce the provisions of sections 144.530 to 144.563.

144.539. 1. No dealer may possess any marijuana, domestic marijuana plant or controlled substance upon which a tax is imposed pursuant to section 144.533 unless the tax has been paid as evidenced by an official stamp or other indicia.

2. Official stamps, labels or other indicia to be affixed to all marijuana, domestic marijuana plants or controlled substances shall be purchased from the director. The purchaser shall pay one hundred percent of face value for each stamp, label or other indicia at the time of purchase. Each such stamp, label or other indicia shall only be valid for three months after its date of issuance. Each stamp or other official indicia may be used only once.

4. Taxes imposed upon marijuana, domestic marijuana plants or controlled substances pursuant to the provisions of sections 144.530 to 144.563 are due and payable immediately upon acquisition or possession in this state by a dealer.

144.542. 1. At such time as the director shall determine that a dealer has not paid the tax as directed pursuant to section 144.539 the director may immediately assess a tax based on personal knowledge or information available to the director; mail to the taxpayer at the taxpayer's last known address or serve in person, a written notice of the amount of tax, penalties and interest; and demand its immediate payment. If payment is not immediately made, because collection of every assessment made hereunder is presumed to be in jeopardy due to the nature of the commodity being taxed, the director may immediately collect the tax, penalties and interest in any manner pursuant to section 144.563.

2. The taxpayer may appeal the assessment within fifteen days from the date of mailing of the notice or the date of personal service of the notice given pursuant to subsection 1 of this section, by requesting in writing a hearing by the director on the correctness of the assessment. The hearing shall be conducted in accordance with the provisions of chapter 536, RSMo. An appeal of the assessment shall not stay the collection of the assessment but shall stay the sale of real or personal property seized pursuant to section 144.563 until the director rules on the correctness of the assessment.

3. The tax, penalties and interest assessed by the director are presumed to be valid and correctly determined and assessed. The burden is upon the taxpayer to show their incorrectness or invalidity. Any statement filed by the director with the court or any other certificate by the director of the amount of tax, penalties and interest determined or assessed is admissible in evidence and constitutes prima facie evidence of the facts it contains.

4. In making an assessment pursuant to subsection 1 of this section, the director may consider a plea agreement or judicial determination made in any criminal case.

5. All taxes not paid to the director of revenue by the person required to remit the same on the date when the same becomes due and payable to the director of revenue shall bear interest at the rate determined by section 32.065, RSMo, from and after such date until paid.

144.545. Neither the director nor a public employee may reveal facts contained in a report or return required by sections 144.530 to 144.563. No information contained in such a report or return may be used against the dealer in any criminal proceeding unless independently obtained, except in connection with a proceeding involving taxes due pursuant to the provisions of sections 144.530 to 144.563 from the taxpayer making the return.

144.548. For the purpose of determining the correctness of any return, determining the amount of tax that should have been paid, determining whether or not the dealer should have made a return or paid taxes, or collecting any taxes pursuant to the provisions of sections 144.530 to 144.563, the director may examine, or cause to be examined, any books, papers, records or memoranda, that may be relevant to making such determinations, whether the books, papers, records or memoranda, are the property of or in the possession of the dealer or another person. The director may require the attendance of any person having knowledge or information that may be relevant, compel the production of books, papers, records or memoranda by persons required to attend, take testimony on matters material to the determination, and administer oaths or affirmations. Upon demand of the director or any examiner or investigator, the court shall issue a subpoena for the attendance of a witness or the production of books, papers, records or memoranda. The director may also issue subpoenas.

Disobedience of subpoenas issued pursuant to the provisions of sections 144.530 to 144.563 is punishable by the circuit court of the county or city not within a county in which the subpoena is issued, or, if the subpoena is issued by the director, by the circuit court of the county or city not within a county in which the party served with the subpoena is located, in the same manner as contempt of court.

144.551. Any dealer violating the provisions of sections 144.530 to 144.563 is subject to a penalty of one hundred percent of the tax in addition to the tax imposed pursuant to section 144.533.

144.554. Nothing in sections 144.530 to 144.563 shall in any manner provide immunity for a dealer from criminal prosecution.

144.557. The director shall submit annually fifty percent of all moneys received from the collection of taxes and from assessments of delinquent taxes and penalties imposed pursuant to the provisions of sections 144.530 to 144.563 to the state treasurer, who shall deposit the entire amount thereof in the state treasury and credit the same to the general revenue fund of which one-half shall be for the purpose of and to be appropriated for funding the foundation formula, pursuant to the provisions of section 163.031, RSMo. The director shall remit annually fifty percent of all moneys received from the collection of taxes and from assessments of delinquent taxes and penalties imposed pursuant to the provisions of sections 144.530 to 144.563 as follows:

- (1) If the law enforcement agency which conducted the investigation is a county agency, the entire amount shall not be considered state funds and shall be deposited in the county treasury and credited to a special law enforcement trust fund for use solely for law enforcement and criminal prosecution purposes; or
- (2) If the law enforcement agency which conducted the investigation is a city agency, the entire amount shall not be considered state funds and shall be deposited in the city treasury and credited to a special law enforcement trust fund for use solely for law enforcement and criminal prosecution purposes; or
- (3) If the law enforcement agency which conducted the investigation is a state agency, the entire amount shall be deposited in the state general revenue fund to be appropriated to the state agency for use in law enforcement purposes; or
- (4) If more than one law enforcement agency is substantially involved in the investigative process, the amount shall not be considered state funds and shall be distributed equally among the city, county and state law enforcement agencies involved and credited to the appropriate county and city special law enforcement trust funds and state law enforcement agency funds unless an alternate distribution is mutually agreed upon by the law enforcement agencies involved and submitted in writing to the director.

Funds received shall not be considered to be a source of revenue to meet normal operating expenses of law enforcement agencies.

144.563. 1. Whenever a taxpayer liable to pay any tax, penalty or interest assessed pursuant to section 144.542, refuses or neglects to immediately pay the amount due, the director may issue one or more warrants for the immediate collection of the amount due, directed to the chief law enforcement officer of any county or city not within a county commanding the chief law enforcement officer to seize and sell the real and personal property of the taxpayer found within the county or city not within a county to satisfy the amount specified on the warrant and the cost of executing the warrant. The director may also issue one or more warrants directed to any employee of the department of revenue commanding the employee to seize and sell the real and personal property of the taxpayer found anywhere within the state to satisfy the amount specified on the warrant and the cost of executing the warrant. A copy of the warrant shall also be mailed to the taxpayer at the taxpayer's last known address or served upon the taxpayer in person.

2. SENATE AMENDMENT NO. 25

Amend Senate Substitute for Senate Substitute for Senate Committee Substitute for House Committee Substitute for House Bill No. 600, Page 78, Section 2, Line 27 of said page, by inserting after all of said line the following:

"Section 3. 1. The state shall have power to contract, or to authorize the contracting of, a debt or liability on behalf of the state, and to issue bonds or other evidence of indebtedness therefor, not exceeding in the aggregate two billion dollars, for the purpose of technology and infrastructure upgrading, repairing, remodeling, or rebuilding the elementary and secondary public schools of this state, and for building additions thereto and additional elementary and secondary public school buildings where necessary. No more than twenty-five percent of the revenue from such bonds shall be expended in any three-fiscal-year period. The proceeds of the sale or sales of any bonds issued pursuant to this subsection shall be paid into the state treasury and be credited to the "Public School Infrastructure Fund", which is hereby created in the state treasury. The state board of education shall determine criteria where local school districts can draw money from the fund on a matching basis to be determined by the board.

2. All such bonds shall bear interest at a rate not exceeding the rate set by law, payable semiannually, except that the first interest payable thereon may be paid not later than one year from the date of issuance, and maturing not later than twenty years from the date of issuance. Such bonds shall be issued by the state board of fund commissioners in such amount, from time to time, as may be necessary to fully fund the purposes established in subsection 1 of this section as determined by the state.

3. The proceeds of the sale of the bonds herein authorized shall be expended pursuant to the provisions of this section.

4. All such bonds and the interest thereon shall be paid out of the public school infrastructure bond interest and sinking fund, which is hereby created in the state treasury. Upon the issuance of such bonds, or any portion thereof, the state board of fund commissioners shall notify the commissioner of administration of the amount of money required, in the remaining portion of the fiscal year during which said bonds shall have been issued, for the payment of interest on said bonds, and of the amount of money required for the payment of interest on said bonds in the next succeeding fiscal year, and for the establishment and maintenance of a sinking fund to pay said bonds as they mature. Thereafter, within thirty days after the beginning of each fiscal year, the state board of fund commissioners shall notify the commissioner of administration of the amount of money required for the payment of interest on said bonds in the next succeeding fiscal year and for the maintenance of the sinking fund to pay said bonds maturing in such next succeeding fiscal year.

5. So long as there are outstanding bonds or other indebtedness therefor as a result of the provisions of this section, a surcharge entitled the "ABC education assessment" shall be added to the state income tax in an amount equal to one-half of one percent of Missouri taxable income. In the event that the provisions of subsection 10 of this section shall cause moneys to be appropriated toward retiring the debt established herein, the tax rate of the ABC education assessment shall be reduced in the tax year immediately following to offset the additional monies; provided, however, that the ABC education assessment tax rate shall not be reduced beyond the level necessary to:

(1) Fully pay the principal and interest maturing and accruing on said bonds during the current fiscal year; and

(2) Fund the school district equalization fund and the teacher and student achievement fund, as provided pursuant to subsection 11 of this section, at a level not less than the level of contribution to such funds by the provisions of subsection 5 of this section in the most recent prior fiscal year in which the provisions of subsection 10 of this section were not operative.

6. It shall be the duty of the commissioner of administration to transfer, at least monthly, the proceeds of the state income tax ABC education assessment to the credit of the public school infrastructure bond interest and sinking fund until there shall have been transferred to said fund the amount so certified to him or her by the state board of fund commissioners, as provided in this section.

7. If at any time after the issuance of any of said bonds, it shall become apparent to the commissioner of administration that neither the proceeds of the ABC education assessment income tax, as aforesaid, nor the provisions of subsection 10 of this section are sufficient for the payment of the principal and interest maturing and accruing on said bonds during the next succeeding fiscal year, a direct tax shall be levied upon all taxable real and tangible personal property in the state for the payment of said bonds and the interest that will accrue thereon. In such event, it shall be the duty of the commissioner of administration annually, on or before the first day of July, to determine the rate of taxation necessary to be levied upon all taxable real and tangible personal property within the state to raise the amount of money

needed to pay the principal of and interest on such bonds maturing and accruing in the next succeeding fiscal year, taking into consideration available funds, delinquencies, and costs of collection. The commissioner of administration shall annually certify the rate of taxation so determined to the county clerk of each county and to the comptroller or other officer in any city not within a county whose duty it shall be to make up and certify the tax books in which are extended the ad valorem state taxes. It shall be the duty of said clerks and said comptroller or other proper officer in any city not within a county to extend upon the tax books the taxes to be collected and to certify the same to the collectors of the revenue of their respective counties and of any city not within a county, who shall collect such taxes at the same time and in the same manner and by the same means as are now or may hereafter be provided by law for the collection of state and county taxes, and to pay the same into the state treasury for the credit of the public school infrastructure bond interest and sinking fund.

8. If at any time the balance in the public school infrastructure bond interest and sinking fund should be insufficient to pay accruing interest or maturing principal of said bonds, the state board of fund commissioners shall direct the commissioner of administration to transfer from the general revenue fund to the public school infrastructure bond interest and sinking fund the sum required for said purposes, or either of them, and said sum so transferred shall be reimbursed to the general revenue fund whenever there may be a balance in the public school infrastructure bond interest and sinking fund in excess of the amount which may then be needed to meet the accruing interest and maturing principal of said bonds during the next succeeding fiscal year.

9. All funds paid into the public school infrastructure bond interest and sinking fund shall be and stand appropriated without legislative action to the payment of principal and interest of said bonds, there to remain until paid out in discharge of the principal of said bonds and the interest accruing thereon, and no part of such fund shall be used for any other purpose so long as any of the principal of said bonds and the interest thereon shall be unpaid; provided, however, that nothing herein contained shall prevent the reimbursement from the public school infrastructure bond interest and sinking fund of the general revenue fund, as provided in this section.

10. After all such outstanding debt is retired, any remaining revenue shall be refunded on a pro rata basis as prescribed in section 18, article X of the Missouri Constitution.

SENATE AMENDMENT NO. 2

Amend House Substitute for House Committee Substitute for House Bill No. 156, Page 3, Section 188.043, Line 16, by inserting immediately after said section and line the following:

"188.180. 1. As used in this section, the following words and phrases shall mean:

- (1) "Alternatives to abortion services", services or counseling offered to pregnant woman to assist her in carrying her unborn child to term instead of having an abortion, and to assist her in caring for her dependent child or placing her child for adoption;
- (2) "Department", the department of health and senior services;
- (3) "Medical emergency", a physical condition which, on the basis of the physician's good faith clinical judgment, so complicates the medical condition of a pregnant woman as to necessitate the immediate abortion of her pregnancy to avert the death of the pregnant woman or for which a delay will create a serious risk of substantial and irreversible impairment of a major bodily function of the pregnant woman.

2. Except in case of a medical emergency, at least twenty-four hours prior to the abortion, the physician who is to perform or induce an abortion or the referring physician, or other qualified agent of either physician under the physician's supervision to whom the responsibility has been delegated by the physician, including, but not limited to, a nurse, physician assistant, or social worker, shall provide geographically indexed printed materials designed to inform the woman of public and private agencies providing alternatives to abortion services as provided by this section. The physician, a qualified physician assistant, health care practitioner, technician or social worker actually providing such materials shall sign, and shall cause the patient to sign after receiving such materials, a written statement certifying that such materials have been delivered to, and received by, the patient. All of such executed statements shall be maintained as part of the patient's medical file, subject to the confidentiality laws and rules of this state.

3. The department shall develop geographically indexed educational materials, including but not limited to brochures and other media, about positive options and alternatives to abortion, including, but not limited to, the following:

- (1) Agencies that are established and operating primarily to offer alternatives to abortion services, including agencies commonly known and referred to as crisis pregnancy centers, pregnancy resource centers and maternity homes;
- (2) Other alternatives to abortion services available to pregnant women and mothers of newborn children offered either directly by the state of Missouri or by contractors with the state of Missouri, or by private community-based programs, to assist a woman in carrying her unborn child to term instead of having an abortion, and to assist her in caring for her dependent child or placing her child for adoption, including, but not limited to prenatal care; medical and mental health care; parenting skills; drug and alcohol testing and treatment; child care; newborn or infant care; housing; utilities; educational services; food, clothing and supplies relating to pregnancy, newborn care and, parenting; adoption assistance; job training and placement; establishing and promoting responsible paternity; domestic abuse protection; and transportation.

The materials shall include a comprehensive list of the agencies providing such alternatives to abortion services, a description of the services offered by each agency, and the addresses and telephone numbers of each agency. The list shall not include any agency which performs or refers for abortion or which holds itself out as performing, inducing or referring for abortions. The following statement shall be prominently placed within such materials: "There are many public and private agencies willing and able to help you to carry your child to term, and to assist you and your child after your child is born, whether you choose to keep your child or place him or her for adoption. The State of Missouri strongly urges you to contact those agencies before making a final decision about abortion. State law requires that your physician or his or her agent give you the opportunity to call agencies like these before you undergo an abortion."

4. The department shall publicly solicit public and private agencies providing alternatives to abortion services to provide information to the department about the agency and the services rendered by the agency. The department may utilize already existing lists of agencies providing alternatives to abortion services within the state in preparing the materials required by this section, including the Adoption Awareness Law, section 191.975, RSMo.

5. The materials shall be distributed by the department to family planning clinics, abortion facilities, hospitals where abortions are performed or induced, and physicians who perform or induce abortions. Such materials shall also be available to the public through the department's Internet web site. The lack or unavailability of such materials provided by the department shall not affect the duties of the physician provided by this section to provide information and educational materials about alternatives to abortion."; and

Journal of the Senate
FIRST REGULAR SESSION

SIXTY-FOURTH DAY--THURSDAY, MAY 1, 2003

The Senate met pursuant to adjournment.

President Pro Tem Kinder in the Chair.

Pastor Douglas J. Crader, Jefferson City National Day of Prayer Task Force Chairman, offered the following prayers:

Prayer for the Nation

By Dr. Luis Palau

Our Father and our God, we thank You for the many blessings You have poured out on America and we praise You for Your mercy. You have said: "Righteousness exalts a nation, but sin is a disgrace to any people." We confess, O Lord, our national and personal sins. We repent and ask forgiveness for all actions that dishonor You. O God, bless our President and other leaders. Provide them with wisdom and move them to honor You. Deliver this great nation from all our enemies as we recommit ourselves to trust, serve and obey Your commands. We pray in the name of our Lord and Savior, Jesus Christ, Amen.

Heavenly Father, we thank You for this great nation that You have given us and for the grace to serve You in it. We humbly ask for continued direction and leadership as we face the challenges that lay before us. As Your Word says, we should "pray for all men, for kings and those in authority that we may lead a quiet and peaceable life in Godliness and honesty". Father, we pray for all our leaders because of the great burdens and responsibilities on them as they serve us, the people. We ask for healing of division in our state and national governments and the nation as a whole; because Your Word says "a house divided against itself cannot stand." We understand that our differences in life, education, backgrounds and understanding can be a problem; but we thank You that these differences can be the sources of diverse ideas that bring answers. We call out for Your wisdom and guidance as these men and women deal with these things. You have helped and guided us through many storms throughout our history as a nation and as a state and we know You will continue as we yield ourselves to Your counsel. Father, I speak blessing on the men and women in this chamber for as Your Word says they are "ministers for our good". I pray that You take care of them and their families and provide everything they need. I also take authority over any forces of darkness that would be set against them, their families, and their offices. Inscribed upon the very walls of this building are the words "righteousness exalts a nation". I pray for the courage and strength for every man, woman and child to walk in righteousness and honesty before You that we may continue to walk as a nation blessed by You and be a beacon to the world. In Jesus mighty Name we pray, Amen.

The Pledge of Allegiance to the Flag was recited.

A quorum being established, the Senate proceeded with its business.

The President requested that the Journal be read.

Senator Gibbons moved that further reading of the Journal be dispensed with and the same be approved as though having been fully read.

Senator Caskey rose to object to the dispensing of the full reading of the Journal and raised the point of order that the motion made by Senator Gibbons is out of order, as it is not an appropriate motion under the provisions of Senate Rule 97, as it does not include a request to suspend Senate Rule 3.

Senator Gross assumed the Chair.

The point of order was referred to the President Pro Tem, who took it under advisement.

At the request of Senator Caskey, his point of order and objection were withdrawn.

Senator Jacob rose to object to the dispensing of the full reading of the Journal and raised the point of order that it

would require a two-thirds vote under the provisions of Senate Rule 97, to suspend Senate Rule 3.

The point of order was referred to the President Pro Tem.

At the request of Senator Jacob, his point of order and his objection were withdrawn.

Senator Gibbons renewed his motion that further reading of the Journal be dispensed with and the same be approved as though having been fully read, which motion prevailed.

Further amend said bill, Page 12, Section 444.778, Line 50, by inserting after all of said line the following:

"490.750. 1. An environmental audit privilege as provided in sections 490.750 to 490.765 is hereby created to protect the confidentiality of communications relating to voluntary internal environmental audits.

2. Except as provided in section 490.755, an environmental audit and an environmental audit report, as defined in section 490.753, shall be privileged and shall not be admissible as evidence in any legal action in any civil, criminal or administrative proceeding, nor shall such information be required to be disclosed in response to a regulatory inspection or inquiry.

490.753. As used in sections 490.750 to 490.765, the following terms mean:

(1) "Environmental audit", a voluntary internal evaluation of one or more facilities, processes or activities regulated under the environmental laws of the United States, this state or a political subdivision thereof, or of management systems related to such facility, process or activity, that is designed to determine compliance with such laws. An environmental audit may be conducted by the owner or operator, by the owner's or operator's employees or by independent contractors;

(2) "Environmental audit report", a set of documents prepared as a result of an environmental audit, including all information and documents generated and collected by the auditor which may be based upon and may include, but shall not be limited to field notes and records of observations, samples, analytical results, findings, opinions, suggestions, conclusions, drafts, memoranda, drawings, photographs, computer-generated or electronically recorded information, maps, charts, graphs and surveys, interviews, discussions, correspondence and communications related to the environmental audit; provided that such supporting information is collected or developed for the primary purpose and in the course of an environmental audit. An environmental audit report, when completed, may have three components:

(a) An audit report prepared by the auditor, which may include the scope of the audit, the information gained in the audit, conclusions and recommendations, together with exhibits and appendices;

(b) Memoranda and documents analyzing portions or all of the audit report and discussing potential implementation issues; and

(c) An implementation plan that addresses correcting past noncompliance, improving current compliance or preventing future noncompliance;

(3) "Waive" or "waiver", disseminating the environmental audit or environmental audit report in whole or in part to someone other than the owner or operator of the facility and its employees, agents, affiliates and successors in interest, the auditor and its employees, agents, subcontractors and successors in interest, current or prospective lending institutions of the owner or operator where disclosure is required as a condition of lending, and a prospective purchaser where disclosure is made under a confidentiality agreement. Waiver does not occur when:

(a) The facility owner or operator or the auditor is compelled by an administrative body or court of competent jurisdiction to disclose all or part of the environmental audit or environmental audit report;

(b) Dissemination of the environmental audit or environmental audit report, in whole or in part, is done to prevent noncompliance or improve compliance with federal, state or local environmental laws.

490.755. 1. The privilege described in subsection 2 of section 490.750 does not apply to the extent that it is waived by the owner or operator of a facility at which an environmental audit was conducted and such owner or operator prepared or caused to be prepared the environmental audit report as a result of the audit.

2. In any proceeding before a court or administrative body, after in camera review consistent with rules of procedure, the court or administrative body may require disclosure of material for which the privilege described in subsection 2 of section 490.750 is asserted, if the court or administrative body determines that:

(1) The privilege is asserted for a fraudulent purpose;

(2) The material is not subject to the privilege; or

(3) Even if subject to the privilege, the material reasonably tends to show noncompliance with the environmental laws of the United States, the state of Missouri or a political subdivision thereof, and the party asserting the privilege did not exercise ordinary care to initiate and pursue compliance upon discovery of noncompliance. Such a determination shall not constitute a final judgment regarding compliance.

3. A party asserting the environmental audit privilege described in subsection 2 of section 490.750 has the burden of demonstrating the applicability of the privilege, including if there is evidence of noncompliance with applicable environmental laws, proof that the party exercised ordinary care to initiate and pursue compliance upon discovery of noncompliance; provided, however, that a party seeking disclosure pursuant to subdivision (1) of subsection 2 of this section has the burden of proving that the privilege is asserted for a fraudulent purpose and, in a criminal proceeding, the state has the burden of proving the conditions for disclosure set forth in subdivision (2) of subsection 2 of this section.

490.757. 1. The state, having probable cause to believe a criminal offense has been committed under the environmental laws of the state of Missouri based upon information obtained from a source independent of an environmental audit report, may obtain an environmental audit report for which a privilege is asserted pursuant to subsection 2 of section 490.750 pursuant to discovery as allowed by the Missouri supreme court rules. The state shall immediately place the report under seal and shall not review or disclose the contents of the report until ordered by a court or until the privilege is waived. The burden shall be on the state to show the information came from a source independent of an environmental audit report.

2. Within thirty days of the state obtaining an environmental audit report, the owner or operator who prepared or caused to be prepared the report may file with the appropriate court a petition requesting an in camera review in accordance with subsection 4 of this section on whether the environmental audit report or portions thereof are privileged or subject to disclosure pursuant to sections 490.750 to 490.765.

3. In a civil or administrative proceeding, the existence of an environmental audit report is subject to disclosure to the inquiring litigant. The party in possession of such report may assert the privilege in any response made. The party in possession is not required to provide the inquiring party with a copy of such report. The inquiring party may file, with the appropriate court or administrative body, a petition requesting an in camera review in accordance with subsection 4 of this section on whether the environmental audit report or portions thereof are privileged or subject to disclosure pursuant to sections 490.750 to 490.765. Failure by the inquiring party to file such petition shall forfeit the party's argument that the report is not privileged.

4. Upon filing of a petition for in camera review, the court or administrative body shall issue an order scheduling an in camera review within forty-five days of the filing of the petition to determine whether the environmental audit report or portions thereof are privileged or subject to disclosure pursuant to sections 490.750 to 490.765. In the case of a criminal proceeding, such order shall allow the prosecuting attorney, circuit attorney or attorney general to remove the seal from the report to review the report and shall place appropriate limitations on the distribution and review of the report to protect against unnecessary disclosure. The prosecuting attorney, circuit attorney or attorney general may consult with law enforcement agencies regarding the contents of the report as necessary to prepare for the in camera review. The information used in preparation for the in camera review shall not be used in any investigation or in any legal proceeding and shall otherwise be kept confidential, unless and until such information is found by the court or administrative body to be subject to disclosure.

5. In the case of a civil or administrative proceeding, the court or administrative body shall issue such order as is appropriate regarding whether the information in the report is subject to disclosure. The court or administrative body may place appropriate limitations on the distribution and review of the report to protect against unnecessary disclosure.

6. In any civil, criminal or administrative proceeding, failure to comply with the review, disclosure or use prohibitions of this section shall be the basis for suppression of any evidence arising or derived from the unauthorized review, disclosure or use. The party failing to comply with this section shall have the burden of proving that proffered evidence did not arise and was not derived from the unauthorized activity.

7. The parties may at any time stipulate to entry of an order directing that specific information contained in an environmental audit report is or is not subject to the privilege provided in subsection 2 of section 490.750.

8. Upon making a disclosure determination pursuant to subsection 2 of section 490.755, the court or administrative body may compel the disclosure only of those portions of an environmental audit report relevant to issues in dispute in the proceeding.

9. If the order requiring disclosure is made by an administrative body, the aggrieved party may seek an immediate appeal to a court of competent jurisdiction. Such appeal shall be filed within ten days after receipt of the order requiring disclosure and shall serve as an immediate stay of the order requiring disclosure.

10. Any public entity, public employee, or public official who divulges all or any part of the information contained in an environmental audit report in violation of the provisions of this section or knowingly divulges or disseminates all or any part of the information contained in an environmental audit report that was provided to such public entity, public employee or public official in violation of the provisions of this section is guilty of a class A misdemeanor.

11. Any disclosure or dissemination described in this section shall not abrogate the privilege afforded by section 490.750, provided the environmental audit report otherwise meets the requirements of sections 490.750 to 490.765.

490.759. The privilege described in subsection 2 of section 490.750 shall not extend to:

- (1)** Documents, communications, data, reports, or other information required to be collected, developed, maintained, reported or otherwise made available to a regulatory agency pursuant to the environmental laws, ordinances, regulations, permits or orders of the United States, this state, or a political subdivision thereof. This subsection shall not exclude from the privilege any observations, findings, opinions, suggestions or conclusions derived from the above by the state auditor;
- (2)** Information obtained by observation, sampling or monitoring by any regulatory agency; or
- (3)** Information obtained from a source independent of the environmental audit or the environmental audit report.

490.762. 1. For the purposes of this section, a disclosure of information by a person or entity to any division or agency within the department of natural resources regarding any information related to an environmental law is voluntary if all of the following are true:

- (1)** The disclosure is made promptly after knowledge of the information disclosed is obtained by the person or entity;
- (2)** The disclosure arises out of an environmental audit;
- (3)** The person or entity making the disclosure initiates an appropriate effort to achieve compliance, pursues compliance with due diligence and corrects the noncompliance within two years after the completion of the environmental audit. Where such evidence shows the noncompliance is the failure to obtain a permit, appropriate efforts to correct the noncompliance may be demonstrated by the submittal of a complete permit application within a reasonable time; and
- (4)** The person or entity making the disclosure cooperates with the appropriate division or agency in the department of natural resources regarding investigation of the issues identified in the disclosure.

2. For the purposes of subdivision (3) of subsection 1 of this section, upon application to the department of natural resources, the time period within which the noncompliance is required to be corrected may be extended by the department if it is not practicable to correct the noncompliance within the two-year period. A request for a de novo review of the decision of the department of natural resources may be made to the appropriate court.

3. If a person or entity is required to make a disclosure to a division or program within the department of natural resources under a specific permit condition or under an order issued by the division or program, the disclosure is not voluntary with respect to that division or program.

4. If any person or entity makes a voluntary disclosure of an environmental violation to a division or program within the department of natural resources, the department shall not seek any administrative or civil penalties associated with the issues disclosed from the person or entity nor shall the department seek any criminal penalties for negligent acts associated with the issues disclosed. The person or entity shall provide information supporting its claim that the disclosure is voluntary at the time that the disclosure is made to the division or program; in so doing, the person or entity creates a rebuttable presumption that the disclosure is voluntary.

5. To rebut the presumption that a disclosure is voluntary, the appropriate division or program shall show to the satisfaction of the respective commission in the department of natural resources, or to the department if the program is not under a commission, that the disclosure was not voluntary based upon the factors set forth in subdivisions (1), (2) and (3) of subsection 1 of this section. A decision by the commission regarding the voluntary nature of a disclosure is final agency action. The division or program shall not include any administrative penalty or seek a civil penalty or a criminal conviction for negligent acts on any underlying

environmental violation that is alleged absent a finding by the respective commission that the division or program has rebutted the presumption of voluntariness of the disclosure. The burden to rebut the presumption of voluntariness is on the division or program. A commission decision, or a department decision for a program not under a commission, regarding voluntariness may be appealed to a court of competent jurisdiction by the person or entity making the initial disclosure. Such an appeal shall be filed within ten days after receipt of the order regarding voluntariness and shall serve as an immediate stay of the order regarding voluntariness.

6. The prohibition against administrative, civil, or criminal penalties pursuant to this section does not apply if a person or entity has been found by a court or administrative body to have committed serious violations that constitute a pattern of continuous or repeated violations of environmental laws, rules, regulations, permit conditions, settlement agreements or orders on consent and that were due to separate and distinct events giving rise to the violations, within the three-year period prior to the date of the disclosure. Such a pattern of continuous or repeated violations may also be demonstrated by multiple settlement agreements related to substantially the same alleged violations concerning serious instances of noncompliance with environmental laws that occurred within the three-year period immediately prior to the date of the voluntary disclosure.

7. Except as specifically provided in this section, this section does not affect any authority the department of natural resources has to require any action associated with the information disclosed in any voluntary disclosure of an environmental violation.

490.765. Nothing in sections 490.750 to 490.765 shall limit, forfeit or abrogate the scope or nature of any statutory or common law privilege, including the critical self-analysis or self-evaluative privilege, the work product doctrine, and the attorney-client privilege."; and

204.600. Any common sewer district organized and existing pursuant to sections 204.250 to 204.270, and any sewer district organized and existing pursuant to chapter 249, RSMo, may be converted to a reorganized common sewer district pursuant to sections 204.600 to 204.700. In addition, a reorganized common sewer district may be established as provided for in sections 204.600 to 204.700. Once established, a reorganized common sewer district shall have all powers and authority of and applicable to a common sewer district organized and existing pursuant to sections 204.250 to 204.270 and applicable to a sewer district established pursuant to chapter 249, RSMo, which are not inconsistent or in conflict with sections 204.600 to 204.700.

204.605. 1. Proceedings for the new formation of a reorganized common sewer district pursuant to sections 204.600 to 204.700 shall be substantially as follows: a petition in duplicate describing the proposed boundaries of the reorganized district sought to be formed, accompanied by a plat of the proposed district, shall be filed with the clerk of the circuit court of the county wherein the proposed district is situated or with the clerk of the circuit court of the county having the largest acreage proposed to be included in the proposed district, in the event that the proposed district embraces lands in more than one county. Such petition, in addition to such boundary description, shall set forth an estimate of the number of customers of the proposed district, the necessity for the formation of the district, the probable cost of acquiring or constructing sanitary sewer improvements with the district, if appropriate, an approximation of the assessed valuation of taxable property within the district, whether the board of trustees shall be elected or appointed by the county commission, and such other information as may be useful to the court in determining whether or not the petition should be granted and a decree of incorporation entered. Such petition shall be accompanied by a cash deposit of fifty dollars as an advancement of the costs of the proceeding, and the petition shall be signed by not less than fifty voters or property owners within the proposed district and shall pray for the incorporation of the territory therein described into a reorganized common sewer district. The petition shall be verified by at least one of the signers thereof.

2. Upon the filing of the petition, the same shall be presented to the circuit court, and such court shall fix a date for a hearing on such petition, as herein provided for. Thereupon the clerk of the court shall give notice of the filing of the petition in a newspaper of general circulation in the county in which the proceedings are pending, and if the district extends into any other county or counties, such notice shall also be published in some newspaper of general circulation in such other county or counties. The notice shall contain a description of the proposed boundary lines of the district and the general purposes of the petition, and shall set forth the date fixed for the hearing on the petition, which shall not be less than fifteen nor more than twenty-one days after the date of the last publication of the notice and shall be on some regular judicial day of the court wherein the petition is pending. Such notice shall be signed by the clerk of the circuit court and shall be published in three successive issues of a weekly newspaper or in a daily paper once a week for three consecutive weeks.

3. The court, for good cause shown, may continue the case or the hearing thereon from time to time until final disposition thereof.

4. Exceptions to the formation of a district, or to the boundaries outlined in the petition for the incorporation thereof, may be made by any voter or property owner within the proposed district; provided, such exceptions are filed not less than five days prior to the date set for the hearing on the petition. Such exceptions shall specify the grounds upon which the exceptions are being made. If any such exceptions be filed, the court shall take them into consideration in passing upon the petition and shall also consider the evidence in support of the petition and in support of the exceptions made. Should the court find that the petition should be granted but that changes should be made in the boundary lines, it shall make such changes in the boundary lines as set forth in the petition as the court may deem proper, and thereupon enter its decree of incorporation, with such

boundaries as changed.

5. Should the court find that it would not be to the public interest to form such a district, the petition shall be dismissed at the costs of the petitioners. If, however, the court should find in favor of the formation of such district, the court shall enter its decree of incorporation, setting forth the boundaries of the proposed district as determined by the court under the hearing. The decree shall further contain an appointment of five voters from the district, to constitute the first board of trustees of the district. The court shall designate such trustees to staggered terms from one to five years such that one director is appointed or elected each year. The trustees thus appointed by the court shall serve for the terms thus designated and until their successors shall have been appointed or elected as provided in section 204.625. The decree shall further designate the name of the district by which it shall be officially known.

6. The decree of incorporation shall not become final and conclusive until it shall have been submitted to the voters residing within the boundaries described in such decree and until it shall have been assented to by a majority of the voters as provided in subsection 9 of this section or by two-thirds of the voters of the district voting on the proposition. The decree shall provide for the submission of the question and shall fix the date thereof. The returns shall be certified by the judges and clerks of election to the circuit court having jurisdiction in the case and the court shall thereupon enter its order canvassing the returns and declaring the result of such election.

7. If a majority of the voters of the district voting on such proposition approve of the proposition, then the court shall, in such order declaring the result of the election, enter a further order declaring the decree of incorporation to be final and conclusive. In the event, however, that the court should find that the question had not been assented to by the majority required above, the court shall enter a further order declaring such decree of incorporation to be void and of no effect. No appeal shall lie from any such decree of incorporation nor from any of the aforesaid orders. In the event that the court declares the decree of incorporation to be final, as herein provided for, the clerk of the circuit court shall file certified copies of such decree of incorporation and of such final order with the secretary of state, and with the recorder of deeds of the county or counties in which the district is situated and with the clerk of the county commission of the county or counties in which the district is situated.

8. The costs incurred in the formation of the district shall be taxed to the district, if the district be incorporated otherwise against the petitioners.

9. If petitioners seeking formation of a reorganized common sewer district specify in their petition that the district to be organized shall be organized without authority to issue general obligation bonds, then the decree relating to the formation of the district shall recite that the district shall not have authority to issue general obligation bonds and the vote required for such a decree of incorporation to become final and conclusive shall be a simple majority of the voters of the district voting on such proposition.

10. Once a reorganized sewer district is established, the boundaries of any reorganized sewer district may be extended or enlarged from time to time upon the filing, with the clerk of the circuit court having jurisdiction, a petition by either:

(1) The board of trustees of the reorganized sewer district and five or more voters within the territory proposed to be added to the district; or

(2) A majority of the landowners within the territory which is proposed to be added to the reorganized sewer district.

If the petition is filed by a majority of the landowners within the territory proposed to be added to the reorganized sewer district, the publication of notice shall not be required, provided notice is posted in three public places within the territory proposed to be added to the reorganized sewer district at least seven days before the date of the hearing and provided that there is sworn testimony by at least five landowners in the territory proposed to be added to the reorganized sewer district, or a majority of the landowners, if the total

landowners in the area are fewer than ten. Otherwise the procedures for notice shall substantially follow those set out in this section, for formation. Territory proposed to be added to the reorganized sewer district may either be contiguous or reasonably close to the boundaries of the existing district. Upon the entry of a final judgment declaring the court's decree of territory proposed to be added to the reorganized sewer district to be final and conclusive, the court shall modify or rearrange the boundary lines of the reorganized sewer district as may be necessary or advisable. The costs incurred in the enlargement or extension of the district shall be taxed to the district, if the district be enlarged or extended, otherwise against the petitioners; provided, however, that no costs shall be taxed to the trustees of the district.

11. Should any property owner or property owners who own real estate that is not within another sewer district organized pursuant to this chapter, chapters 247 and 249, RSMo, or pursuant to the state constitution, but that is contiguous or reasonably close to the existing boundaries of the reorganized sewer district, desire to have such real estate incorporated in the district, the property owner shall first petition the board of trustees thereof for its approval. If such approval be granted, the secretary of the board shall endorse a certificate of the fact of approval by the board upon the petition. The petition so endorsed shall be filed with the clerk of the circuit court in which the reorganized sewer district is incorporated. It shall then be the duty of the court to amend the boundaries of such district by a decree incorporating the real estate in the same. A certified copy of this amended decree including the real estate in the district shall then be filed in the office of the recorder and in the office of the county clerk of the county in which the real estate is located, and in the office of the secretary of state. The costs of this proceeding shall be borne by the petitioning property owner.

12. The board of trustees of any reorganized common sewer district may petition the circuit court of the county containing the majority of the acreage in the district for an amended decree of incorporation to allow that district to engage in the construction, maintenance and operation of water supply and distribution facilities which serve ten or more separate properties which are located wholly within the district and are not served by another political subdivision or are not located within the certificated area of a water corporation as defined in chapter 386, RSMo, or within a public water supply district as defined in chapter 247, RSMo, and the operation and maintenance of all such existing water supply facilities. The petition shall be filed by the board of trustees and all proceedings shall be in substantially the same manner as in action for initial formation of a reorganized common sewer district except that no vote of the residents of the district shall be required. All applicable provisions of this chapter shall apply to the construction, operation and maintenance of water supply facilities in the same manner as they apply to like functions relating to sewer treatment facilities.

204.610. 1. Any existing common sewer district organized and existing pursuant to sections 204.250 to 204.270 and any sewer district organized and existing pursuant to chapter 249, RSMo, may establish itself as a reorganized common sewer district pursuant to sections 204.600 to 204.700 by petitioning the circuit court of the county in which it was established to approve its reorganization pursuant to sections 204.600 to 204.700 if the governing body of the district has by resolution determined that it is in the best interest of the district to reorganize pursuant to sections 204.600 to 204.700. Such petition shall also specify whether the board of trustees shall be appointed by the governing body of the county, or elected by the voters of the district. Such petition shall be accompanied by a cash deposit of fifty dollars as an advancement of the costs of the proceeding, and the petition shall be signed by the trustees of the district and shall pray for the conversion of the district into a reorganized common sewer district.

2. Upon the filing of the petition, the same shall be presented to the circuit court, and such court shall fix a date for a hearing on such petition, as herein provided for. Thereupon the clerk of the court shall give notice of the filing of the petition in a newspaper of general circulation within the existing district or closest to the existing district if there is no newspaper of general circulation within the existing district and if the existing district extends into any other county or counties, such notice shall also be published in some newspaper of general circulation in such other county or counties. The notice shall contain a description of the boundary lines of the existing district and the general purposes of the petition, and shall set forth the date fixed for the hearing on the petition, which shall not be less than fifteen nor more than twenty-one days after the date of the last publication of the notice and shall be on some regular judicial day of the court wherein the petition is pending. Such notice shall be signed by the clerk of the circuit court and shall be published in three successive issues of a weekly

newspaper or in a daily paper once a week for three consecutive weeks.

3. The court, for good cause shown, may continue the case or the hearing thereon from time to time until final disposition thereof.

4. Exceptions to the conversion of an existing district to a reorganized common sewer district, may be made by any voter or property owner within the proposed district; provided, such exceptions are filed not less than five days prior to the date set for the hearing on the petition. Such exceptions shall specify the grounds upon which the exceptions are being made. If any such exceptions be filed, the court shall take them into consideration in passing upon the petition and shall also consider the evidence in support of the petition and in support of the exceptions made. Should the court find that it would not be in the public interest to form such a district, the petition shall be dismissed at the costs of the petitioners. If the court finds that the conversion of the district to a reorganized common sewer district pursuant to sections 204.600 to 204.700 is in the best interests of the persons served by the existing district, then the court shall order the district's decree of incorporation amended to permit reorganization pursuant to sections 204.600 to 204.700 and the existing board of trustees for such district shall continue to serve the reorganized common sewer district until such time as new trustees shall be appointed or elected as provided for in the court's decree. If their original terms of office are not so designated, the court shall designate such trustees to staggered terms from one to five years such that one trustee is appointed or elected each year. The trustees thus appointed by the court shall serve for the terms thus designated and until their successors shall have been appointed or elected as provided in section 204.625. The decree shall further designate the name of the district by which it shall be officially known.

204.615. The bonded indebtedness or security interest of any creditor of any common sewer district originally organized and existing pursuant to sections 204.250 to 204.270 and any sewer district originally organized and existing pursuant to chapter 249, RSMo, which convert to a reorganized common sewer district shall not be impaired or affected by such conversion and all covenants and obligations of such indebtedness shall remain in full force and effect payable pursuant to the terms and conditions which existed without conversion.

204.620. 1. When a decree or amended decree of incorporation is issued as provided for in sections 204.600 to 204.700, a reorganized common sewer district shall be considered in law and equity a body corporate and politic and political subdivision of this state, known by the name specified in the court's decree, and by that name and style may sue and be sued, contract and be contracted with, acquire and hold real estate and personal property necessary for corporate purposes, and adopt a common seal. A reorganized common sewer district also shall have exclusive jurisdiction and authority to provide wastewater collection and treatment services within the boundaries of the district with respect to any wastewater service provider authorized to provide sewer services pursuant to the laws of this state.

2. All courts in this state shall take judicial notice of the existence of any district organized pursuant to sections 204.600 to 204.700.

204.625. 1. The board of trustees of such district may incur indebtedness and issue temporary notes and general or special revenue bonds pursuant to sections 204.705 to 204.755 to pay for all or part of the cost of such improvements. An improvement may be combined with one or more other improvements for the purpose of issuing a single series of general or special revenue bonds to pay all or part of the cost of said area's improvements, but separate funds or accounts shall be established within the records of the district for each improvement project as provided in sections 204.705 to 204.755. To establish a sanitary sewer improvement area, the governing body of the sewer district shall comply with the following procedure: the governing body of the district may create a sanitary sewer improvement area when a proper petition has been signed by four-sevenths of the owners of record within such proposed area. The petition, in order to become effective, shall be filed with the district. A proper petition for the creation of a sanitary sewer improvement area shall set forth the project name for the proposed improvement, the general nature of the proposed improvement, the estimated cost of such improvement, the boundaries of the proposed sanitary sewer subdistrict, the proposed method or methods of financing the project including the estimated amount of and method for imposing user fees against the real property within the district to pay for the cost of the improvements and any bonds issued therefor, a notice that the names of the signers may not be withdrawn later than seven days after the petition is filed with the district, and a notice that the final cost of such improvement and the amount of revenue bonds issued therefor shall not exceed the estimated cost of such improvement, as stated in such petition, by more than twenty-five percent.

2. Upon the filing of a proper petition with the district, the governing body may by resolution or ordinance determine the advisability of the improvement and may order that the area be established and that preliminary plans and specifications for the improvement be made. Such resolution or ordinance shall state and make findings as to the project name for the proposed improvement, the nature of the improvement, the estimated cost of such improvement, the boundaries of the sanitary sewer improvement area, the proposed method or methods of imposing assessments and, if known, proposed estimated user fees within the district, and shall also state that the final cost of such improvement within the sanitary sewer improvement area and the amount of general or special revenue bonds issued therefor shall not, without a new petition, exceed the estimated cost of such improvement by more than twenty-five percent.

3. The boundaries of the proposed area shall be described by metes and bounds, streets or other sufficiently specific description.

204.720. The portion of the cost of any improvement to be assessed or imposed against the real property in a sanitary sewer improvement area shall be apportioned against such property in accordance with the benefits accruing thereto by reason of such improvement. Subject to the provisions of the Farmland Protection Act, sections 262.800 to 262.810, RSMo, the cost may be assessed equally by lot or tract, against property within the area, or by any other reasonable assessment plan determined by the board of trustees of the district which results in imposing substantially equal burdens or share of the cost upon property similarly benefited. The board of trustees of the district may from time to time determine and establish by ordinance or resolution reasonable general classifications and formula for the methods of assessing or determining the benefits.

204.725. 1. After the board of trustees has made the findings specified in sections 204.705 to 204.755 and plans and specifications for the proposed improvements have been prepared, the board of trustees shall by ordinance or resolution order assessments to be made against each parcel of real property deemed to be benefited by an improvement based on the revised estimated cost of the improvement or, if available, the final cost thereof, and shall order a proposed assessment roll to be prepared.

2. The plans and specifications for the improvement and the proposed assessment roll shall be filed with the district and shall be open for public inspection. Such district shall thereupon, at the direction of the board of trustees, publish notice that the board of trustees will conduct a hearing to consider the proposed improvement and proposed assessments. Such notice shall be published in a newspaper of general circulation at least once not more than twenty days before the hearing and shall state the project name for the improvement, the date, time and place of such hearing, the general nature of the improvement, the revised estimated cost or, if available, the final cost of the improvement, the boundaries of the sanitary sewer improvement area to be assessed, and that written or oral objections will be considered at the hearing. At the same time, the district shall mail to the owners of record of the real property made liable to pay the assessments, at their last known post office address, a notice of the hearing and a statement of the cost proposed to be assessed against the real property so owned and assessed. The failure of any owner to receive such notice shall not invalidate the proceedings.

204.730. 1. At the hearing to consider the proposed improvements and assessments, the board of trustees or their designated representative shall hear and pass upon all objections to the proposed improvements and proposed assessments, if any, and may amend the proposed improvements, and the plans and specifications therefor, or assessments as to any property, and thereupon by ordinance or resolution the board of trustees shall order that the improvement be made and direct that financing for the cost thereof be obtained as provided in sections 204.705 to 204.755.

2. After the improvement has been completed in accordance with the plans and specifications therefor, the board of trustees shall compute the final costs of the improvement and apportion the costs among the property benefited by such improvement in such equitable manner as the board of trustees shall determine, charging each tract, lot or parcel of property with its proportionate share of the costs, and by resolution or ordinance, assess the final cost of the improvement, or the amount of general or special revenue bonds issued or to be issued to pay for the improvement, as special assessments against the property described in the assessment roll.

3. After the passage or adoption of the ordinance or resolution assessing the special assessments, the district shall mail a notice to each property owner within the district which sets forth a description of each tract, lot or parcel of real property to be assessed which is owned by such owner, the assessment assigned to such property, and a statement that the property owner may pay such assessment in full, together with interest accrued thereon from the effective date of such ordinance or resolution, on or before a specified date determined by the effective date of the ordinance or resolution, or may pay such assessment in the form of user fees in periodic installments as provided in subsection 4 of this section. Notice of each assessment and imposition of the assessment lien together with a legal description for each property assessed within the area shall be filed with the recorder of deeds upon the effective date of the ordinance or resolution, but failure to timely record any such notice shall not affect the validity of the assessments or liens thereunder. The district shall record written notice of release of lien whenever an assessment is paid in full; the cost of recording assessment notices and release of liens shall be included in the assessment.

4. The special assessments shall be assessed upon the property within the area and those not paid in full as provided in subsection 3 of this section shall be payable in the form of user fees payable in periodic and substantially equal installments as determined by the district for a duration prescribed by the resolution or ordinance establishing the special assessments. All assessments shall bear interest at such rate as the board of trustees determines, not to exceed the rate permitted for bonds by section 108.170, RSMo. Interest on the assessment between the effective date of the ordinance or resolution assessing the special assessments and the date the first installment of a user fee is payable shall be added to the first installment or prorated among all scheduled installments.

5. Assessments not paid in full shall be collected and paid over to the district in the form of user fees in the same manner as other district fees and charges are collected and paid, or by any other reasonable method determined by the district.

204.735. No suit to set aside the assessments made pursuant to sections 204.705 to 204.755 or to otherwise question the validity of the proceedings relating thereto shall be brought after the expiration of ninety days from the date of mailing of notice to the last known owners of record of the assessments required by sections 204.705 to 204.755.

204.740. 1. To correct omissions, errors or mistakes in the original assessment which relate to the total cost of an improvement, the board of trustees of the district may, without a notice or hearing, make supplemental or additional assessments on property within a sanitary sewer improvement area, except that such supplemental or additional assessments shall not, without a new petition as provided in sections 204.705 to 204.755, exceed twenty-five percent of the estimated cost of the improvement as set forth in the petition pursuant to the provisions of sections 204.705 to 204.755.

2. When an assessment is, for any reason whatever, set aside by a court of competent jurisdiction as to any property, or in the event the board of trustees finds that the assessment or any part thereof is excessive or determines on advice of counsel in writing that it is or may be invalid for any reason, the board of trustees may, upon notice and hearing as provided for the original assessment, make a reassessment or a new assessment as to such property.

204.745. An assessment authorized pursuant to sections 204.705 to 204.755, once determined and imposed, shall constitute a lien against such property until paid in full and shall not be affected by the existence or enforcement of any other liens or encumbrances, nor shall enforcement of an assessment lien have any effect on the validity or enforcement of any tax lien or lien established by mortgage or deed of trust. An assessment lien becomes delinquent when an assessment is not paid in full as prescribed by sections 204.705 to 204.755 or when one or more periodic installments imposed by the district for an assessment remain unpaid for a period of thirty days or more after notice of delinquency in payment is mailed to the last known owners of the property subject to assessment by regular United States mail and by certified mail, return receipt requested, at their last known address provided by such owners to the district and to the occupant of property which is subject to assessment, if different from that of the owners. In the event any such user fee remains unpaid after thirty days of the

mailing of any such notice, and in addition to any other remedy the district may have by statute or duly enacted regulation for the collection of delinquent amounts owed to the district, the district shall be entitled to petition the circuit court having jurisdiction to foreclose upon the assessment lien by special execution sale of the property subject to the assessment for the unpaid assessment plus reasonable attorney's fees, court costs and other reasonable costs incurred by the district in collection. In any such suit, the district shall name all parties appearing of record to have or claim an interest in the property subject to the unpaid assessment and shall file a notice of lis pendens in connection with said action; in addition, the district may obtain a judgment against last known owners of the property for any deficiency in payment of the assessment and costs and fees made a part of the court's judgment.

204.750. After an improvement has been authorized pursuant to sections 204.705 to 204.755, the board of trustees of the district may issue temporary notes of the district to pay the costs of such improvement in an amount not to exceed the estimated cost of such improvement, and such temporary notes may be issued in anticipation of issuance of general or special revenue bonds of the district. The district may participate in any governmentally sponsored bond pooling program or other bond program. Bonds may be issued and made payable from general revenues of the area or district, or from special revenues from designated properties within an area.

204.755. A separate fund or account shall be created by the district for each improvement project and each such fund or account shall be identified by a suitable title. The proceeds from the sale of bonds and temporary notes and any other moneys appropriated thereto by the board of trustees of the district shall be credited to such funds or accounts. Such funds or accounts shall be used solely to pay the costs incurred in making each respective improvement. Upon completion of an improvement, the balance remaining in the fund or account established for such improvement, if any, may be held as contingent funds for future improvements or may be credited against the amount of the original assessment of each parcel of property, on a pro rata basis based on the amount of the original assessment, and with respect to property owners that have prepaid their assessments in accordance with sections 204.705 to 204.755, the amount of each such credit shall be refunded to the appropriate property owner, and with respect to all other property owners, the amount of each such credit shall be transferred and credited to the district bond and interest fund to be used solely to pay the principal of and interest on the bonds or temporary notes and the assessments shall be reduced accordingly by the amount of such credit.

204.760. Any public sanitary sewer district or reorganized sewer district organized and operated pursuant to this chapter or chapter 249, RSMo, and any metropolitan sewer district organized pursuant to the constitution of this state, may enter into a cooperative agreement with a city or county for the purpose of constructing sanitary sewer system improvements pursuant to the provisions of the neighborhood improvement district act, sections 67.453 to 67.475, RSMo. Any such cooperative agreement, if approved by the governing bodies of the district and city or county, may include provisions for joint administration of projects, for the issuance of temporary notes and general obligation bonds by district, city or county, separately or jointly, and for the payment of such bonds by any source of funds or user fees in addition to funds from special assessments as provided for in sections 67.453 to 67.475, RSMo, and general ad valorem taxes, so long as all terms, conditions and covenants of any applicable bond indenture are complied with and so long as said notes and bonds are issued in compliance with general applicable law."; and

Further amend said bill, Page 23, Section 643.078, Line 89, by inserting after said line the following:

"644.051. 1. It is unlawful for any person:

- (1) To cause pollution of any waters of the state or to place or cause or permit to be placed any water contaminant in a location where it is reasonably certain to cause pollution of any waters of the state;
- (2) To discharge any water contaminants into any waters of the state which reduce the quality of such waters below the water quality standards established by the commission;
- (3) To violate any pretreatment and toxic material control regulations, or to discharge any water contaminants into any

waters of the state which exceed effluent regulations or permit provisions as established by the commission or required by any federal water pollution control act;

(4) To discharge any radiological, chemical, or biological warfare agent or high-level radioactive waste into the waters of the state.

2. It shall be unlawful for any person to build, erect, alter, replace, operate, use or maintain any water contaminant or point source in this state that is subject to standards, rules or regulations promulgated pursuant to the provisions of sections 644.006 to 644.141 unless such person holds a permit from the commission, subject to such exceptions as the commission may prescribe by rule or regulation. However, no permit shall be required of any person for any emission into publicly owned treatment facilities or into publicly owned sewer systems tributary to publicly owned treatment works.

3. Every proposed water contaminant or point source which, when constructed or installed or established, will be subject to any federal water pollution control act or sections 644.006 to 644.141 or regulations promulgated pursuant to the provisions of such act shall make application to the director for a permit at least thirty days prior to the initiation of construction or installation or establishment. Every water contaminant or point source in existence when regulations or sections 644.006 to 644.141 become effective shall make application to the director for a permit within sixty days after the regulations or sections 644.006 to 644.141 become effective, whichever shall be earlier. The director shall promptly investigate each application, which investigation shall include such hearings and notice, and consideration of such comments and recommendations as required by sections 644.006 to 644.141 and any federal water pollution control act. If the director determines that the source meets or will meet the requirements of sections 644.006 to 644.141 and the regulations promulgated pursuant thereto, the director shall issue a permit with such conditions as he or she deems necessary to ensure that the source will meet the requirements of sections 644.006 to 644.141 and any federal water pollution control act as it applies to sources in this state. If the director determines that the source does not meet or will not meet the requirements of either act and the regulations pursuant thereto, the director shall deny the permit pursuant to the applicable act and issue any notices required by sections 644.006 to 644.141 and any federal water pollution control act. **Notwithstanding the provisions of subsections 1 and 2 of this section to the contrary, it shall not be unlawful to emit or discharge a water contaminant that is totally confined on the owner's property and subject to clean up and remediation as soon as practical.**

4. Before issuing a permit to build or enlarge a water contaminant or point source or reissuing any permit, the director shall issue such notices, conduct such hearings, and consider such factors, comments and recommendations as required by sections 644.006 to 644.141 or any federal water pollution control act. The director shall determine if any state or any provisions of any federal water pollution control act the state is required to enforce, any state or federal effluent limitations or regulations, water quality-related effluent limitations, national standards of performance, toxic and pretreatment standards, or water quality standards which apply to the source, or any such standards in the vicinity of the source, are being exceeded, and shall determine the impact on such water quality standards from the source. The director, in order to effectuate the purposes of sections 644.006 to 644.141, shall deny a permit if the source will violate any such acts, regulations, limitations or standards or will appreciably affect the water quality standards or the water quality standards are being substantially exceeded, unless the permit is issued with such conditions as to make the source comply with such requirements within an acceptable time schedule. Prior to the development or renewal of a general permit or permit by rule, for aquaculture, the director shall convene a meeting or meetings of permit holders and applicants to evaluate the impacts of permits and to discuss any terms and conditions that may be necessary to protect waters of the state. Following the discussions, the director shall finalize a draft permit that considers the comments of the meeting participants and post the draft permit on notice for public comment. The director shall concurrently post with the draft permit an explanation of the draft permit and shall identify types of facilities which are subject to the permit conditions. Affected public or applicants for new general permits, renewed general permits or permits by rule may request a hearing with respect to the new requirements in accordance with this section. If a request for a hearing is received, the commission shall hold a hearing to receive comments on issues of significant technical merit and concerns related to the responsibilities of the Missouri clean water law. The commission shall conduct such hearings in accordance with this section. After consideration of such comments, a final action on the permit shall be rendered. The time between the date of the hearing request and the hearing itself shall not be counted as time elapsed pursuant to subdivision (1) of subsection 13 of this section.

5. The director shall grant or deny the permit within sixty days after all requirements of the Federal Water Pollution Control Act concerning issuance of permits have been satisfied unless the application does not require any permit pursuant to any federal water pollution control act. The director or the commission may require the applicant to provide and maintain such facilities or to conduct such tests and monitor effluents as necessary to determine the nature, extent, quantity or degree of water contaminant discharged or released from the source, establish and maintain records and make reports regarding such determination.

6. The director shall promptly notify the applicant in writing of his or her action and if the permit is denied state the reasons therefor. The applicant may appeal to the commission from the denial of a permit or from any condition in any permit by filing notice of appeal with the commission within thirty days of the notice of denial or issuance of the permit. The commission shall set the matter for hearing not less than thirty days after the notice of appeal is filed. In no event shall a permit constitute permission to violate the law or any standard, rule or regulation promulgated pursuant thereto.

7. In any hearing held pursuant to this section the burden of proof is on the applicant for a permit. Any decision of the commission made pursuant to a hearing held pursuant to this section is subject to judicial review as provided in section 644.071.

8. In any event, no permit issued pursuant to this section shall be issued if properly objected to by the federal government or any agency authorized to object pursuant to any federal water pollution control act unless the application does not require any permit pursuant to any federal water pollution control act.

9. Unless a site-specific permit is requested by the applicant, aquaculture facilities shall be governed by a general permit issued pursuant to this section with a fee not to exceed two hundred fifty dollars pursuant to subdivision (5) of subsection 6 of section 644.052. However, any aquaculture facility which materially violates the conditions and requirements of such permit may be required to obtain a site-specific permit.

10. No manufacturing or processing plant or operating location shall be required to pay more than one operating fee. Operating permits shall be issued for a period not to exceed five years after date of issuance, except that general permits shall be issued for a five-year period, and also except that neither a construction nor an annual permit shall be required for a single residence's waste treatment facilities. Applications for renewal of an operating permit shall be filed at least one hundred eighty days prior to the expiration of the existing permit.

11. Every permit issued to municipal or any publicly owned treatment works or facility shall require the permittee to provide the clean water commission with adequate notice of any substantial new introductions of water contaminants or pollutants into such works or facility from any source for which such notice is required by sections 644.006 to 644.141 or any federal water pollution control act. Such permit shall also require the permittee to notify the clean water commission of any substantial change in volume or character of water contaminants or pollutants being introduced into its treatment works or facility by a source which was introducing water contaminants or pollutants into its works at the time of issuance of the permit. Notice must describe the quality and quantity of effluent being introduced or to be introduced into such works or facility by a source which was introducing water contaminants or pollutants into its works at the time of issuance of the permit. Notice must describe the quality and quantity of effluent being introduced or to be introduced into such works or facility and the anticipated impact of such introduction on the quality or quantity of effluent to be released from such works or facility into waters of the state.

12. The director or the commission may require the filing or posting of a bond as a condition for the issuance of permits for construction of temporary or future water treatment facilities in an amount determined by the commission to be sufficient to ensure compliance with all provisions of sections 644.006 to 644.141, and any rules or regulations of the commission and any condition as to such construction in the permit. The bond shall be signed by the applicant as principal, and by a corporate surety licensed to do business in the state of Missouri and approved by the commission. The bond shall remain in effect until the terms and conditions of the permit are met and the provisions of sections 644.006 to 644.141 and rules and regulations promulgated pursuant thereto are complied with.

13. (1) The department shall issue or deny applications for construction and site-specific operating permits received

after January 1, 2001, within one hundred eighty days of the department's receipt of an application. For general construction and operating permit applications received after January 1, 2001, that do not require a public participation process, the department shall issue or deny the requested permits within sixty days of the department's receipt of an application.

(2) If the department fails to issue or deny with good cause a construction or operating permit application within the time frames established in subdivision (1) of this subsection, the department shall refund the full amount of the initial application fee within forty-five days of failure to meet the established time frame. If the department fails to refund the application fee within forty-five days, the refund amount shall accrue interest at a rate established pursuant to section 32.065, RSMo.

(3) Permit fee disputes may be appealed to the commission within thirty days of the date established in subdivision (2) of this subsection. If the applicant prevails in a permit fee dispute appealed to the commission, the commission may order the director to refund the applicant's permit fee plus interest and reasonable attorney's fees as provided in sections 536.085 and 536.087, RSMo. A refund of the initial application or annual fee does not waive the applicant's responsibility to pay any annual fees due each year following issuance of a permit.

(4) No later than December 31, 2001, the commission shall promulgate regulations defining shorter review time periods than the time frames established in subdivision (1) of this subsection, when appropriate, for different classes of construction and operating permits. In no case shall commission regulations adopt permit review times that exceed the time frames established in subdivision (1) of this subsection. The department's failure to comply with the commission's permit review time periods shall result in a refund of said permit fees as set forth in subdivision (2) of this subsection. On a semiannual basis, the department shall submit to the commission a report which describes the different classes of permits and reports on the number of days it took the department to issue each permit from the date of receipt of the application and show averages for each different class of permits.

(5) During the department's technical review of the application, the department may request the applicant submit supplemental or additional information necessary for adequate permit review. The department's technical review letter shall contain a sufficient description of the type of additional information needed to comply with the application requirements.

(6) Nothing in this subsection shall be interpreted to mean that inaction on a permit application shall be grounds to violate any provisions of sections 644.006 to 644.141 or any rules promulgated pursuant to sections 644.006 to 644.141.

14. The department shall respond to all requests for individual certification under Section 401 of the Federal Clean Water Act within the lesser of sixty days or the allowed response period established pursuant to applicable federal regulations without request for an extension period unless such extension is determined by the commission to be necessary to evaluate significant impacts on water quality standards and the commission establishes a timetable for completion of such evaluation in a period of no more than one hundred eighty days.

15. All permit fees generated pursuant to this chapter shall not be used for the development or expansion of total maximum daily loads studies on either the Missouri or Mississippi rivers.

644.581. In addition to those sums authorized prior to August 28, 2004, the board of fund commissioners of the state of Missouri, as authorized by section 37(e) of article III of the Constitution of the state of Missouri, may borrow on the credit of this state the sum of ten million dollars in the manner described, and for the purposes set out, in chapter 640, RSMo, and this chapter.

Section 1. 1. In any home rule city with more than eighty-four thousand five hundred but less than eighty-four thousand six hundred inhabitants, the governing body of such city shall allow owners of real property located beyond the corporate limits of such city to connect sanitary sewer lines serving improvements constructed or to be constructed in accordance with applicable county ordinances on the respective parcel of real property to any sanitary sewer line of such city located within an easement on the respective parcel of real property provided that the following conditions are met:

- (1) The easement is located on a tract of real estate adjacent to a state highway;**
- (2) The tract of real estate across which the easement is located constitutes a tract of real property containing more than thirty acres and is located within two miles of karst topography;**
- (3) The easement and sanitary sewer line located therein have been in existence for more than ten years; and**
- (4) The owner of the respective parcel of real property pays the normal and customary connection fees associated with such connection.**

2. In no event shall the annexation of the respective parcel of real property by such city constitute a condition precedent to the owner's right to connect with any sanitary sewer line of such city."; and

An investor shall be entitled to take up to ten percent of the vested credit in any taxable year of the investor. Any time after three years after August 28, 1996, the director, with the approval of the commissioner of administration, may reduce the applicable percentage on a prospective basis. For purposes of any requirement regarding the schedule of qualified investments for certified capital for which earned and vested credits against state premium tax liability are allowed pursuant to this subsection only, the definition of a "qualified Missouri business" as set forth in subdivision [(13)] (14) of subsection 2 of section 135.500 means a Missouri business that is located in a distressed community as defined in section 135.530, and meets all of the requirements of subdivision [(13)] (14) of subsection 2 of section 135.500[, except that its gross sales during its most recent complete fiscal year shall not have exceeded five million dollars]. During any calendar year in which the limitation described in this subsection limits the amount of additional certified capital for which earned and vested credits against state premium tax liability are allowed, additional certified capital for which credits are allowed shall be allocated in order of priority based upon the date of filing of information described in subdivision (1) of subsection 5 of section 135.516 with respect to such additional certified capital. The department shall make separate allocations of certified capital for which credits are allowed under the limitations described in this subsection and under the limitations described in subsection 4 of this section. No limitation applicable to any certified capital company with respect to certified capital for which credits are allowed pursuant to subsection 4 of this section shall limit the amount of certified capital for which credits are allowed pursuant to this subsection. No limitation applicable to any certified capital company with respect to certified capital for which credits are allowed pursuant to this subsection shall limit the amount of certified capital for which credits are allowed pursuant to subsection 4 of this section.

6. The department shall advise any Missouri certified capital company, in writing, within fifteen days after receiving the filing described in subdivision (1) of subsection 5 of section 135.516 whether the limitations of subsection 3 of this section then in effect will be applicable with respect to the investments and credits described in such filing with the department.

135.516. 1. To continue to be certified, a Missouri certified capital company shall make qualified investments according to the following schedule:

- (1) Within two years after the date on which a Missouri certified capital company is designated as a Missouri certified capital company at least twenty-five percent of its certified capital shall be, or have been, placed in qualified investments;
- (2) Within three years after the date on which a Missouri certified capital company is designated as a Missouri certified capital company at least forty percent of its certified capital shall be, or have been, placed in qualified investments;
- (3) Within four years after the date on which a Missouri certified capital company is designated as a Missouri certified capital company, at least fifty percent of its total certified capital shall be, or have been, placed in qualified investments. A Missouri certified capital company may not make an investment in an affiliate of the certified capital company. For the purposes of this subsection, if a legal entity is not an affiliate before a certified capital company initially invests in the entity, it will not be an affiliate if a certified capital company provides additional investment in such entity subsequent to its initial investment;
- (4) A certified capital company, at least fifteen working days prior to making what it determines to be an initial qualified investment in a specific qualified Missouri business, shall certify to the department that the company in which it **or a qualified investing entity** proposes to invest [meets the definition of] **is** a qualified Missouri business [pursuant to subdivision (14) of subsection 2 of section 135.500]. The certified capital company shall state the amount of capital it **or a qualified investing entity** intends to invest and the name of the business in which it **or a qualified investing entity** intends to invest. The certified capital company shall also provide to the department an explanation of its determination that the business meets the definition of a qualified Missouri business. If the department determines that the business does not meet the definition of a qualified Missouri business, it shall, within the fifteen-working-day period prior to the making of the proposed investment, notify the certified capital company of its determination and an

explanation thereof. If the department fails to notify the certified capital company with respect to the proposed investment within the fifteen-working-day period prior to the making of the proposed investment, the company in which the certified capital company **or a qualified investing entity** proposes to invest shall be deemed to be a qualified Missouri business. If a certified capital company fails to notify the department prior to making an initial investment in a business, the department may subsequently determine that the business in which the certified capital company **or a qualified investing entity** invested was not a qualified Missouri business even though the business, at the time of the investment, met the requirements of subdivision [(14)] **(15)** of subsection 2 of section 135.500;

(5) All certified capital which is not required to be placed in qualified investments or which has been placed in qualified investments and can be received by the company, may be held or invested in such manner as the Missouri certified capital company, in its discretion, deems appropriate. The proceeds of all certified capital which is received by a certified capital company after it was originally placed in qualified investments may be placed again in qualified investments and shall count toward any requirement in sections 135.500 to 135.529 with respect to placing certified capital in qualified investments.

2. A certified capital company may make qualified distributions at any time. In order to make distributions, other than qualified distributions, a certified capital company must have [placed] **made cumulative qualified investments, including those made through a qualified investing entity, in** an amount cumulatively equal to **at least** one hundred percent of its certified capital [in qualified investments]. Cumulative distributions to equity holders, other than qualified distributions, in excess of the certified capital company's original certified capital and any additional capital contributions to the certified capital company shall be subject to audit by a nationally recognized certified public accounting firm acceptable to the department, at the expense of the certified capital company. The audit shall determine whether aggregate cumulative distributions to all investors and equity holders, other than qualified distributions, when combined with all tax credits utilized by investors pursuant to sections 135.500 to 135.529, have resulted in an annual internal rate of return of fifteen percent computed on the sum of total original certified capital of the certified capital company and any additional capital contributions to the certified capital company. Twenty-five percent of distributions made, other than qualified distributions, in excess of the amount required to produce a fifteen percent annual internal rate of return, as determined by the audit, shall be payable by the certified capital company to the Missouri development finance board. Distributions or payments to debt holders of a certified capital company, however, may be made without restriction with respect to debt owed to them by a certified capital company. A debt holder that is also an investor or equity holder of a certified capital company may receive distributions or payments with respect to such debt without restriction.

3. No qualified investment may be made at a cost to a Missouri certified capital company greater than fifteen percent of the total certified capital under management of the Missouri certified capital company at the time of investment.

4. Documents and other materials submitted by Missouri certified capital companies or by businesses for purposes of the continuance of certification may be deemed "closed records" pursuant to the provisions of section 620.014, RSMo.

5. Each Missouri certified capital company shall report the following to the department:

(1) As soon as practicable after the receipt of certified capital, the name of each investor from which the certified capital was received, the amount of each investor's investment of certified capital and tax credits computed without regard to any limitations under subsection 3 of section 135.503, and the date on which the certified capital was received;

(2) On a quarterly basis, the amount of the Missouri certified capital company's certified capital at the end of the quarter, whether or not the Missouri certified capital company has invested, **together with any investments made by a qualified investing entity that are deemed to have been made by the certified capital company**, more than fifteen percent of the total certified capital under management in any one company, and all qualified investments that the Missouri certified capital company has made **or has been deemed to have been made through a qualified investing entity**;

(3) Each Missouri certified capital company shall provide annual audited financial statements to the department which include an opinion of an independent certified public accountant to the department within ninety days of the close of

We thank You for those You have given us to love and for teaching us to love as You have loved us. We pray for You to watch over us this day in the work we complete here and in our traveling to be with loved ones once again. In Your Holy Name we pray. Amen.

Journal of the Senate

FIRST REGULAR SESSION

SIXTY-SIXTH DAY--MONDAY, MAY 5, 2003

The Senate met pursuant to adjournment.

President Maxwell in the Chair.

Reverend Carl Gauck offered the following prayer:

"God is our refuge and strength, a very present help in trouble." (Psalm 46:1)

Merciful God, the winds and rain roared through our land and left many of our fellow citizens dead, and towns destroyed. We pray be with those who mourn their dead and provide compassion for Your people. Touch the bodies of those injured that they may regain their strength and their lives, in service to You our God. Moreover, help us find ways to help those in need. And this week help us meet the challenges that will confront us. In Your Holy Name, we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

A quorum being established, the Senate proceeded with its business.

The Journal for Friday, May 2, 2003, was read and approved.

"247.170. 1. Whenever any city owning a waterworks or water supply system extends its corporate limits to include any part of the area in a public water supply district, and the city and the board of directors of the district are unable to agree upon a service, lease or sale agreement, or are unable to proceed under section 247.160, then upon the expiration of ninety days after the effective date of the extension of the city limits, that part of the area of the district included within the corporate limits of the city may be detached and excluded from the district in the following manner:

(1) A petition to detach and exclude that part of the public water supply district lying within the corporate limits of the city as such limits have been extended, signed by not less than [twenty-five voters within the water supply district,] **one fourth of the registered voters from each subdistrict within the water supply district, or fifty registered voters from each subdistrict, whichever is less**, shall be filed in the circuit court of the county in which the district was originally organized.

(2) The court, being satisfied as to the sufficiency of the petition, shall call a special election of the voters of the district at which election the proposal to detach and exclude the part of the district lying within the corporate limits of the city shall be submitted to the voters in the entire district for a vote thereon. The election shall be conducted within the district by the election authority.

(3) The ballot shall briefly state the question to be voted on.

(4) In order to approve the detachment and exclusion of any part of the area in a public water supply district, the proposal shall require the approval of not less than a majority of the voters voting thereon.

(5) The election authorities shall thereafter promptly certify the result to the circuit court. The court, acting as a court of equity, shall thereupon without delay enter a decree detaching and excluding the area in question located within the corporate limits of the city from the public water supply district; except that before the decree detaching and excluding the area becomes final or effective, the city shall show to the court that it has assumed and agreed to pay in lump sum or in installments not less than that proportion of the sum of all existing liquidated general obligations and of all unpaid revenue bonds and interest thereon to date, of the water supply district as the assessed valuation of the real and tangible personal property within the area sought to be detached and excluded bears to the assessed valuation of all of the real and tangible personal property within the entire area of the district, according to the official county assessment of property as of December thirty-first of the calendar year next preceding the date of the election, and in addition thereto that the city has assumed and agreed to assume or pay in a lump sum all contractual obligations of the water district that are greater than twenty-five thousand dollars for debt that pertains to infrastructure, fixed assets or obligations for the purchase of water, and to pay the court costs.

(6) The decree shall thereupon vest in the city the absolute title, free and clear of all liens or encumbrances of every kind and character, to all tangible real and personal property of the public water supply district located within the part of the district situated within the corporate limits of the city with full power in the city to use and dispose of the tangible real and personal property as it deems best in the public interest.

(7) If the proposal fails to receive the approval of the voters the question may be again presented by another petition and again voted on, but not sooner than six months.

(8) Any and all sums paid out by the city under this section, other than the costs of the election, shall be administered by the circuit court for the benefit of the holders of the then existing and outstanding bonds of the district, and the remainder of such sums, if any, shall be delivered to the district to be expended in the operation, maintenance and improvement of its water distribution system.

2. Upon the effective date of any final order detaching and excluding any part of the area of any public water supply district, or leasing, selling or conveying any of the water mains, plant or equipment therein, the circuit court may, in the public interest, change the boundaries of the public water supply district and again divide or redivide the district into subdistricts for the election of directors in conformity with the provisions of section 247.040, without further petition being filed with the court so to do."; and

MESSAGES FROM THE HOUSE

The following messages were received from the House of Representatives through its Chief Clerk:

Mr. President: I am instructed by the House of Representatives to inform the Senate that the House has taken up and adopted **SS**, as amended, for **HS** for **HCS** for **HBs 349, 120, 136 and 328** and has taken up and passed **SS** for **HS** for **HCS** for **HBs 349, 120, 136 and 328**, as amended.

Also,

Mr. President: I am instructed by the House of Representatives to inform the Senate that the House has taken up and

adopted **HCR 3.**

HOUSE CONCURRENT RESOLUTION NO. 3

WHEREAS, a permanent electronic identification device to track all red meat-producing livestock from farm to table would be a great protective device for anti-bioterrorism; and

WHEREAS, such devices would be useful to the producers of red meat-producing livestock in controlling diseases as a method of tracing such livestock back to the farm; and

WHEREAS, such devices would be beneficial in providing producers with livestock carcass information, including the rate of gain; and

WHEREAS, such devices would be most useful in generating information on the concept of "farm to table" to protect American consumers:

NOW, THEREFORE, BE IT RESOLVED that the members of the House of Representatives of the Ninety-second General Assembly, First Regular Session, the Senate concurring therein, hereby encourage the Animal and Plant Inspection Service of the United States Department of Agriculture to develop and promulgate a permanent electronic identification program to be used on all red meat-producing livestock that would gather information and help protect the United States' consumer in the event of a bioterrorist threat; and

BE IT FURTHER RESOLVED that the Chief Clerk of the Missouri House of Representatives be instructed to prepare a properly inscribed copy of this resolution for the United States Department of Agriculture.

In which the concurrence of the Senate is respectfully requested.

Also,

Mr. President: I am instructed by the House of Representatives to inform the Senate that the House has taken up and adopted **HCR 5.**

HOUSE CONCURRENT RESOLUTION NO. 5

WHEREAS, the Missouri Department of Agriculture has expressed a strong need for a biosafety level 3 lab to be housed on the veterinary school campus at the University of Missouri-Columbia;

WHEREAS, a biosafety level 3 lab would bridge gaps within the University and the University and the Department of Agriculture, the Department of Conservation, and the Department of Health and Senior Services in protecting the environment from agents that are a potential threat to plants and animals, but not to humans; and

WHEREAS, the Missouri Farm Bureau, the Missouri Veterinary Medical Association, the Governor's Chronic Wasting Disease Task Force, and the Missouri Livestock and Poultry Health Council have all expressed support of the establishment of a biosafety level 3 lab in the State of Missouri; and

WHEREAS, the establishment of a biosafety level 3 lab is of critical importance to the Department of Conservation because of the threat chronic wasting disease poses for Missouri deer and elk herds. Since there currently is no biosafety level 3 lab in the state, the 6,000 samples taken during the most recent deer season in Missouri are being sent to other laboratories across the country, which will most likely result in delays of several months in receiving test results; and

WHEREAS, the establishment of a biosafety level 3 lab in the State of Missouri will provide the necessary infrastructure to assist infectious disease specialists and researchers who work with highly infectious pathogens to do so in a safe and controlled environment:

NOW, THEREFORE, BE IT RESOLVED that the members of the House of Representatives of the Ninety-second General Assembly, First Regular Session, the Senate concurring therein, hereby encourage and recommend the establishment of a biosafety level 3 lab on the veterinary school campus of the University of Missouri-Columbia; and

BE IT FURTHER RESOLVED that the Chief Clerk of the Missouri House of Representatives be instructed to prepare a properly inscribed copy of this resolution for University of Missouri-Columbia Veterinary School, the Director of the Department of Agriculture, the Department of Conservation, and the Director of the Department of Health and Senior Services.

In which the concurrence of the Senate is respectfully requested.

Also,

Mr. President: I am instructed by the House of Representatives to inform the Senate that the House refuses to adopt **SCS**, as amended, for **HS** for **HB 6** and requests the Senate to recede from its position and failing to do so grant the House a conference thereon.

Journal of the Senate

FIRST REGULAR SESSION

SIXTY-SEVENTH DAY--TUESDAY, MAY 6, 2003

The Senate met pursuant to adjournment.

Senator Childers in the Chair.

"The evil men have fallen, there they lie, beaten down, never to stand again." (Psalm 36:12)

Merciful God, we hear the war has ended and that an evil regime has been destroyed and for that we give You thanks. We pray that our troops will be safe and peace and order will be established in Iraq. We pray that peace loving people of our world will be able to find ways to unite those who have known only fear and hostility for others. We pray that each of us may contribute to this effort starting with our own interactions with one another. In Your Holy Name we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

SENATE AMENDMENT NO. 3

Amend Senate Substitute No. 2 for Senate Committee Substitute for Senate Bills Nos. 248, 100, 118, 233, 247, 341 and 420, Page 26, Section 104.370, Line 23 of said page, by inserting immediately after said line the following:

"104.374. 1. The normal annuity of a member, other than a member of the general assembly or a member who served in an elective state office, shall be an amount equal to one and six-tenths percent of the average compensation of the member multiplied by the number of years of creditable service of the member. Years of membership service and twelfths of a year are to be used in calculating any annuity. Absences taken by an employee without compensation for sickness and injury of the employee of less than twelve months or for leave taken by an employee without compensation pursuant to the provisions of the Family and Medical Leave Act of 1993 shall be counted as years of creditable service.

2. In addition to the amount determined pursuant to subsection 1 of this section, the normal annuity of a uniformed member of the water patrol shall be increased by thirty-three and one-third percent of the benefit.

3. In addition to the amount determined pursuant to subsection 1 of this section, the normal annuity of a uniformed conservation agent shall be increased by thirty-three and one-third percent of the benefit. Any additional actuarial liability for the provision of benefits pursuant to this subsection shall be paid from the funds of the department of conservation.

4. Employees who are fully vested at the age of sixty-five years and who continue to be employed by an agency covered under the system or members of the general assembly who serve in the general assembly after the age of sixty-five years shall have added to their normal annuity when they retire or die an amount equal to the total of all annual cost-of-living increases that the retired members of the system received during the years between when the

employee or member of the general assembly reached sixty-five years of age and the year that the employee or member of the general assembly terminated employment or died. In no event shall the total increase in compensation granted under this subsection and subsection 2 of section 104.612 exceed sixty-five percent of the person's normal annuity calculated at the time of retirement or death.

104.610. 1. Any person, who is receiving or hereafter may receive state retirement benefits from the Missouri state employees' retirement system other than a person with twelve or more years of service in statewide state elective office receiving benefits pursuant to the provisions of section 104.371, a legislators' retirement system, or the highways and transportation employees' and highway patrol retirement system, upon application to the board of trustees of the system from which he or she is receiving retirement benefits, shall be made, constituted, appointed and employed by the board as a special consultant on the problems of retirement, aging, and other state matters, for the remainder of the person's life, and upon request of the board, or other state agencies where such person was employed prior to retirement, give opinions, and be available to give opinions in writing, or orally, in response to such requests, as may be required, and for such services shall be compensated monthly, in an amount, which, when added to any monthly state retirement benefits received on his or her retirement, shall be equal to the state retirement benefits the person would be receiving currently if the person had benefited from changes in the law effecting increases in the rate in the formula for calculating benefits in his or her respective retirement system, for his or her type of employment or for those persons having accrued thirty-five or more years of creditable service, changes in the law pertaining to the age and service requirements for a normal annuity in his or her respective retirement system, made subsequent to the date of his or her retirement; except that in calculating such benefits the meaning of "average compensation" shall be that ascribed to it by the law in effect on the date on which the benefits pursuant to this section are calculated.

2. In lieu of any other benefits pursuant to the provisions of this section, any member of the Missouri state employees' retirement system who has or may hereafter retire pursuant to the provisions of section 104.371, pertaining to those members who have held statewide state elective office for at least twelve years, may apply pursuant to this section to be employed as a special consultant and for such services shall be compensated monthly, in an amount, which, when added to any monthly state retirement benefits received initially on his or her retirement, shall be equal to the state retirement benefits the person would be receiving if the person had benefited from changes in the law affecting increases in compensation for statewide state elective offices, pursuant to house substitute for senate bill no. 528, second regular session of the eighty-second general assembly, any other provisions of the law to the contrary notwithstanding.

3. This compensation shall be consolidated with any other retirement benefits payable to the person, and shall be funded as provided in section 104.436.

4. This compensation shall be treated as any other state retirement benefits payable by the Missouri state employees' retirement system or the highways and transportation employees' and highway patrol retirement system are treated and shall not be subject to execution, garnishment, attachment, writ of sequestration, or any other process or claim whatsoever, and shall be unassignable, anything to the contrary notwithstanding.

5. The employment provided for by this section shall in no way affect any person's eligibility for retirement benefits pursuant to this chapter, or in any way have the effect of reducing retirement benefits, anything to the contrary notwithstanding.

6. In order to determine the total monthly state retirement compensation due each retiree who is eligible for the additional amount provided for in subsection 1 of this section, the following formula shall be used:

(1) The retiree's base monthly retirement compensation shall be determined by dividing the sum of the retiree's annual normal annuity as of the effective date of any increase in the rate in the formula for calculating benefits in his or her respective retirement system plus any annual increases granted such retiree as a result of his or her being a consultant, by twelve;

(2) The amount determined pursuant to subdivision (1) of this subsection shall be increased by an amount equal to the base monthly retirement compensation calculated pursuant to subdivision (1) of this subsection multiplied by the percentage increase in the rate in the formula;

(3) The sum obtained from completing the calculations contained in subdivisions (1) and (2) of this subsection shall be the retiree's new total monthly state retirement compensation. Any retiree who is eligible for the benefit provided in subsection 1 of this section whose benefit pursuant to subsection 1 of this section was not calculated in accordance with the procedure provided in this subsection shall have his or her total monthly retirement compensation for all months beginning on or after September 28, 1985, recalculated in accordance with this subsection.

7. The provisions of this section are severable. If any provision of this section is found by a court of competent jurisdiction to be unconstitutional or otherwise invalid, the remaining provisions of this section are valid unless the court finds that such valid provisions, standing alone, are incomplete and incapable of being executed in accordance with the legislative intent.

8. Any person who terminates employment or retires prior to July 1, 2000, shall be made, constituted, appointed and employed by the board as a special consultant on the problems of retirement, aging, and other state matters, for the remainder of the person's life, and upon request of the board, or other state agencies where such person was employed prior to retirement, give opinions, and be available to give opinions in writing, or orally, in response to such requests, as may be required, and for such services shall be eligible to elect to receive a retirement annuity pursuant to the year 2000 plan as provided in this chapter.

9. Any person who is receiving or hereafter may receive retirement benefits pursuant to section 104.374, and would qualify for a benefit pursuant to subsection 3 of section 104.374 if such person were an active employee, such person shall, upon application to the board of trustees of the system from which he or she is receiving retirement benefits, shall be made, constituted, appointed, and employed by the board as a special consultant on the problems of retirement, aging, and other state matters, for the remainder of the person's life, and upon request of the board, or other state agencies where such person was employed prior to retirement, give opinions, and be available to give opinions in writing, or orally, in response to such requests, as may be required, and for such services shall be compensated monthly, in an amount, which, when added to any monthly state retirement benefits received on his or her retirement, shall be equal to the retirement benefits the person would be receiving currently if the person had benefited from changes in the law effecting increases pursuant to subsection 3 of section 104.374.

10. Effective August 28, 2000, any person otherwise eligible for survivor benefits due to the death of a member prior to retirement, who was married less than two years to the member at the time of the member's death, shall, upon application to the board, be made, constituted, appointed and employed by the board as a special consultant on the problems of retirement, aging and other state matters. As a special consultant pursuant to the provisions of this subsection, the person shall begin to receive a survivor benefit in a monthly amount equal to what the system would have paid the person had the person been eligible for such survivor benefit upon the death of the member. Such benefit shall commence the first of the month following receipt by the system of an application from such person, but not earlier than September 1, 2000. In no event shall any retroactive benefits be paid."; and

4. The board of trustees may require a medical examination of a disabled member at any time by a designated physician, and benefits shall be discontinued if the board finds that such member is able to perform the duties of the member's former position or if such member refuses to submit to a medical examination. Any employee who applies for disability benefits provided pursuant to this section shall provide medical certification acceptable to the board which shall include the date the disability commenced and the expected duration of the disability.

5. Any employee who applies for disability benefits pursuant to subsections 2 and 7 of this section shall provide proof of application for Social Security disability benefits. 8. Definitions of disability and other rules and procedures necessary for administration of the disability benefits provided pursuant to this section shall be established by the board.

9. Any member receiving disability benefits pursuant to subsections 1 and 2 of this section shall receive the same cost-of-living increases as granted to retired members pursuant to section [104.130] **104.103**.

10. The state highways and transportation commission shall contribute the same amount as provided for all state employees for any person receiving disability benefits pursuant to subsection 2 of this section for medical insurance provided pursuant to section 104.270.

12. A member who continues to be disabled as provided in subsection 2 or subsection 7 of this section shall continue to accrue creditable service until the member reaches normal retirement age. The maximum benefits period for benefits pursuant to subsections 2 and 7 of this section shall be established by the board. A member who is eligible to retire

and does retire while receiving disability benefits pursuant to subsections 2 and 7 of this section shall receive the greater of the normal annuity or the minimum annuity determined pursuant to sections 104.090 and 104.615, as if the member had continued in the active employ of the employer until the member's normal retirement age and the member's compensation for such period had been the member's rate of pay immediately preceding the date the member became disabled.

13. Any member who was receiving disability benefits from the board prior to August 28, 1997, or any member who has submitted an application for disability benefits before August 28, 1997, and would have been eligible to receive benefits pursuant to the eligibility requirements which were applicable at the time of application shall be eligible to receive or shall continue to receive benefits in accordance with such prior eligibility requirements until the member again becomes an employee.

14. Any member receiving disability benefits pursuant to subsection 1, subsection 2 or subsection 7 of this section shall be eligible to receive death benefits pursuant to the provisions of subsection 1 of section 104.140. (3) The board and the system shall not be liable for the disability benefits provided for by an insurer or service organization pursuant to this section and shall not be subject to any cause of action with regard to disability benefits or the denial of disability benefits by the insurer or service organization unless the employee has obtained judgment against the insurer or service organization for disability benefits and the insurer or service organization is unable to satisfy that judgment.

17. An employee may elect to waive the receipt of any disability benefit provided for pursuant to this section at any time."; and

Further amend said bill, page 26, Section 104.271, line 23 of said page, by inserting immediately after said line the following:

If an election is made, the effective date for commencement of membership and transfer of such creditable service shall be January 1, 2004.

3. 4. In no event shall any employee receive service credit for the same period of service under more than one retirement system as a result of the provisions of this section.

5. For any transferred employee who elects pursuant to subsection 1 or 2 of this section to transfer to the highways and transportation employees' and highway patrol retirement system, the only medical coverage available for the employee shall be the medical coverage provided in section 104.270. The effective date for commencement of medical coverage shall be January 1, 2004. Journal of the Senate

FIRST REGULAR SESSION

SIXTY-EIGHTH DAY--WEDNESDAY, MAY 7, 2003

The Senate met pursuant to adjournment.

Senator Bartle in the Chair.

Reverend Carl Gauck offered the following prayer:

"But when one turns to the Lord, the veil is removed." (2 Corinthians 3:16)

Gracious Lord, we thank You that You are our God and we ask that You open our eyes to see past the mess, past the confusion, past the hurtful, to the brilliance of possibilities that You can provide those who seek You. As we move through this day, help us meet the challenges it will bring, as You would have us act. And we pray for the Doughertys as Beverly undergoes surgery today; guide the hands of the surgeons and touch her body with Your healing power bringing her finally to health and wholeness. In Your Holy Name we pray. Amen.

A quorum being established, the Senate proceeded with its business.

SENATE RESOLUTION NO. 900

WHEREAS, growing concerns and complexities of health issues in this state have lead to higher costs of administration and implementation of health care; and

WHEREAS, the manner in which health care is currently administered at the state level is fragmented and often unresponsive to health care issues; and

WHEREAS, the responsibility for health care policy, purchasing, planning, and regulation is spread among many different agencies and departments; and

WHEREAS, there is a need to have a central agency serve as the lead planning state entity for all health insurance and pharmacy benefit issues in the state to remedy the current situation; and

WHEREAS, the state could benefit from maximizing its purchasing power inasmuch as the state now has none of its health care purchasing coordinated; and

WHEREAS, minimizing the duplication and maximizing the administrative efficiency in the state's health care systems by removing overlapping functions and streamlining uncoordinated programs would lead to increased cost savings to the state in a time of fiscal uncertainty; and

WHEREAS, the state has a need to develop a better health care infrastructure that is more responsive to the consumers it serves while improving access to and coverage for health care:

NOW THEREFORE BE IT RESOLVED that the members of the Missouri Senate, Ninety-Second General Assembly, First Regular Session, hereby create a Senate interim committee to be composed of seven members of the Senate, to be appointed by the President Pro Tem of the Senate whereof at least three members shall be from the minority party to conduct a study to determine the feasibility of achieving the objectives of decreasing health insurance costs to all state employees and streamlining state medicaid programs to achieve cost savings, as well as the other objectives expressed herein; and

- (2) The financial feasibility and programming implications of integrating benefit plans, or portions thereof, to achieve financial economies to the state and state retirees and their dependents and state beneficiaries and their dependents;
- (3) A prioritized analysis of infrastructure and appropriations necessary to adequately implement any committee recommendation; and
- (4) If, by a majority vote of the members of the committee, a determination is made that one of the existing health or pharmacy benefit plans of one of the member agencies, or any part thereof, would be better served by being excluded from the Division of Community Health, such determination and a detailed analysis thereof shall be included; and

"So God led the people by the roundabout way of the wilderness." (Exodus 13:18)

In Your Holy Name, we pray. Amen.

SENATE AMENDMENT NO. 24

Amend Senate Substitute for House Substitute for House Committee Substitute for House Bills Nos. 679 and 396, Page 70, Section 210.113, Line 18 of said page, by inserting immediately after said line the following:

"210.115. 1. When any physician, medical examiner, coroner, dentist, chiropractor, optometrist, podiatrist, resident, intern, nurse, hospital or clinic personnel that are engaged in the examination, care, treatment or research of persons, and any other health practitioner, psychologist, mental health professional, social worker, day care center worker or other child-care worker, juvenile officer, probation or parole officer, jail or detention center personnel, teacher, principal or other school official, minister as provided by section 352.400, RSMo, [Christian Science practitioner,] peace officer or law enforcement official, or other person with responsibility for the care of children has reasonable cause to suspect that a child has been or may be subjected to abuse or neglect or observes a child being subjected to conditions or circumstances which would reasonably result in abuse or neglect, that person shall immediately report or cause a report to be made to the division in accordance with the provisions of sections 210.109 to 210.183. As used in this section, the term "abuse" is not limited to abuse inflicted by a person responsible for the child's care, custody and control as specified in section 210.110, but shall also include abuse inflicted by any other person.

2. Whenever such person is required to report pursuant to sections 210.109 to 210.183 in an official capacity as a staff member of a medical institution, school facility, or other agency, whether public or private, the person in charge or a designated agent shall be notified immediately. The person in charge or a designated agent shall then become responsible for immediately making or causing such report to be made to the division. Nothing in this section, however, is meant to preclude any person from reporting abuse or neglect.

3. Notwithstanding any other provision of sections 210.109 to 210.183, any child who does not receive specified medical treatment by reason of the legitimate practice of the religious belief of the child's parents, guardian, or others

legally responsible for the child, for that reason alone, shall not be found to be an abused or neglected child, and such parents, guardian or other persons legally responsible for the child shall not be entered into the central registry. However, the division may accept reports concerning such a child and may subsequently investigate or conduct a family assessment as a result of that report. Such an exception shall not limit the administrative or judicial authority of the state to ensure that medical services are provided to the child when the child's health requires it.

4. In addition to those persons and officials required to report actual or suspected abuse or neglect, any other person may report in accordance with sections 210.109 to 210.183 if such person has reasonable cause to suspect that a child has been or may be subjected to abuse or neglect or observes a child being subjected to conditions or circumstances which would reasonably result in abuse or neglect.

5. Any person or official required to report pursuant to this section, including employees of the division, who has probable cause to suspect that a child who is or may be under the age of eighteen, who is eligible to receive a certificate of live birth, has died shall report that fact to the appropriate medical examiner or coroner. If, upon review of the circumstances and medical information, the medical examiner or coroner determines that the child died of natural causes while under medical care for an established natural disease, the coroner, medical examiner or physician shall notify the division of the child's death and that the child's attending physician shall be signing the death certificate. In all other cases, the medical examiner or coroner shall accept the report for investigation, shall immediately notify the division of the child's death as required in section 58.452, RSMo, and shall report the findings to the child fatality review panel established pursuant to section 210.192.

6. Any person or individual required to report may also report the suspicion of abuse or neglect to any law enforcement agency or juvenile office. Such report shall not, however, take the place of reporting or causing a report to be made to the division.

7. If an individual required to report suspected instances of abuse or neglect pursuant to this section has reason to believe that the victim of such abuse or neglect is a resident of another state or was injured as a result of an act which occurred in another state, the person required to report such abuse or neglect may, in lieu of reporting to the Missouri division of family services, make such a report to the child protection agency of the other state with the authority to receive such reports pursuant to the laws of such other state. If such agency accepts the report, no report is required to be made, but may be made, to the Missouri division of family services."; and

Further amend said bill, page 130, Section 302.272, line 18 of said page, by inserting immediately after said line the following:

"352.400. 1. As used in this section, the following words and phrases shall mean:

(4) "Neglect", failure to provide the proper or necessary support or services by those responsible for the care, custody, and control of a child, under circumstances required to be reported pursuant to sections 210.109 to 210.183, RSMo;

(6) "Report", the communication of an allegation of abuse or neglect pursuant to sections 210.109 to 210.183, RSMo.

2. When a minister or agent designated pursuant to subsection 3 of this section has reasonable cause to suspect that a child has been or may be subjected to abuse or neglect under circumstances required to be reported pursuant to sections 210.109 to 210.183, RSMo, the minister or designated agent shall immediately report or cause a report to be made as provided in sections 210.109 to 210.183, RSMo. Notwithstanding any other provision of this section or sections 210.109 to 210.183, RSMo, a minister shall not be required to report concerning a privileged communication made to him or her in his or her professional capacity.

3. A religious organization may designate an agent or agents required to report pursuant to sections 210.109 to 210.183, RSMo, in an official capacity on behalf of the religious organization. In the event a minister, official or staff member of a religious organization has probable cause to believe that the child has been subjected to abuse or neglect under circumstances required to be reported pursuant to sections 210.109 to 213.183, RSMo, and the minister, official or staff member of the religious organization does not personally make a report pursuant to sections 210.109 to 210.183, RSMo, the designated agent of the religious organization shall be notified. The designated agent shall then become responsible for making or causing the report to be made pursuant to sections 210.109 to 210.183, RSMo. This section shall not preclude any person from reporting abuse or neglect as otherwise provided by law." and

FOR SENATE AMENDMENT NO. 1

"313.812. 1. The commission may issue licenses pursuant to subsection 1 of section 313.807 when it is satisfied that the applicant has complied with all rules and regulations, including an update of all information provided to the commission in the licensee's initial application. **The total number of excursion gambling boat licenses which may be issued and current at any given time is twelve. In the event twelve such licenses have been issued and are current and a current excursion gambling boat license expires, the commission may renew such license or may issue a new license to a suitable applicant. In the event twelve such licenses have been issued and are current and a current excursion gambling boat license is forfeited by the licensee or is revoked by the board or commission, the commission may thereafter issue a new license to a suitable applicant. The commission shall not issue any excursion gambling boat licenses in the event twelve such licenses have been issued and no such licenses have yet expired, or been forfeited or revoked.** The commission shall decide the number, location and type of excursion gambling boat in a city or county under subsection 10 of this section. The license shall set forth the name of the licensee, the type of license granted, the place where the excursion gambling boat will operate and dock, including the docking of an excursion gambling boat which is continuously docked, and other information the commission deems appropriate. The commission shall have the ultimate responsibility of deciding the number, location, and type of excursion gambling boats licensed in a city or county; however, any city or county which has complied with the provisions of subsection 10 of this section shall submit to the commission a plan outlining the following:

- (1) The recommended number of licensed excursion gambling boats operating in such city or county;
- (2) The recommended licensee or licensees operating in such city or county;
- (3) The community's economic development or impact and affirmative action plan concerning minorities' and women's ownership, contracting and employment for the waterfront development;
- (4) The city or county proposed sharing of revenue with any other municipality;
- (5) Any other information such city or county deems necessary; and
- (6) Any other information the commission may determine is necessary.

The commission shall provide for due dates for receiving such plan from the city or county.

2. A license to operate an excursion gambling boat shall only be granted to an applicant upon the express conditions that:

- (1) The applicant shall not, by a lease, contract, understanding, or arrangement of any kind, grant, assign, or turn over to a person the operation of an excursion gambling boat licensed under this section or of the system of wagering described in section 313.817. This section does not prohibit a management contract with a person licensed by the commission; and
 - (2) The applicant shall not in any manner permit a person other than the licensee and the management licensee to have a share, percentage, or proportion of the money received for admissions to the excursion gambling boat.
3. The commission shall require, as a condition of granting a license, that an applicant operate an excursion gambling boat which, as nearly as practicable, resembles or is a part of Missouri's or the home dock city's or county's riverboat history.
4. The commission shall encourage through its rules and regulations the use of Missouri resources, goods and services in the operation of any excursion gambling boat.
5. The excursion gambling boat shall provide for nongaming areas, food service and a Missouri theme gift shop. The

amount of space used for gaming shall be determined in accordance with all rules and regulations of the commission and the United States Coast Guard safety regulations.

6. A license to operate gambling games or to operate an excursion gambling boat shall not be granted unless the applicant has, through clear and convincing evidence, demonstrated financial responsibility sufficient to meet adequately the requirements of the proposed enterprise.

7. Each applicant shall establish by clear and convincing evidence its fitness to be licensed. Without limitation, the commission may deny a license based solely on the fact that there is evidence that any of the following apply:

(1) The applicant has been suspended from operating an excursion gambling boat or a game of chance or gambling operation in another jurisdiction by a board or commission of that jurisdiction;

(2) The applicant is not the true owner of the enterprise proposed;

(3) The applicant is not the sole owner, and other persons have ownership in the enterprise, which fact has not been disclosed;

(4) The applicant is a corporation that is not publicly traded and ten percent or more of the stock of the corporation is subject to a contract or option to purchase at any time during the period for which the license is to be issued unless the contract or option was disclosed to the commission and the commission approved the sale or transfer during the period of the license;

(5) The applicant has knowingly made a false statement of a material fact to the commission; or

(6) The applicant has failed to meet a valid, bona fide monetary obligation in connection with an excursion gambling boat.

8. A license shall not be granted if the applicant has not established his good reput and moral character or if the applicant has pled guilty to, or has been convicted of, a felony. No licensee shall employ or contract with any person who has pled guilty to, or has been convicted of, a felony to perform any duties directly connected with the licensee's privileges under a license granted pursuant to this section, except that employees performing nongaming related occupations as determined by the commission shall be exempt from the requirements of this subsection.

9. A licensee shall not lend to any person money or any other thing of value for the purpose of permitting that person to wager on any gambling game authorized by law. This does not prohibit credit card or debit card transactions or cashing of checks. Any check cashed must be deposited within twenty-four hours. The commission may require licensees to verify a sufficient account balance exists before cashing any check. Any licensee who violates the provisions of this subsection shall be subject to an administrative penalty of five thousand dollars for each violation. Such administrative penalties shall be assessed and collected by the commission.

10. Gambling excursions including the operation of gambling games on an excursion gambling boat which is not continuously docked shall be allowed only on the Mississippi River and the Missouri River. No license to conduct gambling games on an excursion gambling boat in a city or county shall be issued unless and until the qualified voters of the city or county approve such activities pursuant to this subsection. The question shall be submitted to the qualified voters of the city or county at a general, primary or special election upon the motion of the governing body of the city or county or upon the petition of fifteen percent of the qualified voters of the city or county determined on the basis of the number of votes cast for governor in the city or county at the last election held prior to the filing of the petition. The question shall be submitted in substantially the following form:

Shall the City (County) of allow the licensing of excursion gambling boats or floating facilities as now or hereafter provided by Missouri gaming law in the city (county)?

YES NO

If a majority of the votes cast on the question by the qualified voters voting thereon are in favor of the question, then the commission may license excursion gambling boats in that city or county and such boats may operate on the Mississippi River and the Missouri River. If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the question, then the commission shall not license such excursion gambling boats in such city or county unless and until the question is again submitted to and approved by a majority of the qualified voters of the city or county at a later election.

Excursion gambling boats may only dock in a city or unincorporated area of a county which approves licensing of such excursion gambling boats pursuant to this subsection, but gambling operations may be conducted at any point on the Mississippi River or the Missouri River during an excursion. Those cities and counties which have approved by election pursuant to this subsection, except those cities or counties which have subsequently rejected by election, the licensing of any type of excursion gambling boats in the city or county prior to April 6, 1994, are exempt from any local election requirement of this section as such previous election shall have the same effect as if held after May 20, 1994.

11. If a docking fee is charged by a city or a county, a licensee operating an excursion gambling boat shall pay the docking fee prior to the start of the excursion season.

12. Any licensee shall not be delinquent in the payment of property taxes or other taxes or fees or in the payment of any other contractual obligation or debt due or owed to the state or a political subdivision of the state.

13. An excursion gambling boat licensed by the state shall meet all of the requirements of chapter 306, RSMo, and is subject to an inspection of its sanitary facilities to protect the environment and water quality by the commission or its designee before a license to operate an excursion gambling boat is issued by the commission. Licensed excursion gambling boats shall also be subject to such inspections during the period of the license as may be deemed necessary by the commission. The cost of such inspections shall be paid by the licensee.

14. A holder of any license shall be subject to imposition of penalties, suspension or revocation of such license, or if the person is an applicant for licensure, the denial of the application, for any act or failure to act by himself or his agents or employees, that is injurious to the public health, safety, morals, good order and general welfare of the people of the state of Missouri, or that would discredit or tend to discredit the Missouri gaming industry or the state of Missouri unless the licensee proves by clear and convincing evidence that it is not guilty of such action. The commission shall take appropriate action against any licensee who violates the law or the rules and regulations of the commission. Without limiting other provisions of this subsection, the following acts or omissions may be grounds for such discipline:

(1) Failing to comply with or make provision for compliance with sections 313.800 to 313.850, the rules and regulations of the commission or any federal, state or local law or regulation;

(2) Failing to comply with any rule, order or ruling of the commission or its agents pertaining to gaming;

(3) Receiving goods or services from a person or business entity who does not hold a supplier's license but who is required to hold such license by the provisions of sections 313.800 to 313.850 or the rules and regulations of the commission;

(4) Being suspended or ruled ineligible or having a license revoked or suspended in any state of gaming jurisdiction;

(5) Associating with, either socially or in business affairs, or employing persons of notorious or unsavory reputation or who have extensive police records, or who have failed to cooperate with any officially constituted investigatory or administrative body and would adversely affect public confidence and trust in gaming;

(6) Employing in any gambling games' operation or any excursion gambling boat operation, any person known to have been found guilty of cheating or using any improper device in connection with any gambling game;

(7) Use of fraud, deception, misrepresentation or bribery in securing any permit or license issued pursuant to sections

313.800 to 313.850;

(8) Obtaining or attempting to obtain any fee, charge, or other compensation by fraud, deception, or misrepresentation;

(9) Incompetence, misconduct, gross negligence, fraud, misrepresentation or dishonesty in the performance of the functions or duties regulated by sections 313.800 to 313.850."; and

Further amend the title and enacting clause accordingly.

Senator Jacob moved that the above substitute amendment be adopted.

Senator Scott raised the point of order that **SSA 1** for **SA 1** is out of order, as it is not a true substitute amendment.

Any funds in the trust fund which are not needed for current expenditures may be invested by the district in the securities described in subdivisions (1) to (12) of subsection 1 of section 30.270, RSMo, or repurchase agreements secured by such securities. If the district abolishes the sales tax, the district shall notify the director of revenue of the action at least ninety days before the effective date of the repeal, and the director of revenue may order retention in the trust fund, for a period of one year, of two percent of the amount collected after receipt of such notice to cover possible refunds or overpayment of the sales tax and to redeem dishonored checks and drafts deposited to the credit of such accounts. After one year has elapsed after the effective date of abolition of the sales tax in the district, the director of revenue shall remit the balance in the account to the district and close the account of the district. The director of revenue shall notify the district of each instance of any amount refunded or any check redeemed from receipts due the district.

13. In the event that the district is dissolved or terminated by any means, the governing bodies of the counties in the district shall appoint a person to act as trustee for the district so dissolved or terminated. Before beginning the discharge of duties, the trustee shall take and subscribe an oath to faithfully discharge the duties of the office, and shall give bond with sufficient security, approved by the governing bodies of the counties, to the use of the dissolved or terminated district, for the faithful discharge of duties. The trustee shall have and exercise all powers necessary to liquidate the district, and upon satisfaction of all remaining obligations of the district, shall pay over to the county treasurer of each county in the district and take receipt for all remaining moneys in amounts based on the ratio the levy of each county bears to the total levy for the district in the previous three years or since the establishment of the district, whichever time period is shorter. Upon payment to the county treasurers, the trustee shall deliver to the clerk of the governing body of any county in the district all books, papers, records, and deeds belonging to the dissolved district.

14. After August 28, 2003, any county of the first classification with more than one hundred thirty-five thousand four hundred but less than one hundred thirty-five thousand five hundred inhabitants may create a district in any unincorporated area of the county, or in any incorporated area of the county upon approval of the governing body of the incorporated area by ordinance, pursuant to this section upon the filing of the required petition signed by all of the owners of property within the proposed district with the governing body of the county and upon unanimous approval of all owners of property within the district of the order creating the district and the proposed sales tax ballot question. In the event that any county creates a district pursuant to this subsection, and no registered voters reside within the boundaries of the district, the proposed sales tax ballot question and the extension of the sales tax authorized by this section shall be submitted to the qualified voters of the county.

The collection of the surcharges imposed by this section shall be computed in accordance with schedules or systems approved by the governing body of the county.

3. All surcharges authorized and collected under this section shall be deposited by the county in a special trust fund to be known as the "County Tourism Surcharge Trust Fund". The moneys in such fund shall not be commingled with any funds of the county. Moneys in the fund shall be used solely by the county for the promotion of tourism within the county. The surcharge authorized by this section shall be in addition to any and all other taxes allowed by law, but no order imposing a surcharge pursuant to this section shall be effective unless the governing body of the county submits to the voters of the county at a county or state general, primary, or special election a proposal to authorize the governing body of the county to impose such surcharge.

4. The ballot of submission shall contain, but need not be limited to:

Shall the county of (insert name of county) impose a surcharge of (insert rate of tax) percent on the sales, charges or admissions on all hotels, motels or campgrounds rented for thirty days or less, and on the sales, charges or admissions to all private tourist attractions in the county?

If a majority of the votes cast on the proposal by the qualified voters voting thereon are in favor of the proposal, then the order imposing the surcharge shall be effective. If a majority of the votes cast by the qualified voters voting on the proposal are opposed to the proposal, then the governing body of the county shall have no power to impose the surcharge authorized in this section unless and until the governing body of the county again submits another proposal to authorize the governing body of the county to impose the surcharge authorized by this section, and such proposal is approved by the requisite majority of the qualified voters voting thereon.

5. The surcharge authorized by this section shall become effective within ninety days from the date such surcharges are approved by the voters of the county pursuant to this section. After the effective date of any surcharge imposed by this section, the county shall perform all functions incident to the administration, collection, enforcement, and operation of the surcharge. 50.565. 1. A county commission may establish by ordinance or order a fund whose proceeds may be expended only for the purposes provided for in subsection 3 of this section. The fund shall be designated as a county crime reduction fund and shall be under the supervision of a board of trustees consisting of one citizen of the county appointed by the presiding commissioner of the county, one citizen of the county appointed by the sheriff of the county, and one citizen of the county appointed by the county prosecuting attorney.

2. Money from the county crime reduction fund shall only be expended upon the approval of a majority of the members of the county crime reduction fund's board of trustees and only for the purposes provided for by subsection 3 of this section.

3. Money from the county crime reduction fund shall only be expended for the following purposes:

(1) Narcotics investigation, prevention, and intervention;

(2) Purchase of law enforcement related equipment and supplies for the sheriff's office;

(3) Matching funds for federal or state law enforcement grants;

(4) Funding for the reporting of all state and federal crime statistics or information; and

(5) Any law enforcement related expense, including those of the prosecuting attorney, approved by the board of trustees for the county crime reduction fund that is reasonably related to investigation, preparation, trial, and disposition of criminal cases before the courts of the state of Missouri.

4. The county commission may not reduce any law enforcement agency's budget as a result of funds the law enforcement agency receives from the county crime reduction fund. The crime reduction fund is to be used only as a supplement to the law enforcement agency's funding received from other county, state, or federal funds.

5. County crime reduction funds shall be audited as are all other county funds."; and

Further amend said bill, Page 20, Section 473.730, Line 3 of said page, by inserting immediately after said line the following:

"558.019. 1. This section shall not be construed to affect the powers of the governor under article IV, section 7, of the Missouri Constitution. This statute shall not affect those provisions of section 565.020, RSMo, section 558.018 or section 571.015, RSMo, which set minimum terms of sentences, or the provisions of section 559.115, RSMo, relating to probation.

2. The provisions of this section shall be applicable to all classes of felonies except those set forth in chapter 195, RSMo, and those otherwise excluded in subsection 1 of this section. For the purposes of this section, "prison commitment" means and is the receipt by the department of corrections of a defendant after sentencing. For purposes of this section, prior prison commitments to the department of corrections shall not include commitment to a regimented discipline program established pursuant to section 217.378, RSMo. Other provisions of the law to the contrary notwithstanding, any defendant who has pleaded guilty to or has been found guilty of a felony other than a dangerous felony as defined in section 556.061, RSMo, and is committed to the department of corrections shall be required to serve the following minimum prison terms:

(1) If the defendant has one previous prison commitment to the department of corrections for a felony offense, the minimum prison term which the defendant must serve shall be forty percent of his sentence or until the defendant attains seventy years of age, and has served at least forty percent of the sentence imposed, whichever occurs first;

(2) If the defendant has two previous prison commitments to the department of corrections for felonies unrelated to the present offense, the minimum prison term which the defendant must serve shall be fifty percent of his sentence or until the defendant attains seventy years of age, and has served at least forty percent of the sentence imposed, whichever occurs first;

(3) If the defendant has three or more previous prison commitments to the department of corrections for felonies unrelated to the present offense, the minimum prison term which the defendant must serve shall be eighty percent of his sentence or until the defendant attains seventy years of age, and has served at least forty percent of the sentence imposed, whichever occurs first.

3. Other provisions of the law to the contrary notwithstanding, any defendant who has pleaded guilty to or has been found guilty of a dangerous felony as defined in section 556.061, RSMo, and is committed to the department of corrections shall be required to serve a minimum prison term of eighty-five percent of the sentence imposed by the court or until the defendant attains seventy years of age, and has served at least forty percent of the sentence imposed, whichever occurs first.

4. For the purpose of determining the minimum prison term to be served, the following calculations shall apply:

(1) A sentence of life shall be calculated to be thirty years;

(2) Any sentence either alone or in the aggregate with other consecutive sentences for crimes committed at or near the same time which is over seventy-five years shall be calculated to be seventy-five years.

5. For purposes of this section, the term "minimum prison term" shall mean time required to be served by the defendant before he is eligible for parole, conditional release or other early release by the department of corrections. Except that the board of probation and parole, in the case of consecutive sentences imposed at the same time pursuant to a course of conduct constituting a common scheme or plan, shall be authorized to convert consecutive sentences to concurrent sentences, when the board finds, after hearing with notice to the prosecuting or circuit attorney, that the sum of the terms results in an unreasonably excessive total term, taking into consideration all factors related to the crime or crimes committed and the sentences received by others similarly situated.

6. (1) A sentencing advisory commission is hereby created to consist of eleven members. One member shall be appointed by the speaker of the house. One member shall be appointed by the president pro tem of the senate. One member shall be the director of the department of corrections. Six members shall be appointed by and serve at the pleasure of the governor from among the following: the public defender commission; private citizens; a private member of the Missouri Bar; the board of probation and parole; and a prosecutor. Two members shall be appointed by the supreme court, one from a metropolitan area and one from a rural area. All members of the sentencing commission appointed prior to August 28, 1994, shall continue to serve on the sentencing advisory commission at the pleasure of the governor.

(2) The commission shall study sentencing practices in the circuit courts throughout the state for the purpose of determining whether and to what extent disparities exist among the various circuit courts with respect to the length of sentences imposed and the use of probation for defendants convicted of the same or similar crimes and with similar criminal histories. The commission shall also study and examine whether and to what extent sentencing disparity among economic and social classes exists in relation to the sentence of death and if so, the reasons therefor. It shall compile statistics, examine cases, draw conclusions, and perform other duties relevant to the research and investigation of disparities in death penalty sentencing among economic and social classes.

(3) The commission shall establish a system of recommended sentences, within the statutory minimum and maximum sentences provided by law for each felony committed under the laws of this state. This system of recommended sentences shall be distributed to all sentencing courts within the state of Missouri. The recommended sentence for each crime shall take into account, but not be limited to, the following factors:

- (a) The nature and severity of each offense;
- (b) The record of prior offenses by the offender;
- (c) The data gathered by the commission showing the duration and nature of sentences imposed for each crime; and
- (d) The resources of the department of corrections and other authorities to carry out the punishments that are imposed.

(4) The commission shall publish and distribute its system of recommended sentences on or before July 1, 1995. The commission shall study the implementation and use of the system of recommended sentences until July 1, 1998, and return a final report to the governor, the speaker of the house of representatives, and the president pro tem of the senate. Following the July 1, 1998, report, the commission may revise the recommended sentences every three years.

(5) The governor shall select a chairperson who shall call meetings of the commission as required or permitted pursuant to the purpose of the sentencing commission.

(6) The members of the commission shall not receive compensation for their duties on the commission, but shall be reimbursed for actual and necessary expenses incurred in the performance of these duties and for which they are not reimbursed by reason of their other paid positions.

(7) The circuit and associate circuit courts of this state, the office of the state courts administrator, the department of public safety, and the department of corrections shall cooperate with the commission by providing information or access to information needed by the commission. The office of the state courts administrator will provide needed staffing resources.

7. If the imposition or execution of a sentence is suspended, the court may consider ordering restorative justice methods pursuant to section 217.777, RSMo, including any or all of the following, or any other method that the court finds just or appropriate:

- (1) Restitution to any victim for costs incurred as a result of the offender's actions;**
- (2) Offender treatment programs;**

- (3) **Mandatory community services;**
- (4) **Work release programs in local facilities; and**
- (5) **Community-based residential and nonresidential programs.**

8. If the imposition or execution of a sentence is suspended, in addition to the provisions of subsection 7 of this section, the court may order the assessment and payment of a designated amount of money to a county crime reduction fund established by the county commission pursuant to section 50.565, RSMo. Such contribution shall not exceed one thousand dollars for any charged offense. Any money deposited into the county crime reduction fund pursuant to this section shall only be expended pursuant to the provisions of section 50.565, RSMo. County crime reduction funds shall be audited as are all other county funds.

[7.] **9.** The provisions of this section shall apply only to offenses occurring on or after August 28, 1994.

559.021. 1. The conditions of probation shall be such as the court in its discretion deems reasonably necessary to ensure that the defendant will not again violate the law. When a defendant is placed on probation he shall be given a certificate explicitly stating the conditions on which he is being released.

2. In addition to such other authority as exists to order conditions of probation, the court may order such conditions as the court believes will serve to compensate the victim, any dependent of the victim, or society. Such conditions may include, but shall not be limited to:

- (1) Restitution to the victim or any dependent of the victim, in an amount to be determined by the judge; and
- (2) The performance of a designated amount of free work for a public or charitable purpose, or purposes, as determined by the judge.

3. In addition to such other authority as exists to order conditions of probation, in the case of a plea of guilty or a finding of guilt, the court may order the assessment and payment of a designated amount of money to a county crime reduction fund established by the county commission pursuant to section 50.565, RSMo. Such contribution shall not exceed one thousand dollars for any charged offense. Any money deposited into the county crime reduction fund pursuant to this section shall only be expended pursuant to the provisions of section 50.565, RSMo. County crime reduction funds shall be audited as are all other county funds.

[3.] **4.** The defendant may refuse probation conditioned on the performance of free work. If he does so, the court shall decide the extent or duration of sentence or other disposition to be imposed and render judgment accordingly. Any county, city, person, organization, or agency, or employee of a county, city, organization or agency charged with the supervision of such free work or who benefits from its performance shall be immune from any suit by the defendant or any person deriving a cause of action from him if such cause of action arises from such supervision of performance, except for an intentional tort or gross negligence. The services performed by the defendant shall not be deemed employment within the meaning of the provisions of chapter 288, RSMo. A defendant performing services pursuant to this section shall not be deemed an employee within the meaning of the provisions of chapter 287, RSMo.

[4.] **5.** The court may modify or enlarge the conditions of probation at any time prior to the expiration or termination of the probation term.

6. The defendant may refuse probation conditioned on a payment to a county crime reduction fund. If he or she does so, the court shall decide the extent or duration of sentence or other disposition to be imposed and render judgment accordingly. A judge may order payment to a crime reduction fund only if such fund had been created prior to sentencing by ordinance or resolution of a county of the state of Missouri. A judge shall not have any direct supervisory authority or administrative control over any fund to which the judge is ordering the probationers to make payments. A defendant who fails to make a payment or payments to a county crime reduction fund may not have his probation revoked solely for failing to make such payment unless the judge, after evidentiary hearing, makes a finding supported by a preponderance of the evidence that the defendant

either willfully refused to make the payment or that the defendant willfully, intentionally, and purposefully failed to make sufficient bona fide efforts to acquire the resources to pay."; and

Further amend said bill, by amending the title and enacting clause accordingly.

Journal of the Senate

FIRST REGULAR SESSION

SEVENTY-SECOND DAY--TUESDAY, MAY 13, 2003

The Senate met pursuant to adjournment.

Senator Bartle in the Chair.

Senator Bartle offered the following prayer:

Father, we ask for Your leadership and guidance in these final days of this legislative session. We ask that You give us wisdom as we go about our business and I pray that You'll give us stamina as we bring the session to a close.

Father, we pray especially for our folks in Iraq who are working to set up a new government. We pray that You will raise up men and women to lead that country into democracy. Be with our troops all over this globe, Father.

We pray that You bless us and watch after our families. In Jesus Christ's name we pray. Amen.

Senator Klindt moved that the above conference committee report no. 2 be adopted.

Senator Gross assumed the Chair.

Senator Bray raised the point of order that the conference committee report no. 2 on **HCS** for **SS** for **SCS** for **SB 36**, as amended, is out of order as it exceeds the differences between the two bodies.

The point of order was referred to the President Pro Tem, who ruled it not well taken.

Senator Jacob raised the point of order that the conference committee report no. 2 on **HCS** for **SS** for **SCS** for **SB 36**, as amended, is out of order as language contained in both the Senate and House versions on hazardous waste fee extension has been omitted from the **CCS**.

Senator Jacob raised a second point of order that language contained in both Senate and House versions on burden of proof changes has been omitted from the **CCS**.

The points of order were referred to the President Pro Tem.

All members of the commission shall be appointed by the governor with the advice and consent of the senate from lists submitted pursuant to this section. Each congressional district committee of the political parties having the two highest number of votes

cast for their candidate for governor at the last gubernatorial election shall submit two names of eligible nominees for membership on the commission to the governor, and the governor shall select six members from such nominees to serve on the commission.

2. The executive director shall determine those judges who indicate their desire to serve as special investigators and to investigate any and all complaints referred to them by the commission. The executive director shall maintain an updated list of those judges qualified and available for appointment to serve as special investigators. Such list shall be updated at least annually. The commission shall refer complaints to such special investigators on that list on a rotating schedule which ensures a random assignment of each special investigator. Each special investigator shall receive only one unrelated investigation at a time and shall not be assigned to a second or subsequent investigation until all other eligible investigators on the list have been assigned to an investigation. In the event that no special investigator is qualified or available to conduct a particular investigation, the commission may appoint a special investigator to conduct such particular investigation.

SENATE AMENDMENT NO. 7

Amend Senate Substitute for House Bill No. 412, Page 19, Section 105.497, Line 4 of said page, by inserting after all of said line the following:

"105.955. 1. A bipartisan "Missouri Ethics Commission", composed of six members, is hereby established. The commission shall be assigned to the office of administration with supervision by the office of administration only for budgeting and reporting as provided by subdivisions (4) and (5) of subsection 6 of section 1 of the Reorganization Act of 1974. Supervision by the office of administration shall not extend to matters relating to policies, regulative functions or appeals from decisions of the commission, and the commissioner of administration, any employee of the office of administration, or the governor, either directly or indirectly, shall not participate or interfere with the activities of the commission in any manner not specifically provided by law and shall not in any manner interfere with the budget request of or withhold any moneys appropriated to the commission by the general assembly. All members of the commission shall be appointed by the governor with the advice and consent of the senate from lists submitted pursuant to this section. Each congressional district committee of the political parties having the two highest number of votes cast for their candidate for governor at the last gubernatorial election shall submit two names of eligible nominees for membership on the commission to the governor, and the governor shall select six members from such nominees to serve on the commission.

2. Within thirty days of submission of the person's name to the governor as provided in subsection 1 of this section, and in order to be an eligible nominee for appointment to the commission, a person shall file a financial interest statement in the manner provided by section 105.485 and shall provide the governor, the president pro tempore of the

senate, and the commission with a list of all political contributions and the name of the candidate or committee, political party, or continuing committee, as defined in chapter 130, RSMo, to which those contributions were made within the four-year period prior to such appointment, made by the nominee, the nominee's spouse, or any business entity in which the nominee has a substantial interest. The information shall be maintained by the commission and available for public inspection during the period of time during which the appointee is a member of the commission. In order to be an eligible nominee for membership on the commission, a person shall be a citizen and a resident of the state and shall have been a registered voter in the state for a period of at least five years preceding the person's appointment.

3. The term of each member shall be for four years, except that of the members first appointed, the governor shall select three members from even-numbered congressional districts and three members from odd-numbered districts. Not more than three members of the commission shall be members of the same political party, nor shall more than one member be from any one United States congressional district. Not more than two members appointed from the even-numbered congressional districts shall be members of the same political party, and no more than two members from the odd-numbered congressional districts shall be members of the same political party. Of the members first appointed, the terms of the members appointed from the odd-numbered congressional districts shall expire on March 15, 1994, and the terms of the members appointed from the even-numbered congressional districts shall expire on March 15, 1996. Thereafter all successor members of the commission shall be appointed for four-year terms. Terms of successor members of the commission shall expire on March fifteenth of the fourth year of their term. No member of the commission shall serve on the commission after the expiration of the member's term. No person shall be appointed to more than one full four-year term on the commission.

4. Vacancies or expired terms on the commission shall be filled in the same manner as the original appointment was made, except as provided in this subsection. Within thirty days of the vacancy or ninety days before the expiration of the term, the names of two eligible nominees for membership on the commission shall be submitted to the governor by the congressional district committees of the political party or parties of the vacating member or members, from the even- or odd-numbered congressional districts, based on the residence of the vacating member or members, other than from the congressional district committees from districts then represented on the commission and from the same congressional district party committee or committees which originally appointed the member or members whose positions are vacated. Appointments to fill vacancies or expired terms shall be made within forty-five days after the deadline for submission of names by the congressional district committees, and shall be subject to the same qualifications for appointment and eligibility as is provided in subsections 2 and 3 of this section. Appointments to fill vacancies for unexpired terms shall be for the remainder of the unexpired term of the member whom the appointee succeeds, and such appointees shall be eligible for appointment to one full four-year term. If the congressional district committee does not submit the required two nominees within the thirty days or if the congressional district committee does not submit the two nominees within an additional thirty days after receiving notice from the governor to submit the nominees, then the governor may appoint a person or persons who shall be subject to the same qualifications for appointment and eligibility as provided in subsections 2 and 3 of this section.

5. The governor, with the advice and consent of the senate, may remove any member only for substantial neglect of duty, inability to discharge the powers and duties of office, gross misconduct or conviction of a felony or a crime involving moral turpitude. Members of the commission also may be removed from office by concurrent resolution of the general assembly signed by the governor. If such resolution receives the vote of two-thirds or more of the membership of both houses of the general assembly, the signature of the governor shall not be necessary to effect removal. The office of any member of the commission who moves from the congressional district from which the member was appointed shall be deemed vacated upon such change of residence.

6. The commission shall elect biennially one of its members as the chairman. The chairman may not succeed himself or herself after two years. No member of the commission shall succeed as chairman any member of the same political party as himself or herself. At least four members are necessary to constitute a quorum, and at least four affirmative votes shall be required for any action or recommendation of the commission.

7. No member or employee of the commission, during the person's term of service, shall hold or be a candidate for any other public office.

8. In the event that a retired judge is appointed as a member of the commission, the judge shall not serve as a special investigator while serving as a member of the commission.

9. No member of the commission shall, during the member's term of service or within one year thereafter:

(1) Be employed by the state or any political subdivision of the state;

(2) Be employed as a lobbyist;

(3) Serve on any other governmental board or commission;

(4) Be an officer of any political party or political organization;

(5) Permit the person's name to be used, or make contributions, in support of or in opposition to any candidate or proposition;

(6) Participate in any way in any election campaign; except that a member or employee of the commission shall retain the right to register and vote in any election, to express the person's opinion privately on political subjects or candidates, to participate in the activities of a civic, community, social, labor or professional organization and to be a member of a political party.

10. Each member of the commission shall receive, as full compensation for the member's services, the sum of one hundred dollars per day for each full day actually spent on work of the commission, and the member's actual and necessary expenses incurred in the performance of the member's official duties.

11. The commission shall appoint an executive director who shall serve subject to the supervision of and at the pleasure of the commission, but in no event for more than six years. The executive director shall be responsible for the administrative operations of the commission and perform such other duties as may be delegated or assigned to the director by law or by rule of the commission. The executive director shall employ staff and retain such contract services as the director deems necessary, within the limits authorized by appropriations by the general assembly.

12. Beginning on January 1, 1993, all lobbyist registration and expenditure reports filed pursuant to section 105.473, financial interest statements filed pursuant to subdivision (1) of section 105.489, and campaign finance disclosure reports filed other than with election authorities or local election authorities as provided by section 130.026, RSMo, shall be filed with the commission.

13. Within sixty days of the initial meeting of the first commission appointed, the commission shall obtain from the clerk of the supreme court or the state courts administrator a list of retired appellate and circuit court judges who did not leave the judiciary as a result of being defeated in an election. The executive director shall determine those judges who indicate their desire to serve as special investigators and to investigate any and all complaints referred to them by the commission. The executive director shall maintain an updated list of those judges qualified and available for appointment to serve as special investigators. Such list shall be updated at least annually. The commission shall refer complaints to such special investigators on that list on a rotating schedule which ensures a random assignment of each special investigator. Each special investigator shall receive only one unrelated investigation at a time and shall not be assigned to a second or subsequent investigation until all other eligible investigators on the list have been assigned to an investigation. In the event that no special investigator is qualified or available to conduct a particular investigation, the commission may appoint a special investigator to conduct such particular investigation.

14. The commission shall have the following duties and responsibilities relevant to the impartial and effective enforcement of sections 105.450 to 105.496 and chapter 130, RSMo, as provided in sections 105.955 to 105.963:

The commission may enter into contracts with the appropriate filing officers to effectuate such system. Such filing officers shall cooperate as necessary with the commission as reasonable and necessary to effectuate such purposes;

(4) Provide information and assistance to lobbyists, elected and appointed officials, and employees of the state and political subdivisions in carrying out the provisions of sections 105.450 to 105.496 and chapter 130, RSMo;

(5) Make recommendations to the governor and general assembly or any state agency on the need for further legislation with respect to the ethical conduct of public officials and employees and to advise state and local government in the development of local government codes of ethics and methods of disclosing conflicts of interest as the commission may deem appropriate to promote high ethical standards among all elected and appointed officials or employees of the state or any political subdivision thereof and lobbyists;

(6) Render advisory opinions as provided by this section;

"288.500. 1. There is created under this section a voluntary "Shared Work Unemployment Compensation Program". In connection therewith, the division may adopt rules and establish procedures, not inconsistent with this section, which are necessary to administer this program.

2. As used in this section, the following terms mean:

- (1) "Affected unit", a specified department, shift, or other unit of three or more employees which is designated by an employer to participate in a shared work plan;
- (2) "Division", the division of employment security;
- (3) "Fringe benefit", health insurance, a retirement benefit received under a pension plan, a paid vacation day, a paid holiday, sick leave, and any other analogous employee benefit that is provided by an employer;
- (4) "Normal weekly hours of work", as to any individual, the lesser of forty hours or the average obtained by dividing the total number of hours worked per week in the preceding twelve-week period by the number twelve;
- (5) "Participating employee", an employee who works a reduced number of hours under a shared work plan;
- (6) "Participating employer", an employer who has a shared work plan in effect;
- (7) "Shared work benefit", an unemployment compensation benefit that is payable to an individual in an affected unit because the individual works reduced hours under an approved shared work plan;
- (8) "Shared work plan", a program for reducing unemployment under which employees who are members of an affected unit share the work remaining after a reduction in their normal weekly hours of work;
- (9) "Shared work unemployment compensation program", a program designed to reduce unemployment and stabilize the work force by allowing certain employees to collect unemployment compensation benefits if the employees share the work remaining after a reduction in the total number of hours of work and a corresponding reduction in wages.

3. An employer who wishes to participate in the shared work unemployment compensation program established under this section shall submit a written shared work plan in a form acceptable to the division for approval. As a condition for approval by the division, a participating employer shall agree to furnish the division with reports relating to the operation of the shared work plan as requested by the division. The employer shall monitor and evaluate the operation of the established shared work plan as requested by the division and shall report the findings to the division.

4. The division may approve a shared work plan if:

(1) The employer has filed all reports required to be filed under this chapter for all past and current periods and has paid all contributions due for all past and current periods;

(2) The shared work plan applies to and identifies a specified affected unit;

(3) The employees in the affected unit are identified by name and Social Security number;

(4) The shared work plan reduces the normal weekly hours of work for an employee in the affected unit by not less than twenty percent and not more than forty percent;

(5) The shared work plan applies to at least ten percent of the employees in the affected unit;

(6) The shared work plan describes the manner in which the participating employer treats the fringe benefits of each employee in the affected unit; and

(7) The employer certifies that the implementation of a shared work plan and the resulting reduction in work hours is in lieu of temporary layoffs that would affect at least ten percent of the employees in the affected unit and that would result in an equivalent reduction in work hours.

5. If any of the employees who participate in a shared work plan under this section are covered by a collective bargaining agreement, the shared work plan shall be approved in writing by the collective bargaining agent.

6. No shared work plan which will subsidize seasonal employers during the off-season or subsidize employers, at least fifty percent of the employees of which have normal weekly hours of work equaling thirty-two hours or less, shall be approved by the division. **No shared work plan benefits will be initiated for pay periods when the reduced hours reflect holiday earnings already committed to be paid by the employer.**

7. The division shall approve or deny a shared work plan not later than the thirtieth day after the day on which the shared work plan is received by the division. The division shall approve or deny a plan in writing. If the division denies a plan, the division shall notify the employer of the reasons for the denial. Approval or denial of a plan by the division shall be final and such determination shall be subject to review in the manner otherwise provided by law. If approval of a plan is denied by the division, the employer may submit a new plan to the division for consideration no sooner than forty-five calendar days following the date on which the division disapproved the employer's previously submitted plan.

8. The division may revoke approval of a shared work plan and terminate the plan if it determines that the shared work plan is not being executed according to the terms and intent of the shared work unemployment compensation program, or if it is determined by the division that the approval of the shared work plan was based, in whole or in part, upon information contained in the plan which was either false or substantially misleading.

9. Each shared work plan approved by the division shall become effective on the first day of the week in which it is approved by the division or on a later date as specified in the shared work plan. Each shared work plan approved by the division shall expire on the last day of the twelfth full calendar month after the effective date of such shared work plan.

10. An employer may modify a shared work plan created under this section to meet changed conditions if the modification conforms to the basic provisions of the shared work plan as originally approved by the division. The

employer shall report the changes made to the plan in writing to the division at least seven days before implementing such changes. The division shall reevaluate the shared work plan and may approve the modified shared work plan if it meets the requirements for approval under subsection 4 of this section. The approval of a modified shared work plan shall not, under any circumstances, affect the expiration date originally set for the shared work plan. If modifications cause the shared work plan to fail to meet the requirements for approval, the division shall deny approval of the modifications as provided in subsection 7 of this section.

11. Notwithstanding any other provisions of this chapter, an individual is unemployed for the purposes of this section in any week in which the individual, as an employee in an affected unit, works less than his normal weekly hours of work in accordance with an approved shared work plan in effect for that week.

12. An individual who is otherwise entitled to receive regular unemployment insurance benefits under this chapter shall be eligible to receive shared work benefits with respect to any week in which the division finds that:

- (1) The individual is employed as a member of an affected unit subject to a shared work plan that was approved before the week in question and is in effect for that week;
